Creative Embroidery Christine Risley, 1974 **The Technique of Creative Embroidery** Christine Risley, 1971 *A Complete Guide to Creative Embroidery* Jan Beaney, 2014-11-12

A Complete Guide to Creative Embroidery illustrates a wealth of ideas from two internationally renowned embroiderers. It is divided into two sections: the first, *Design to Embroider* by Jean Littlejohn, develops ideas showing that anyone can design as well as decorate fabric and paper for embroidery. The second, *Stitched Images* by Jan Beaney, illustrates how to colour fabric and combine this with stitchery. She then looks at ways of interpreting designs using applique, patchwork, quilting and hand and machine embroidery. The final section gives guidance on selecting a theme. With the combined talents of two innovative embroiderers, this highly illustrated book is an inspiring source of colour, pattern, design, stitch and texture which will encourage embroiderers to create their own exciting and rewarding pieces.

Machine Stitch Alice Kettle, Jane McKeating, 2010-08-04

This unique book collection culls the expertise of academics and the actual embroidery machines archives of Manchester Metropolitan University in Great Britain, whose specialist embroidery department has been instrumental in artistic and educational innovations in textiles since the 1960s. This book is the definitive record of the vast number of machines from the traditional Irish Embroidery machines to the latest generation of computerized sewing machines and features a rich and fascinating record of the machines themselves and the samples and artwork that were produced on them. Each contributor gives their own individual perspective on machine stitch and the book illustrates how key machines can be applied to the artistic, industrial and domestic practice and shows how to combine techniques and develop new ideas in machine embroidery, a creative medium that is flourishing in both design and production.
