Day Not Promised Pat Simmons, 2022-11-05 Pat Simmons introduces a new Christian fiction series that reminds readers that the bad guys don't always win especially when the Lord fights our battles Omega Addams thought it was a typical work day until a detour on the way home changes everything She's almost killed but an innocent bystander Mitchell Franklin takes a bullet for Omega during a gas station robbery In the aftermath Omega has no idea that God expects her to pray it forward until a spiritual battle unfolds before her eyes Another innocent bystander is in trouble unless Omega gets her prayer life together others will die without Christ It's a chain reaction that highlights the responsibility of a Christian hot cold or lukewarm It's time to get our acts together We are our brother's keeper *Religious Books, 1876-1982*, 1983

Baker McCall, 2022-10-10 Some of us are in the habit of thinking about what we know what we have experienced and are experiencing and what we would like to focus on more deeply While this habit is evidenced in differing ways it is clearly a process that seems to form part of the essence of who human beings are And there is plenty to think about every day Furthermore this habit of thinking about life has resulting in many interesting inventions movements and even inspiration about life This is important For when we are limited in our ability to engage in self reflection we stand a chance of becoming unbalanced For it is possible to have what might be called a poverty in thinking and making sense of those thoughts feelings and beliefs While it is also possible to think so much that one is stuck and in a ruminating rut that can cause disorders of the mind heart and soul While it is not usually good to have a sparsity of thoughts and experiences it is also not usually good to be overwhelmed by them What is good is to have an appropriate abundance of wonderment that leads to stimulation of person and community And so here we are at the beginning of a book consisting of many pages containing thoughts about what the author and others know what she and others have experienced and some things many would like to focus on more deeply And this time the material will be presented in a format similar to the previous publication One Lesson at a Time 1 as a model for structured journaling including content for contemplation and hopefully rich sources for reframing memory and furthering inspiration that leads to growth and development on the reader's personal and perhaps communal levels
