Blood Link:

Blood Link Claire McNab, 2003-06-01 Is Carol playing into a killer's plan? A series of random deaths suddenly fall into a pattern when reclusive eccentric billionaire Thurmond Rule dies leaving an immense estate but no valid will. With no close relatives, Rule's son and only heir vanished mysteriously years before the search begins to find more distant kin who may have a claim to the Rule billions. And there would be several more applicants vying for the money but for the disturbing fact that many of them have recently died or been killed. Detective Inspector Carol Ashton speculates that one among the remaining would-be heirs could be responsible for thinning the field so drastically but is baffled that a killer would draw such oblivious attention to themselves. As the authorities contemplate protecting anyone with a blood link to Thurmond Rule, Carol fears she may be unwittingly shielding a killer and playing into a deadly plan. With another in the phenomenally successful Detective Carol Ashton Mystery series, Claire McNab again proves why she is the most popular writer of lesbian mysteries with this suspenseful story of cat and mouse. *More Tools for Liberating the Bruised* Dr. Joe Allbright, Rita Allbright, 2011-04-20 The Lord impressed authors Rita and Joe Allbright to write a second counseling book about spiritual warfare in which they share some invaluable truths from God's Word and expound on biblical counseling procedures and share many prayers for specific subjects. The book also shares lessons to inspire Christians to mature in the Lord and walk in His will for their precious lives after they have received freedom from the enemy through our Lord Jesus. It addresses negative learned behavioral issues and offers solutions. We are confident that our Lord's biblical teachings in both books will be a blessing to ministers, missionaries, counselors, counselees, and anyone wanting to learn this subject matter. The new partner to *Liberating the Bruised* is *More Tools for Liberating the Bruised*. **The Vampire** Alan Dundes, 1998-10-15 Vampires are the most fearsome and fascinating of all creatures of folklore. For the first time, detailed accounts of the vampire and how its tradition developed in different cultures are gathered in one volume by eminent folklorist Alan Dundes. Eleven leading scholars from the fields of Slavic studies, history, anthropology, and psychiatry unearth the true nature of the vampire from its birth in graveyard lore to the modern-day psychiatric patient with a penchant for drinking blood. *The Vampire A Casebook* takes this legend out of the realm of literature and film and back to its dark beginnings in folk traditions. The essays examine the history of the word vampire, Romanian vampires, Greek vampires, Serbian vampires, the physical attributes of vampires, the killing of vampires, and the possible psychoanalytic underpinnings of vampires. Much more than simply a scary creature of the human imagination, the vampire has been and continues to haunt the lives of all those who encounter it in reality or in fiction. **Bloodsworn: Bound by Magic** Kathy Lane, 2010-09-24 Worlds collide when a man of magic is forced to take a woman of science as his bride. Islam, Context, Pluralism and Democracy Yaser Ellethy, 2014-11-20 Islam Context Pluralism and Democracy aspires to clarify the tensions and congruences between the revelational and the rational the text and the context the limits and the horizons of contextualization in Islam as these emanate from the Islamic interpretative tradition This book examines classical and modern Muslim interpretations with regard to the concepts of diachronic development pluralism and democracy based on Arabic Islamic sources and literature Focusing on the parameters of semantic changes methods of interpretation and cultural variables it shows how this interpretative tradition offers a diversity of ideas and approaches that can be utilized in contemporary debates concerning the socio-political contextualization of Islamic genuine thought However within this diversity Islam presents generic principles and core values as moral paradigms that can deal with such modern challenges Based on the analysis of core Islamic texts and key terms related to the discussed issues mainly from the Quran and the Sunnah and the broader Arabic Islamic literature it explores the boundaries of the mutable and constant in the Islamic worldview Presenting classical Muslim interpretations and scholars as possible interlocutors in debates over the compatibility of Islam with challenges of modernity this book is essential reading for researchers and postgraduates interested in Islamic Studies Philosophy of Religion and Political Science *To Know Where He Lies* Sarah

Wagner, 2008-10-02 In the aftermath of the 1992-1995 Bosnian war the discovery of unmarked mass graves revealed Europe's worst atrocity since World War II the genocide in the UN safe area of Srebrenica *To Know Where He Lies* provides a powerful account of the innovative genetic technology developed to identify the eight thousand Bosnian Muslim Bosniak men and boys found in those graves and elsewhere demonstrating how memory imagination and science come together to recover identities lost to genocide Sarah E Wagner explores technology's import across several areas of postwar Bosnian society for

families of the missing the Srebrenica community the Bosnian political leadership including Serb and Muslim and international aims of social repair probing the meaning of absence itself *Doublespeak* Alisa Smith, 2025-06-25 The followup to the literate and action packed historical thriller *Speakeasy* *Doublespeak* finds plucky protagonist Lena on a journey back to her past Lieutenant Lena Stillman has been left nearly alone on her code breaking mission in remote Alaska World War II has been over for a month but due to crimes committed a lifetime ago Lena is still under the control of the powerful Miss Maggie Shaken by her role in the disappearance of Corporal Link Hughes and by her own misjudgment of his character Lena yearns for an opportunity to redeem them both Then she receives a shocking message containing Link s potential location Siam Embarking on a clandestine rescue mission to Bangkok Lena is reunited with shadows from her past including loyal friend Byron who is eager to escape his safe dull life and the attractive yet dangerous William Yardly As personal and political allegiances shift in the postwar maelstrom it seems impossible to know who is good or bad innocent or culpable and whether they are motivated by love or revenge Overlaying rich historic detail and an intricate plot *Doublespeak* is an entrancing sequel to Alisa Smith s first novel *Speakeasy* which received the honor of being a Walter Scott Prize Academy recommended book of 2018 **The War against Animals** Dinesh Wadiwel, 2015-06-24 Are non human animals our friends or enemies In this provocative book Dinesh Wadiwel argues that our mainstay relationships with billions of animals are essentially hostile *The War against Animals* asks us to interrogate this sustained violence across its intersubjective institutional and epistemic dimensions Drawing from Foucault Spivak and Derrida *The War against Animals* argues that our sovereign claim of superiority over other animals is founded on nothing else but violence Through innovative readings of Locke and Marx Dinesh Wadiwel argues that property in animals represents a bio political conquest that aims to secure animals as the spoils of war The goal for pro animal advocacy must be to challenge this violent sovereignty and recognize animal resistance through forms of counter conduct and truce **The Politics of Adoption** Kerry O'Halloran, 2008-12-01 Adoption has always had a political dimension Its use to achieve political ends has been evident throughout history and in many different cultures In Roman times an emperor would adopt a successful general to 1 continue his rule In Ireland under the Brehon Laws the reciprocal placements of 2 children between clans was an accepted means of cementing mutual allegiances In Japan the adoption of non relatives was traditionally seen as a means of allying 3 with the fortunes of the ruling family The willingness of governments to use adoption as a political strategy was apparent for example in Australia where it was used to 4 further the assimilation of indigenous people It is now present in the phenomenon of intercountry adoption where the flow of children particularly in the aftermath of war is often politics by proxy Adoption can be profoundly affected by politics as demonstrated by the decision of the Chinese government to advocate one child families which resulted in very many Chinese girls being relinquished for adoption abroad as their parents exercised a preference for a male child Again as in Korea in the recent past c rently in some South American countries and in those states of eastern

Europe newly emerged from under the blanket of totalitarianism governments can and do facilitate an outward flow of children for reasons of economic and political expediency *The Human Right to Citizenship* Yaffa Zilbershats, 2021-10-01 The book endeavors to establish the standards for vesting citizenship in the hope that applying these standards will result in every person being granted citizenship of the State which is the center of his/her life The author considers the connection between loyalty to the State and citizenship the principles which should shape the concept of loyalty to the State the dilemma of multiple citizenship and the right to citizenship in the light of current political changes Published under the Transnational Publishers imprint **Rapid Review Pathology: Second South Asia Edition - E-book** Edward F.
