Loving Our Enemies Through Seasons of Bitterness Lex Kohn,2025-06-30 In a nation crumbling under the weight of bitterness where government is the people s god the way through is neither legislation nor activism but loving the least loveable A study of internet influence conflict theory and nineteenth century wisdom reveals that people do not have to solve their disagreements if they can relearn how to love their enemies as Christ commanded This book highlights courageous men and women of faith from biblical times up through the present who obeyed this commandment the Scriptures they followed and how they managed it so that people today too might learn to substitute love instead of bitterness *Blood Revenge in Irregular Warfare* Roberto Colombo,Emil Souleimanov,2023-03-15 This book offers an original assessment of the ways in which the sociocultural code of blood revenge and its modern remnants shape irregular warfare Despite being a common driver of communal violence blood revenge has received little attention from scholars With many civil wars and insurgencies occurring in areas where the custom lingers strengthening our understanding of blood revenge is essential for discerning how conflicts change and evolve Drawing upon extensive multidisciplinary evidence this book is the first in the literature on

civil war and insurgency to analyse the impact of blood revenge and its modern remnants on irregular warfare Even when blood revenge undergoes erosion its unregulated version still shapes the social fabric of insurgency although in different ways than its institutionalised counterpart At times of political instability the presence of a culture of retaliation weighs heavily on the dynamics of violent mobilisation target selection recruitment and disengagement This book brings in evidence from dozens of conflicts providing unprecedented insights into how a better understanding of blood revenge can improve military blueprints for irregular warfare This book will be of much interest to students of insurgency terrorism military and strategic studies anthropology and sociology as well as to decision makers and irregular warfare professionals **Victory**

imperialism racism the exploitation of people and nature an unequal distribution of the world's resources pogroms genocides and world wars There has been a gap between assumptions underlying a visionary ambition and the often brutal practices that have accompanied it Moreover it is a language that expresses European values with the implicit or explicit suggestion that they pertain to the whole world a civilizing mission from a European centre Although the established narrative argued that there was continuous progress it was a conclusion reached through hindsight The idea of progress had to be repeatedly recreated through new visionary projects that attempted to live up to the high ideals their predecessors failed to achieve Against the backdrop of this meta normative point of departure the book argues that a convincing grand narrative has failed to materialize since the discrediting of globalization In the search for a new narrative it argues at a meta normative level for a reformulation of the term global away from its close connection to the globe as an unbounded self propelling market that exists beyond human influence Global should no longer be reduced to auto playing market fiction but instead be connected to the planet Terra the Earth With reference to Latour and Chakrabarty global and planetary mean cohabitation life on earth is seen as an infinite symbiotic system nurtured and protected but also destroyed by human action The book argues that a new conceptualization of the global and the planet requires input from African and Asian language cultures The book explores in depth the history of the two political African key concepts of ujamaa and ubuntu and argues that they are cases showing how work on a new global planetary narrative might look The investigation of the two concepts demonstrate that translations are juxtapositions that point up what is shared and what isn't between concepts in two or more languages The point of comparison is not to develop a uniform global perspective even if that were possible but to develop a global understanding of difference and through that to begin to look for a common ground Translations of political key concepts are the source of a growing understanding of difference

Spiritual Connection Within W. Ruben Exantus, 2023-09-07 A few words about the origin of this book and why it was written will help the reader to understand its teaching This book is the outcome of a series of Bible studies I taught on prayer at Grace Baptist Church of Apopka a church I pastored for nearly twelve years in Orlando Florida The idea came to me while putting into practice what I taught the congregation concerning prayer according to God's will A great number of people go to church every week across America and around the world but unfortunately they never have a personal time with God in prayer The only time they spend in prayer is when they gather with the congregation for corporate worship Can you imagine a Christian who only prays to God once or twice a week Prayers addressed with others practically means there is nothing personal about it Don't get me wrong I believe in corporate prayer and I think it creates an atmosphere of worship and fellowship where many believers get together to pray It is essential to the life of a church The true church of God will not go without it In addition there are those who pray to God often and alone They seek times of silence in their lives to be with God alone and pray However there is an important question that must be addressed if we want God to answer our prayers Do we pray according to God's will I believe deep in my heart that there is a great

misinterpretation among Christians in regard to the subject of prayer which leads to a lack of spiritual power in many followers of God I think it s time for you to find out what might be the cause of that spiritual weakness **The One Year Praying the Promises of God** Cheri Fuller,Jennifer Kennedy Dean,2012-10-01 Spend this year meditating on the promises of God In this devotional Cheri Fuller and Jennifer Kennedy Dean invite readers to explore God s promises each and every day and encourage them to reflect on how God s hand is evident if only we look for it Each reading includes a Bible verse from that day s reading in The One Year Bible a devotional a prayer and a quotation that relates to the promise of the day Each day is an invitation to pursue a closer relationship to God and a reminder that God always keeps his promises

Soldiering for God John F. Shean,2010-08-23 This new study argues that the religious attitude of the Roman army was a crucial factor in the Christianization of the Roman world Specifically by the end of the third century there was a significant Christian presence within the army which was ready to act in the interests of the faith Conditions at this time were thus ripe for the coming to power of a Christian emperor when Constantine converted to Christianity he could rely upon the enthusiastic support of his Christian soldiers Constantine strengthened his Christian base by initiating policies which accelerated the Christianization of the army The continuation of these policies by Christian Roman emperors eventually allowed them to use the military as a vehicle for the suppression of paganism and heretical Christian sects **Making**
