SS : The Blood-Soaked Soil Gordon Williamson,1995-01-01      Revolutionary Armies in the Modern Era S.P.

Mackenzie,2013-01-11 This presents a major re evaluation of the standard view of revolutionary armies the range of attitudes towards the role of heroic individuals the formation and leadership of armies and the differences and similarities between such armies Beginning with an exploration of the New Model Army of the 1640s a force whose name itself seems to denote its revolutionary credentials the author presents ten case studies from around the globe including the American War of Independence The French Revolution The Zulu Boer War the Waffen SS and the Viet Cong Through a detailed analysis of source material he examines the images connected with these armies both historical and recent and assesses these images in their socio political and nationalist contexts      **As political soldiers we face Moscow's hordes: Dutch volunteers in the**

**Waffen-SS** Evertjan van Roekel,2022-01-04 During the Second World War approximately 25 000 Dutchmen served within the ranks of the military branch of the German SS the Waffen SS They volunteered to fight to secure the victory of Nazi Germany These Dutch volunteers fought mainly on the Eastern Front and to a lesser extent within their own national borders After the war the Allied victors regarded them as part of a criminal organization and jointly responsible for the atrocious transgressions of the Nazi regime In the Netherlands these men were reviled branded as traitors and became pariahs in their own country Those who had devoted themselves to the Nazi regime caused so much grief to the Netherlands that they had to be held accountable Despite their military achievements their reputation was damaged forever The Netherlands supplied the largest contingent of SS soldiers from the occupied North western European territories Who were these people What led them to enlist and what were the consequences of their choice An important part of this study involves the autobiographical texts of nineteen Dutch volunteers in the Waffen SS These ego documents recount their own immediate experiences and are mainly fragments from diaries but there are also letters individual notes and memoirs The ego documents are placed within the larger historical context to provide an answer to the question of whether these men were only ideologically motivated and unconditional Nazi sympathizers and for this their criminal records are also researched Among other topics the book discusses their choice to enlist their experiences at the front and their involvement in genocide providing a new perspective on the Eastern Front      **Ilyana** John Orford,2022-03-24 Ilyana is an historical drama set in Germany during the Weimar and Nazi periods The storyline follows the chequered life of Max Rieker an NCO in the Waffen SS who finds himself at the cutting edge of one of the most evil and brutal regimes in history The ordeals Max and his comrades endure the challenges they face and the opinions they voice vividly portray what it must have been like to live through those times from a German perspective Meticulously researched Ilyana provides a rare other side of the coin standpoint for the German people correcting a number of misconceptions about the men of the Waffen SS as well as offering compelling insights as to why Adolf Hitler despised Jews and Freemasons      **SS:the Blood Soaked Soil** Gordon Williamson,1997      Resources For Teachers: From Stalingrad

**Military Adversaries** John C. Fredriksen,2001-12-05 This work chronicles the lives and accomplishments of over 200 enemies who have fought plotted spied on and in some instances defeated U S forces over the past three centuries Books on American military heroes abound But this book is the first to focus on America s talented enemies the generals admirals Indian chiefs and warriors submarine captains fighter pilots and spies who opposed the United States with military force or other means Often these military leaders were among the best minds of their times For more than two centuries the new nation s most constant military opponents were the Native Americans led by such capable chiefs as American Horse and

Little Wolf Under D Iberville Canada's French colonialists became formidable foes but they were soon surpassed by the rigorously disciplined redcoats of Great Britain under Howe and Cornwallis Ironically the most effective enemies in the history of the United States were not the leaders of foreign military forces like Mexico's Santa Anna Japan's Yamamoto or Vietnam's Vo Nguyen Giap They arose from among its own citizens during the Civil War the bloodiest conflict in American history

**Galicia Division** Michael O. Logusz, 1997 This new book is a historical account of the 14th Waffen SS Galicia Division also known as the 1st Ukrainian Division of the Ukrainian National Army In 1943 1944 a determined group of young men and women in Galicia volunteered to serve in a combat division destined for eastern front combat Their goal to engage and destroy the Soviet hordes menacing their homeland and to counter Nazi Germany's subjugation of their country Although initially Galicia's Volunteers would serve in a German sponsored military formation in actuality the volunteers of the Galicia division wanted to engage all hostile ideologies both from the east and west in order to secure a free independent Ukraine The division's history is presented along with a human aspect of what the soldiers endured during the brutal battles on the eastern front

*Vlaamse Waffen-SS* Jonathan Trigg, 2017-09-21 Niet minder dan 23 000 Vlamingen namen dienst bij de Waffen SS de paramilitaire tak van de Duitse nazipartij NSDAP Hun motivatie was complex van flamingantisme over anti communisme tot nazisme Velen sneuvelden tijdens de bloederige nederlaag aan het oostfront in Rusland Overlevenden werden na de Tweede Wereldoorlog gestraft voor hun militaire collaboratie Meer dan zeventig jaar later vertellen de laatste nog levende Oostfronters zelf en vaak voor het eerst hun verhaal Soms met berouw soms niet

**Hitler's Vikings** Jonathan Trigg, 2011-11-30 The Nazis dream of a world dominated by legions of Aryan supermen forged in battle and absolutely loyal to Hitler was epitomised by the Waffen SS Created as a supreme military elite it grew to become Nazi Germany's second army an immense force totalling almost one million men by the end of the War An astonishing fact about the SS is that thousands of its members were not German Men stepped forward from almost every nation in Europe for many sometimes complex reasons that included hatred of Bolshevism and nationalist sentiment or even straightforward anti-Semitism Foremost amongst them were Scandinavians from Denmark Norway Sweden and Finland Thousands were recruited from 1940 onwards and fought with distinction on the Russian Front They served at first in national legions but were then brought together in the Wiking Panzer Division and the Nordland Panzer grenadier Division In Hitler's Vikings Jonathan Trigg details the battles these men fought and what inspired them to join the Waffen SS based wherever possible on interviews with surviving veterans Many of the photographs reproduced here have never before been published Hitler's Vikings were amongst the last men still fighting in the ruins of Berlin in 1945 their story is truly remarkable

**The Last Field Marshal** James E. Tague, 2011-02-08 History has always been a fascinating subject for Jim and World War II intensified that interest As a teenager growing up during this global conflict he recalls how it seemed to dominate every aspect of daily life Jim kept daily scrapbooks of every report from Europe as his uncle was serving with the 1st Army and read his letters many times Jim

recalls how he was a hero to the family and upon his safe return spoke with admiration for the German soldier Jim wrote this book in an effort to tell the story of one such German soldier Generaloberst Heinz Guderian who experienced a major role in a unique position of leadership during this cataclysmal upheaval of global civilization Guderian embodied the dramatic change in mechanized warfare that became known as the Blitzkrieg He developed his Panzers with such immense firepower mobility and speed that it revolutionized the concepts of military tactics His violent confrontations with Hitler in an attempt to divert him to more reasonable decisions put his own life in jeopardy It may have been an impossible task to change the course of Hitler's destiny and the direction of history but it was not for lack of trying that he failed

**Voices of the Scandinavian Waffen-SS** Jonathan Trigg, 2018-07-15 After what happened to Finland we had to fight communism It was a terrible threat The interviews and images gathered by Jonathan Trigg are vital historical documents

**Militärgeschichtliche Mitteilungen**, 2002

Hitler's Jihadis Jonathan Trigg, 2011-11-30 As the West finds itself embroiled in conflict with radical Islam at home and abroad it is fascinating to hear the echoes of militant Islam from the Second World War and the Nazis attempt to preach Jihad against the British Empire and Stalin Hitler's Jihadis tells the story of the tens of thousands of Muslims from as far away as India who volunteered to wear the SS double lightning flashes and serve alongside their erstwhile conquerors Jonathan Trigg gives insight into the pre war politics that inspired these Islamic volunteers who for the most part did not survive Those who did survive the war and the bloody retribution that followed saw the reputation of the units in which they served in berated as militarily inept and castigated for atrocities against unarmed civilians Using first hand accounts and official records Hitler's Jihadis peels away the propaganda to reveal the complexity that lies at the heart of the story of Hitler's most unlikely Aryans
