Blood Ritual In The Hebrew Bible Meaning And Power:

Blood Ritual in the Hebrew Bible William K. Gilders, 2004-11-23 Publisher Description **Iewish Blood Mitchell** Hart, 2009-06-02 This book provides a multidisciplinary examination of the age old issue of Jewish blood in all its various manifestations both real and imagined It provides historical religious and cultural examples ranging from the Blood Libel through to the poetry of Uri Zvi Greenberg The Oxford Handbook of Ritual and Worship in the Hebrew Bible Samuel E. Balentine, 2020 The conceit in the title of this volume is that ritual however expansively it may be defined is ineluctably tethered to religion and worship It has a primal connection to the idea that a transcendent order numinous and mysterious supranatural and elusive divine and wholly other gives meaning and purpose to life The construction of rites and rituals enables humans to conceive and apprehend this transcendent order to symbolize it and interact with it to postulate its truths in the face of contradicting realities and to repair them when they have been breached or diminished The focus of this Handbook is on ritual and worship from the perspective of biblical studies particularly on the Hebrew Bible and its ancient Near Eastern antecedents Within this context attention will be given to the development of ideas in Jewish Christian and Muslim thinking but only insofar as they connect with or extend the trajectory of biblical precedents. The volume reflects a wide range of analytical approaches to ancient texts inscriptions iconography and ritual artifacts It examines the social history and cultural knowledge encoded in rituals and explores the way rituals shape and are shaped by politics economics ethical imperatives and religion itself Toward this end the volume is organized into six major sections Historical Contexts Interpretive Approaches Ritual Elements participants places times objects practices Underlying Cultural and Theological Perspectives History of Interpretation Social Cultural Functions and Theology and Theological Heritage Kina Manasseh, Assyrians and Priestly Scribes Krzysztof Kinowski, 2024-01-22 King Manasseh of Judah is one of the most intriguing characters in the Bible 2 Kings presents him as the wickedest of monarchs In 2Kgs 24 3 4 he is accused of having provoked God to destroy Judah on account of the innocent blood he had shed in Jerusalem cf 2Kgs 21 16 In his study Krzysztof Kinowski investigates this accusation viewing it against the biblical and ancient Near East backgrounds and casts a new light upon Manasseh s role in the fall of Jerusalem The mention of bloodshed in this affair appears to be the outcome of a process of scapegoating of Manasseh ongoing in 2 Kings and reflecting both the legal and the cultic paradigms governing the biblical historiography The link between Manasseh s bloodshed and the destruction of Judah on account of the cultic land s blood defilement points towards a group of priestly scribes involved in the production of the 2Kgs 21 and 24 narratives This assumption lies behind the scholarly discussion about the Priestly like strata and priestly touches in the Books of Kings

Morality, Violence, and Ritual Circumcision Na'ama Carlin,2022-11-30 This book uses the Jewish ritual of circumcision to consider how violent acts are embedded within entrenched moral discourses and offers a new perspective for thinking about violence Intervening in contemporary debates on the Jewish ritual of circumcision it departs from both the

ordinary secular defences of circumcision for medical reasons and the criticisms that consider it an unethical violation of bodies that cannot consent An examination of the intersection of violence and morality this book rejects the binary logic on which popular debates on circumcision hinge arguing that in some instances violence can be a productive experience and can thus be considered beyond good and bad Engaging with the works of Jacques Derrida the author puts forward a framework of violence of ontology which is characterised as a violence that is related to existence the violence of being which resists definition through binary oppositions In so doing the author contends that circumcision is in fact a form of generative violence that is leveraged for cultural purposes and inherent in the making of bodies As such this volume offers a compelling framework that investigates the relationship between bodies identities ethics and violence and will therefore appeal to scholars of sociology social theory and religion with interests in the sociology of the body ritual and cultural studies The Bite, the Breast and the Blood Amy Williams Wilson, 2018-10-09 Central to every vampire story is the undead s need for human blood but equally compelling is the human ingestion of vampire blood which often creates a bond This blood connection suggests two primal natural desires breastfeeding and communion with God through a blood covenant This analysis of vampire stories explores the benefits of the bonding experiences of breastfeeding and Christian and vampire narratives arguing that modern readers and viewers are drawn to this genre because of our innate fascination with the The Jewish Dietary Laws in the Ancient World Jordan Rosenblum, 2016-12-15 relationship between human and maker What did ancient Jews Christians Greeks and Romans think about how and why Jews ate the way they did Jordan D Rosenblum examines this question Perspectives on Purity and Purification in the Bible Baruch J. Schwartz, 2008-06-01 This book is a collection of essays on purification and atonement in the Hebrew Bible that provides new insights into the discussion of these ideas by looking at the values of sociological and anthropological approaches to the topics The collection also examines multivalence and polyvalence in ritual and asks to what extent it is possible to speak of the function or meaning of ritual even within the highly systematic priestly texts King David, Innocent Blood, and Bloodguilt David Shepherd, 2023 Of all the characters begueathed to us by the Hebrew Bible none is more compelling or complex than David This study traces the language of innocent blood and bloodguilt through David's story in the books of Samuel and 1 Kings to understand how this concept shapes the entirety of David's history Centralizing the Cult Julia Rhyder, 2019-10-16 Back cover In this work Julia Rhyder examines the Holiness legislation in Leviticus 17 26 and cultic centralization in the Persian period Rather than presuming centralization as an established norm Leviticus 17 26 forge a distinctive understanding of centralization around a central sanctuary standardized ritual processes and a hegemonic priesthood The Doctrine of Baptism ,2011-03 Ancient Mediterranean Sacrifice Jennifer Wright Knust, Zsuzsanna Varhelyi, 2011-08-05 An investigation of the multiple meanings and functions of sacrifice in diverse religious texts and practices from the late Hellenistic and Roman imperial periods Writing a Commentary on Leviticus Christian A. Eberhart, Thomas

Hieke, 2019-04-15 Writing a commentary on a biblical book is not limited to the scholar's study and desk Hence several experts in the field of Hebrew Bible currently writing a larger commentary on the book of Leviticus followed the invitation of Christian Eberhart and Thomas Hieke to meet between 2014 and 2016 at the Annual SBL Conference They shared their experiences discussed hermeneutical and methodological considerations and presented their ideas about particular themes and issues in the third book of the Torah The results of these consultative panels had significant impact on the production of the commentaries. The first part of this volume features essays reflecting on the process of writing a Leviticus commentary. including boosts and obstacles while suggesting innovative insights on particular problems of the book The second part identifies certain themes of Leviticus especially sacrifices and rituals the cult the notion of unintentional and deliberate sins and purity impurity the bad and how to eliminate them and the relationship to the sphere of God the holy This section demonstrates how commenting a biblical book highly depends on the perspective a scholar takes and how different commentaries on the same biblical text come to different conclusions because of a diversity of methodological and hermeneutical approaches These are issues innate in the subject matter in the end the variety of approaches bears witness to the complexity intricacy and richness of the biblical text This volume therefore offers a fascinating inside view into the studies and onto the desks of several prolific biblical experts who share their reflections and concepts about their commentaries on Leviticus with an interested audience **Lamb of the Free** Andrew Remington Rillera, 2024-03-13 Lamb of the Free analyzes the different sacrificial imagery applied to Jesus in the NT in light of the facts that a there is no such thing as substitutionary death sacrifice in the Torah neither death nor suffering nor punishment of the animal has any place in the sacrificial system and b there are both atoning and non atoning sacrifices Surprisingly the earliest and most common sacrifices associated with Jesus s death are the non atoning ones Nevertheless when considering the whole NT Iesus is said to accomplish all the benefits of the entire Levitical system from both atoning and non atoning sacrifices and purification Moreover all sacrificial interpretations of Jesus s death in the NT operate within the paradigm of participation which is antithetical to notions of substitution The sacrificial imagery in the NT is aimed at grounding the exhortation for the audience to be conformed to the cruciform image of Jesus by sharing in his death The consistent message throughout the entire NT is not that Jesus died instead of us rather Jesus dies ahead of us so that we can unite with him and be conformed the image of his death Jesus' Death and Heavenly Offering in Hebrews R. B. Jamieson, 2019 Examines Hebrews exposition of Jesus death his self offering in heaven at his ascension and the link between them **Social Theory and the Study of Israelite Religion** Saul M. Olyan, 2012-06-22 This volume assesses past theoretically engaged work on Israelite religion and presents new approaches to particular problems and larger interpretive and methodological questions It gathers previously unpublished research by senior and mid career scholars well known for their contributions in the area of social theory and the study of Israelite religion and by junior scholars whose writing is just beginning to have a serious impact on the field The

volume begins with a critical introduction by the editor Topics of interest to the contributors include gender violence social change the festivals the dynamics of shame and honor and the relationship of text to ritual The contributors engage theory from social and cultural anthropology sociology postcolonial studies and ritual studies Theoretical models are evaluated in light of the primary data and some authors modify or adapt theory to increase its utility for biblical studies The contributors are Susan Ackerman Stephen L Cook Ronald Hendel T M Lemos Nathaniel B Levtow Carol Meyers Saul M Olyan R diger Ritual Gone Wrong Kathryn McClymond, 2016 Ritual theorizing has tended Schmitt Robert R Wilson and David P Wright to focus on perfect rituals as prescribed in sacred texts yet ritual mistakes occur all the time crucial items can go missing or get broken incorrect phrases can be said In this book Kathryn McClymond examines cases in which rituals have gone wrong embracing the fact that in fact they rarely go as planned From ancient India to modern Iraq Ritual Gone Wrong demonstrates that ritual disruptions throughout history reveal the fluid supple and dynamic nature of ritual The New Testament in Its Ritual World Richard DeMaris, 2008-03-03 This book offers new and insightful perspectives on early Christian communities and their cultural environment through exploration of rituals central to Greco Roman life **Cult and Character Roy** Gane, 2005-01-01 Roy Gane critically evaluates Jacob Milgrom's purification offering theory but ultimately affirms and expands on his seminal insight that theodicy is foundational to the Israelite expiatory system Gane's conclusions are derived from exegetical study of Hebrew ritual texts and by adapting a systems theory approach to human activity systems Making of the Tabernacle and the Construction of Priestly Hegemony Nathan MacDonald, 2023-09-21 How did the Jerusalem high priests go from being cultic servants in the sixth century BCE to assuming political supremacy at some point during the third or second century The Making of the Tabernacle and the Construction of Priestly Hegemony examines how the conditions were created for the priesthood's rise to power by examining the most important ideological texts for the high priests the description of the wilderness tabernacle and the instructions for the ordination ritual found in the Biblical books of Exodus and Leviticus Although neglected by many modern readers who often find them technical and repetitive the tabernacle accounts excited considerable interest amongst early scribes and readers as is evidenced by the survival of them in no fewer than four versions Untangling this intricate compositional history helps shed light on how these chapters in the Pentateuch shaped and were shaped by the perception of the priesthood's powers and competencies during the Persian and early Hellenistic periods The hierarchy that is developed is more nuanced and multifaceted than previously appreciated with Israelite artisans community leaders Levites and women incorporated into a complex vision of society The ordination ritual was also transformed by scribal elites during the Persian period appearing in no fewer than five variant forms as the role of the high priesthood and its relationship to other groups was negotiated Using a broad plural methodological approach that incorporates insights from sociology ritual studies textual and literary criticism early interpretation manuscript studies and philology Nathan MacDonald's study shines new light on the historical development theology and ideology of priestly texts in
