*Blood, Guns, and Testosterone* Barna William Donovan, 2009-11-02 Since the early days of film the representation of masculinity has changed considerably In the beginning men instinctively knew right from wrong They rode to the rescue and saved the day in the nick of time to

the admiration and gratitude of society But over the decades heroes have evolved from being larger than life and infallible to being cynical washed up unwanted outsiders Violent content in these films also evolved from fistfights and gunplay to brutal attacks and nuclear explosions repeatedly ramping up in frequency intensity and graphic depictions But there is more to a violent film genre than violence and Blood Guns and Testosterone Action Films Audiences and a Thirst for Violence brings an entirely new understanding to the nature of such entertainment In this book Barna William Donovan examines masculinity and violence in action and adventure films and discusses how the most ardent fans of the genre incorporate this controversial form of entertainment into their lives Donovan argues that far from becoming violent the fans of the action film look at the genre as an artistic rumination on the nature of violence good and evil and the ever changing definitions of manhood At their very best or most interesting at least these films may even reflect on the nature of violence on human nature on aggression and how a self reflexive moral society can deal with violence And since so much of the violence of the world has always been perpetrated by men action films more often than not are contemplations of the complicated meaning of manhood In addition to fans of the genre Blood Guns and Testosterone will appeal to scholars of film history popular culture gender studies and audience research

Don't Step on Crocodiles Richard Mounsey,2011-11-22 Richard Mounsey grew up in a fishing community in Victoria Australia His stepfather and brother were fishermen and he was destined to follow in their footsteps However secretly he dreamed of becoming a Fisheries Officers and one day a National Director of Fisheries Without having influential friends in the right government circles he realised at the age of 14 he would have to gain outstanding experience to give him the edge over other would be Fisheries Officers Thus he set a course that risked life and limb to achieve his goal the only way he knew how As a teenager trapped aboard a Japanese trawler he was physically abused treated like a slave thrown overboard bitten by sea snakes and attacked by a crocodile He wasted time working on the family shark boat before winning a Churchill Fellowship that took him to the polar reaches of Canada and a world of big catches and high stakes With a few dollars behind him he went into a bad partnership in a trawler back home before becoming the United Nations Master Shark Fisherman consultant in the Caribbean Five years later in 1987 back in Australia he headed up the Northern Territory s Fishing Technology Section During this period crocodile encounters and sea adventures dominated his daily life

**Outgunned** Peter Harry Brown,Daniel G. Abel,2010-06-15 Ours is a nation in the grip of a strange kind of mania Why after President Reagan was shot was there virtually no handgun legislation Why after the Columbine massacre in Littleton

Colorado was nothing done to regulate the tools that children most frequently use to kill one another Why was there no legislative response after a six year old in Flint Michigan shot a classmate with a 32 caliber pocket rocket Tragedy follows tragedy with twelve children shot dead every day in America but guns remain less regulated than automobiles Why As authors Peter Harry Brown and Daniel G Abel in this powerful book demonstrate it is because of the terrible power of the gun coalition Outgunned begins with the story of Wendell Gauthier the master of disaster attorney who brought down the tobacco industry to the tune of billions and then turned his attention to guns He struck fear into the hearts of the gun manufacturers as he set out to make gunmakers bear some liability for the killings caused by the often poorly made inaccurate handguns they marketed to criminals Coauthor Daniel G Abel worked for Gauthier along with other attorneys as the gun control campaign gathered momentum This legal initiative seemed to be about to make history and change the face of violence in America but sadly Wendell Gauthier died of cancer before meaningful gun control could be established More than thirty class action suits against gun manufacturers now languish in courtroom paralysis while as many Saturday night specials as ever are being made What happened Brown and Abel demonstrate how the pro gun forces once again curbed the will of a nation This book shows the enormous power of the NRA how it killed pending legislation in Congress hijacked the Campaign Act to fund the George W Bush presidential election victory and eviscerated the American Shooting Sports Council That association and the gun manufacturers actually wanted to compromise and agree to new handgun laws implicitly accepting some liability but the NRA leadership with Charlton Heston as their president crushed them In Outgunned Brown and Abel uncover how NRA lobbyists were instrumental in stopping Smith Wesson in its tracks They show how the tendrils of the NRA reach into the Christian Alliance and Republican Party and how men like John McCain have fought back and been undermined Outgunned reveals how the NRA began dealing with President George W Bush when he was still governor of Texas prodding him into signing a shocking prohibition against the kind of suits Gauthier brought against the gun manufacturers Outgunned is the story of a legal crusade with up close accounts of the people who fought every step of the way For those who believe in the importance of stopping unnecessary bloodshed this book is essential powerful and urgent
