Blood And Tears:

Gender and Medieval Mysticism from India to Europe Alexandra Verini, Abir Bazaz, 2023-09-29 This book opens up a dialogue between pre modern women identified as mystics in diverse locations from South Asia to Europe It considers how women from the disparate religious traditions of Hinduism Islam and Christianity expressed devotion in parallel ways The argument is that women s mysticism demands to be compared not because of any essential female experience of the divine but because the parallel positions of marginalization that pre modern women experienced led them to deploy intimate encounters with the divine to speak publicly and claim authority The topics covered range from the Sufi devotional tradition of Sidis Indians of African ancestry to the Bhakti poet M r ba and the nuns of Barking Abbey Collectively the chapters show how mysticism allowed premodern women to speak and act by unsettling traditional gender roles and expectations for religious behavior At the same time as uncovering connections the juxtaposition of women from different traditions serves to highlight distinctive features The book draws on a range of disciplinary expertise and will be of particular interest to scholars of medieval religion and theology as well as history and literary studies *Lexical Concordance to the Poetical Works of Percy Bysshe Shelley* Frederick Startridge Ellis, 1892

Disabilities of the Color Line Dennis Tyler, 2022-02-15 Rather than simply engaging in a triumphalist narrative of overcoming where both disability and disablement are shunned alike *Disabilities of the Color Line* argues that Black authors and activists have consistently avowed disability as a part of Black social life in varied and complex ways Sometimes their affirmation of disability serves to capture how their bodies minds and health have been and are made vulnerable to harm and impairment by the state and society Sometimes their assertion of disability symbolizes a sense of commonality and community that comes not only from a recognition of the shared subjection of Blackness and disability but also from a willingness to imagine and create a world distinct from the dominant social order Through the work of David Walker Henry Box Brown William and Ellen Craft Charles Chesnutt James Weldon Johnson and Mamie Till Mobley this book examines how Black writer activists have engaged in an aesthetics of redress modes of resistance that show how Black communities have rigorously acknowledged disability as a response to forms of racial injury and in the pursuit of racial and disability justice **The Politics of Proverbs** Wolfgang Mieder, 1997 Demonstrates how

proverbs and to a lesser extent proverbial expressions have played a significant role in political life during the 20th century Takes as major examples the speeches and writings of Adolf Hitler Winston Churchill and Harry Truman to show how proverbs can be brought into the service of most any ideology Also traces the use of proverbs and their cartoon analogues during the five decades of Cold War propaganda and proverbial slurs against Native Americans and Asian Americans Paper edition unseen 19 95 Annotation copyrighted by Book News Inc Portland OR *Literature, Gender and Politics During the English Civil War* Diane Purkiss, 2005-07-14 In this innovative study Diane Purkiss illuminates the role of gender in the English Civil War by focusing on ideas of masculinity rather than on the role of women which has hitherto received more

attention Historians have tended to emphasise a model of human action in the Civil War based on the idea of the human self as rational animal Purkiss reveals the irrational ideological forces governing the way seventeenth century writers understood the state the monarchy the battlefield and the epic hero in relation to contested contemporary ideas of masculinity She analyses the writings of Marvell Waller Herrick and the Caroline elegists as well as in newsbooks and pamphlets and pays particular attention to Milton's complex responses to the dilemmas of male identity This study will appeal to scholars of seventeenth century literature as well as those working in intellectual history and the history of gender **An**
