## **Creating Health The Psychophysiological Connection:**

**Creating Health** Deepak Chopra, 1995-09 Dr Chopra has revised his groundbreaking book about the healing power of the mind for the people who are turning to alternative methods of health care as a result of the crisis in traditional care Based on Dr Chopra's recent work and new perspectives this book includes the techniques of mindfulness meditation a simple but powerful form of breath focused meditation

**Cognitive Models and Spiritual Maps** Jensine Andresen, Robert K. C. Forman, 2000 This book throws down a challenge to religious studies offering a multidisciplinary approach including developmental psychology neuropsychology philosophy of mind and anthropology

**Health Psychophysiology** S. Suter, 2014-06-03 Most military researchers who have attempted to measure organizational commitment have done so on an ad hoc basis preferring to invent new items and scales rather than incorporate well established measures The purpose of this special issue is to reverse this trend by bringing military organizational commitment research into the scientific mainstream and to do so in ways that will prove useful to military services while advancing organizational commitment theory and knowledge This special issue grew out of a symposium conducted at the 1998 American Psychological Association Convention that arose when many in the field recognized the practical importance of measuring organizational commitment while maintaining a healthy concern for ensuring that this measurement was well grounded in organizational commitment theory Taken together the articles in this issue demonstrate the concepts of affective and continuance commitment and their underlying measures by using them in different military samples and under a variety of operational conditions

*Integrating Psychotherapy and Psychophysiology* Patrick Steffen, Donald Moss, 2024-05-23 In recent years it has become common for psychotherapists to use psychophysiological approaches such as biofeedback as a part of their therapy This book provides a guide to professionals in the field on how to effectively integrate psychotherapy and psychophysiology
