BLOOD ON THE PRAIRIE

BY PAUL WELLMAN

Shriek war whoops and the crash of gunfire resounded about the buffalo hunter's trading post of Adobe Walls, as the savage Redskins sought to smash their way into the ramshackle buildings and destroy the defenders . . .

Not for an instant did the buffalo hunters cease shooting from the barricaded windows. Indians dropped fast. Presently the bulk of the attackers withdrew, leaving only the bolden to exchange fire with the deadly buffalo guns.

The men in Hesterman's saloon soon ran out of cartridges. It was then that two of them—Bobby Dixon and James Hesterman himself—raced across the yard to Rath and Wright's store which was well supplied. Bounding and carrying with bullets riving up the ground all around them, the gallant pair reached safety.

About two o'clock in the afternoon, the Indian fire slackened, then ceased. Cautiously, the defenders ventured outside. There was no sign of the enemy. The Cheyennes and the Comanches had departed, carrying with them their dead and wounded, numbering over a hundred.

In Cold Blood Truman Capote, *Blossoms & Blood* Jason Sperb,2013-12-01 This analysis of the films of P T Anderson is a case study of how even the most self determined directors are always borne aloft by cultural events Cineaste From his film festival debut *Hard Eight* to ambitious studio epics *Boogie Nights* *Magnolia* and *There Will Be Blood* Paul Thomas Anderson s unique cinematic vision focuses on postmodern excess and media culture In *Blossoms and Blood* Jason Sperb studies the filmmaker s evolving aesthetic and its historical context to argue that Anderson s films create new often ambivalent narratives of American identity in a media saturated world *Blossoms and Blood* explores

Anderson's films in relation to the aesthetic and economic shifts within the film industry and to America's changing social and political sensibilities since the mid 1990s. Sperb provides an auteur study with important implications for film history, media studies, cultural studies, and gender studies. He charts major themes in Anderson's work such as stardom, self-reflexivity, and masculinity, and shows how they are indicative of trends in late twentieth-century American culture. One of the first books to focus on Anderson's work, *Blossoms and Blood* reveals the development of an under-studied filmmaker attuned to the contradictions of a postmodern media culture. Jason Sperb is not a fan of Paul Thomas Anderson; he's something much better: an intelligent critic trying to discern what's valuable and what's not in Anderson's body of cinematic work. Milwaukee Express: Sperb has complete mastery of the critical and industrial histories of the films *Choice*, *A Trip to Prairie-land*, Francis Jameson Rowbotham, 1885, **Bought by the Blood**, Robert G.
