The China Painter Instruction Book (Classic Reprint) Thayer and Chandler, 2018-02-06 Excerpt from *The China Painter Instruction Book* The art of figure painting is somewhat difficult compared with the other styles of china decoration and has been made more so by the introduction of many unnecessary colors and methods of applying them The beginner who has tried to follow these complicated methods has become discouraged in this very interesting and valuable art of china painting Figure painting on china has been greatly admired and if a simplified and understandable method were taught it would become one of the most popular styles of decoration Egyptian Greek Roman and Renaissance decorations of pottery are all very beautiful and in these we find figures as the motif painted both in conventional and in natural style These decorations do not seem to have been generally followed although quite easy to produce But in this chapter we will consider at figure painting This being supplementary it will be found to be the easiest way to produce figures in their natural colors In this work the first requisite is to have the drawing on the china absolutely correct This can be traced from a drawing on paper on to the vase and special attention should be paid to having clean cut perfect lines In handling the subject of flesh tones we will speak first of the face and by the use of the same process all flesh colorings even full nudes can be painted About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
