People of the Bear Mother T. D. Austin,2012-08 The most powerful shaman of the People of the Bear Mother invites a young woman to take her soul s great adventure by painting a new piece of animal art on the walls in the deepest chambers of the awesome Great Cave The time has come for Little Bear to make the life altering choice to overcome her fear of the terrifying old shaman and in doing so unalterably change all the lives her soul will subsequently experience even as her lion eye reappears in each lifetime to identify her avatar But before she may embark on her hero s journey she must be initiated as hunter and then as Seer through trials ordeals and the revelations of her people s mythology expressed in the art of the Cave The tale builds to an unexpected climax as one soul experiences many lifetimes in a hunting culture where being born female or male homosexual or heterosexual young or old are equally valid ways of being human Inspired by the work of Joseph Campbell and the artwork of France s 35 000 yearold Chauvet Cave the novel takes a fresh look at and is a new take on the life ways and religion of our earliest ancestors through Little Bear s encounters with shamans hunters avatars and painted caves This story reveals that the spiritual messages hidden within this magnificent incredibly ancient art are the same metaphysical beliefs of the New Age and the same universal human truths at the heart of every world religion and mystical philosophy 2011 Book Competition Finalist Awards USA Best Book Awards for New Age Fiction IBA for Chick Lit Women s Fiction IBA for Gay Lesbian Fiction

Where the Land Meets the Sea Tom D. Dillehay,2017-08 This landmark interdisciplinary volume on the excavation of one of the longest occupied yet most enigmatic sites in human history sheds new light on how civilization began among farmers and

fishermen some fourteen thousand years ago **UPDATING HINDU MYTHOLOGICALS** V.K. SINHA,2020-02-18 The story written in the Ramayana seems to be very simple and straightforward but it hides many secrets in its bosom For the layman it is a story of good versus evil with evil getting a beating and good being victorious getting a rousing welcome But there are many details that if read carefully reveal many secrets that have been hidden from the general society The present author has tried to reveal those secrets but because of lack of space has limited himself to the revelation of just a few of those secrets After a proper study it seems that Ravana was not as bad as has been made out to be It seems he had many grand ideas but because the war was lost the ideas also died One of them not mentioned in the book because of the lack of full details is that he had a medical system similar to the Red Cross that we have today Similarly there are many other details of Ravana that have been described It turns out that Ravana was not that bad a person nor was it that Rama that did not have any fault in him Ramayana emphasises that the victor is always a good and revered person and the loser is cursed by society
