Crash Course On The New Age Movement Describing And Evaluating A Growing Social Force:

A Crash Course on the New Age Movement Elliot Miller, 1989 **A Crash Course on the New Age Movement** Elliot Miller, 1989 **The New Age Movement and the Biblical Worldview** John P. Newport, 1998 John Newport delivers a comprehensive study of the impact of New Age beliefs on contemporary culture and on Christianity itself while also offering an effective biblical antidote to today's worldview crisis After first surveying the historical development of the New Age worldview from ancient times through important tendencies in nineteenth century America to recent Far Eastern influences Newport explores in depth eleven key areas of the New Age worldview and contrasts each area of belief with the traditional biblical worldview *True Truth* Art Lindsley, 2004-04-08 Art Lindsley ably demonstrates that faith in Christ is necessarily opposed to and incompatible with the abuses of oppression arrogance intolerance self righteousness closed mindedness and defensiveness Surprisingly he shows that it is relativism which often harbors dangerous inflexible absolutisms

SPIRITUAL WARFARE: A Struggle for Truth Russell Sharrock, 2007-03-01 Much in the Church is being touted as biblical spiritual warfare even to changing it from being spiritual to be geographical This book critic's spiritual warfare teaching comparing it to the Bible and offers a biblically reasoned discussion on spiritual warfare **7 Books That Rocked the Church** Daniel A Crane, 2021-12-14 7 Books That Rocked the Church by Daniel Crane explores controversial books throughout history that the Christian church has famously disavowed and asks the question Why Engagingly written and thoughtfully researched this book explores what the fuss was all about with books ranging in date from the second century after Christ to more contemporary authors Books by Karl Marx Charles Darwin Galileo Galilei and many others profoundly upset the church by calling into question foundational Christian doctrines or beliefs Most of the books discussed here were banned at some time by Christian authorities The author's aim is to challenge Christians to respond critically but open mindedly to books that oppose a Christian worldview Readers of 7 Books That Rocked the Church will come away better equipped to answer the charge that the church is intolerant of competing ideas They will also develop the ability to interact with new and possibly dangerous ideas that comport with Jesus' admonition to be wise as serpents but gentle as doves This book also includes discussion questions for further study Valentinus the Gnostic Who Doesn't Love a Conspiracy Theory Think The DaVinci Code by Dan Brown Galileo Galilei A Scandal of Religion Science and Politics Voltaire's Candide Enlightenment Rationalism and the Church's Thin Skin Darwin's Origin of Species The Many Faces of Evolutionary Theory Marx's Communist Manifesto The Red Bull of the Masses Sigmund Freud's Ego Joseph Campbell Christianity as an Almost Enlightened Myth A book that strongly influenced George Lucas's Star Wars films *Love, the Ultimate Apologetic* Art Lindsley, 2009-09-20 Defending the Christian faith is a multidimensional task But central to that task must be the presentation and example of the uniqueness of Christian love Author and apologist Art Lindsley explores the persuasive and illuminating power of Christ-like love expressed in commitment conscience community and courage Such love Lindsley shows

us does indeed bear ultimate witness to the living truth of Jesus Christ Astonishing Spirit Don Eliot,2021-12-06 Forty six years of it That s the time period that this work covers Often consistently the same though occasionally bizarre this writer has found the events of Pentecost of 2000 years ago continuing in our world today Mankind s primal drive finds God the Spirit in the author s experience quite willing to reveal His presence in increments as the soul grows more receptive That s what this is about and the satisfaction is deep and fulfilling and probably available to all Here s hoping this work may serve as encouragement to other thirsty travelers in life and that you too will find the ensuing reality of the spiritual that is at the basis of all of us **Prospects for Growth** E. Calvin Beisner,2019-04-24 The warnings are loud and clear the world is dangerously overpopulated natural resources are becoming scarce catastrophic manmade global warming could lead to the death of our planet Are these accurate predictions we ignore at our own peril or are they politically motivated scare tactics designed to promote a radical agenda In this important book respected author E Calvin Beisner brings biblical principles of theology anthropology and ethics to bear on these crucial questions What do the Scriptures say about population freedom civil government natural resources and management of the environment Is man meant to be servant master or steward of the earth This compelling study will help everyone concerned about the future of the earth make informed decisions on strategic issues of our day *The New Age of Soul* Ray S. Anderson,2001-11-27 In *The New Age of Soul* the broad appeal of new age spirituality is identified and defined with special attention to the claim that the soul may be understood as both the repository of divine energy and a source of spiritual healing and hope Through dialogue with sources and perspectives on the spiritual nature of the soul the book attempts to win the respect and appreciation of the reader already persuaded by the claims and benefits of new age spirituality while at the same time convincing the reader who has suspicions and concerns about new age spirituality that a better alternative may be found The book thus has a two fold purpose first to expose the inadequacy indeed the superficiality of new age spirituality through this dialogue and discussion attracting the attention and interest of the reader already influenced by this genre Second the author makes a case for a more traditional orthodox and biblical view of the soul and human spirituality so that the reader who is inclined toward new age spirituality will rediscover the more traditional biblical content of the soul and spirituality while providing the committed more traditional Christian reader a tool by which to communicate a biblical faith with the growing segment of our population attracted toward new age spirituality In its own way this book is an apologetic for a more traditional Christian theology of human spirituality and self identity presented in a positive dialogue with new age spirituality *Apocalyptic Fever* Richard G. Kyle,2012-08-01 How will the world end Domsday ideas in Western history have been both persistent and adaptable peaking at various times including in modern America Public opinion polls indicate that a substantial number of Americans look for the return of Christ or some catastrophic event The views expressed in these polls have been reinforced by the market process Whether through purchasing paperbacks or watching television programs millions of Americans have expressed an interest in end time events

Americans have a tremendous appetite for prophecy more than nearly any other people in the modern world Why do Americans love doomsday In *Apocalyptic Fever* Richard Kyle attempts to answer this question showing how dispensational premillennialism has been the driving force behind doomsday ideas Yet while several chapters are devoted to this topic this book covers much more It surveys end time views in modern America from a wide range of perspectives dispensationalism Catholicism science fringe religions the occult fiction the year 2000 Islam politics the Mayan calendar and more **Signs of the Times** John A. Saliba, Centre d'information sur les nouvelles religions, 1996 **Journal for the Study of Religion**, 1994 **Answers for Atheists, Agnostics, and Other Thoughtful Skeptics** E. Calvin Beisner, 1994 Both believers and non believers who are looking for answers to life s hard questions will find this an engaging and thought provoking book which defines each term historical person event or doctrine as it arises rather than relying on a presupposition to prior acquaintance with Christian history vocabulary or beliefs *The Cult of the Virgin* Elliot Miller, Kenneth R. Samples, 1992 Under John Paul II reverence for the Virgin Mary has intensified Pilgrims follow their pope to worship at sites where supernatural appearances of the Virgin are claimed to have occurred The authors warn that this revival weakens unity and includes a Roman Catholic response by Mitchell Pacwa S J **Where Do We Draw the Line?** J. William Smit, 1996 Find out how the beliefs of six New Age gurus have penetrated many facets of our world Studies for growing Christians that assume basic Bible knowledge **Library Journal**, 1991 **Le Nouvel Age en Question** Richard Bergeron, Alain Bouchard, Pierre Pelletier, 1992 *Worldviews in Transition* Chrissie Steyn, 1994 With a new cosmology and a new concept of God and humanity the New Age movement in South Africa has been met with negative reactions in some Christian circles Rather than take this view this book instead probes New Age beliefs arguing that some of its central themes are already prevalent in society whether we realise it or not **The God You Thought You Knew** Alex McFarland, 2015-09-29 Popular Apologist Corrects the Record on What Christianity Is All About The Christianity our culture rejects may not be true Christianity at all So many people today believe they have to be good to be accepted by God or that the Bible is just a list of do s and don ts or that God is far away and unapproachable Instead of providing proofs about God and the Bible in this book Alex provides a reason to want to know Jesus By sharing his own story of the loneliness and alienation of his youth Alex taps in to universal fears of rejection and loneliness We all seek acceptance and purpose and there s only one solution Learn how to be anchored in the Truth and security that comes through Christ
