The Book of the Epic: the World's Great Epics Told in Story. [With Plates.]. Hélène Adeline Guerber, 1916 **The Book of the Epic** H. A. Guerber, 2019-12-09 In *The Book of the Epic* H A Guerber embarks on a meticulous exploration of epic literature weaving together an array of narratives that reflect the cultural zeitgeist of ancient civilizations The text stands out for its clear and engaging prose striking a balance between scholarly rigor and accessibility making it suitable for both academics and general readers Guerber delves into the defining characteristics of epic poetry drawing on seminal works from a variety of cultures including Homer's *Iliad* and *Odyssey* Virgil's *Aeneid* and other lesser known masterpieces offering readers a well rounded understanding of what constitutes an epic within the broader literary canon H A Guerber a renowned historian and translator was profoundly influenced by her passion for mythology and folklore which permeates her literary endeavors Born in 1859 she dedicated her life to elucidating the rich tapestry of human experience through storytelling stemming from her deep seated belief in the transformative power of literature Her extensive background in classical studies and lifelong interest in comparative mythology inform the insightful analysis and comprehensive scope of this work This book is a poignant recommendation for readers interested in the roots of narrative art and the cultural significance of epics Guerber's seamless blend of storytelling and academic insight invites readers to immerse themselves in the grandeur of epic tales inspiring a deeper appreciation for the timeless narratives that shape our understanding of humanity **The Book of the Epic: The World's Great Epics Told in Story** Hélène Guerber, 2018-12-02 *The Book of the Epic, the World's Great Epics Told in Story (Classic Reprint)* H. A. Guerber, 2015-07-10 Excerpt from *The Book of the Epic the World's Great Epics Told in Story* Every now and then in our reading we come suddenly face to face with first things the very elemental sources beyond which no man may go There is a distinct satisfaction in dealing with such beginnings and when they are those of literature the sense of freshness is nothing short of inspiring To share the same lofty outlook to breathe the same high air with those who first sensed a whole era of creative thoughts is the next thing to being the gods chosen medium for those primal expressions All this is not to say that the epic is the oldest form of literary expression but it is the expression of the oldest literary ideas for even when the epic is not at all primitive in form it deals essentially with elemental moods and ideals Epical poetry is poetic not because it is metrical and conformative to rhythmical standards though it usually is both but it is poetry because of the high sweep of its emotional outlook the bigness of its thought the untamed passion of its language and the musical flow of its utterance Here then we have a veritable source book of the oldest ideas of the race but not only that we are also led into the penetralia of the earliest thought of many separate nations for when the epic is national it is true to the earliest genius of the people whose spirit it depicts To be sure much of literature and particularly the literature of the epic is true rather to the tone of a nation than to its literal history by which I mean that Achilles was more really a Greek hero than any Greek who ever lived because he was the apotheosis of Greek chivalry and as such was the expression of the Greeks

rather than merely a Greek The Iliad and the Odyssey are not merely epics of Greece they are Greek This is an age of story telling About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
