The Marriage between Literature and Music Nick Ceramella,2022-03-17 Music and literature have often been interconnected through the centuries This is an intellectual and spiritual marriage between two artistic worlds which are both part of a creative system that lends voice to one another As this book argues while music is one single form of expression literature can be expressed in the form of either poetry or prose However they find their apotheosis their most natural relationship when poetry is set to music especially when it is lyrical and has similar phrasing and rhythms to music The book thus shows that music offers an additional perspective to literature while the latter gives words to the feelings that the former arouses As such though both can stand alone if put together they form a complementary entity that everybody can enjoy **The Major Works** William Butler Yeats,2001 This authoritative edition was first published in the acclaimed Oxford Authors series under the general editorship of Frank Kermode It brings together a unique combination of Yeats s poetry and prose all the major poems complemented by plays critical writings and letters to give the essence of his work and thinking W B Yeats was born in 1865 only 38 years after the death of William Blake and died in 1939 the contemporary of Ezra Pound and James Joyce His career crossed two centuries and this volume represents the full range of his achievement from the Romantic early poems of *Crossways* and the symbolist masterpiece *The Wind Among the Reeds* to his last poems *Myth and folk tale* influence both his poems and his plays represented here by Cathleen ni Houlihan and Deirdre among others The importance of the spirit world to his life and work is evident in his critical essays and occult writings and the anthology also

contains political speeches autobiographical writings and a selection of his letters This one volume collection of poems and prose offers a unique perspective on the connectedness of Yeats's literary output showing how his aesthetic spiritual and political development was reflected in everything he wrote *The Harp of Caledonia: a Collection of Songs, Ancient and Modern, Chiefly Scottish.
