PETER HART

Bloody April Slaughter In The Skies Over Arras 1917

Ian Mackersey

Bloody April Slaughter In The Skies Over Arras 1917:

Bloody April Peter Hart, 2012-12-20 The story of the decimation of the Royal Flying Corps over Arras in 1917 As the Allies embarked upon the Battle of Arras they desperately needed accurate aerial reconnaissance photographs But by this point the Royal Flying Club were flying obsolete planes The new German Albatros scouts massively outclassed them in every respect speed armament ability to withstand punishment and manoeuvrability Many of the RFC s pilots were straight out of flying school as they took to the air they were sitting targets for the experienced German aces Over the course of Bloody April the RFC suffered casualties of over a third The average life expectancy of a new subaltern on the front line dropped to just eleven days And yet they carried on flying day after day in the knowledge that in the eyes of their commanders at least their own lives meant nothing compared to the photographs they brought back which could save tens of thousands of soldiers on the ground In this book Peter Hart tells the story of the air war over Arras using the voices of the men who were actually there

Bloody April 1917 James S. Corum, 2022-11-24 Researched from original language primary sources this is a uniquely well informed and multi faceted history of the World War I air campaign of Bloody April Researched from original German French and English language sources and written by an authority on both air and ground military operations author Dr James S Corum examines how Bloody April caused Allied forces to reassess their approach to the use of airpower Considering well known problems such as technology and training doctrine but also how the artillery aircraft combination ideally had to work in late WW I ground offensives Dr Corum analyses what each side got wrong and why He describes little known parts of the April campaigns such as both sides use of strategic bombing with heavy aircraft and considers the German use of advanced high altitude reconnaissance aircraft with oxygen and heated suits while detailing the exploits of the infamous Red Baron Manfred von Richthofen Lessons from Bloody April not only served to improve the coordination of Allied artillery and aircraft but subsequently aircraft played a much larger role in supporting ground troops in attack mode Bloody April paved the way for the airpower revolution that by 1918 would make the Allies masters of the sky on the Western Front

Vimy Ridge and Arras Peter Barton, 2010-07-05 In this new account of the battle at Vimy Ridge Peter Barton showcases more than 50 rediscovered British and German panoramic photographs of the battlegrounds Vimy Ridge and Arras also includes previously unpublished testimony letters and memoirs from the serving regiments along with maps plans and diagrams throughout

The Road Past Monchy Terence Loveridge, 2024-03-05 Terence Loveridge offers a unique look at the land and air operations around the strategic village of Monchy le Preux at the center of the western front during World War I The story of the Great War is usually one of condemnation or rehabilitation of strategists and consecration of the common soldier while the story of those who planned directed and led operations on the ground has generally been overlooked Loveridge uses experiences of junior leaders fighting around the key terrain of Monchy le Preux to challenge the currently accepted views and reveal that the Great War despite subsequent impression was a surprisingly dynamic effort

conducted in an arena of constantly evolving practices techniques and technology Less well known than its contemporary campaigns at the Somme Verdun or Passchendaele Monchy also carries less preconceived baggage and thus offers a prime opportunity to reevaluate the accepted wisdom of the events personalities and understandings of the Great War The Road Past Monchy offers readers a unique chance to uncover the lost perspective of junior war leaders in a theater of war that saw almost continuous operations from 1914 through to 1918 **Raymond Collishaw and the Black Flight** Roger

Gunn,2013-01-26 Ever wondered what it would be like to fly a biplane or triplane in the First World War Raymond Collishaw and the Black Flight takes you to the Western Front during the Great War Experience the risks of combat and the many close calls Collishaw had as a pilot flight commander and squadron leader Understand the courage Collishaw and his fellow flyers faced every day they took to the air in their small light and very manoeuvrable craft to face the enemy As the third highest scoring flying ace among British and colonial pilots in the First World War scoring 60 victories Collishaw was only surpassed by Billy Bishop and Edward Mannock This book traces Collishaw s life from humble beginnings in Nanaimo British Columbia to victories in the skies over France **One in a Thousand** Graham Broad,2017-03-20 This short microhistory details the life and death of Eddie McKay a varsity athlete at Western University who flew with the Royal Flying Corps in the First World War Graham Broad switches creatively from telling McKay s fascinating story to teaching valuable lessons on how to do history why the past matters why historians take different approaches how to pose historical questions how to identify relevant source materials and the importance of thoughtful intelligent and respectful treatment of historical subjects The book includes a timeline of the subject s life a map of relevant combat areas in the Battle of the Somme and nine illustrations It concludes with four unsolved events in McKay s life a mysterious woman a strange advertisement for batteries an empty envelope and an unknown grave demonstrating that even a detailed history about one person s life is never really complete

Germany in the Great War Joshua Bilton,2021-12-08 This book documents the experiences of the Central Powers specifically Austria Hungary Germany and the Ottoman Empire during 1917 as they fought on land at sea and in the air Drawing on hundreds of contemporary photographs many of them never previously published this book examines the experiences of these three nations spotlighting not only the events that occurred throughout the year but the lives of those individuals fighting and dying to defend their homelands families and friends Each chapter includes a succinct overview of a single front or theatre of operation complimenting the hundreds of professional and amateur photographs contained within Though many of the images are of the German and Austro Hungarian armies on the Westfront and Ostfront several additional chapters also explore the fighting across other lesser known fronts including the S dwest Front and in Sinai and Palestine and Mesopotamia This book is an excellent pictorial guide that would be of benefit to anyone seeking to gain a better understanding of what life was like from the perspective of the German Austro Hungarian and Ottoman armies and their peoples during the fourth year of the First World War The Great War Peter Hart,2015-04-14 Named one of The

Economist's best books of 2013 *The Great War* provides an unparalleled one volume account of the twentieth century's defining event *The Archaeology of the Royal Flying Corps* Melanie Winterton, 2022-10-07 Winterton's book is a good introductory effort on the haptic environment of World War I aviators and their personal artifacts *The Journal of the Air Force Historical Foundation Archaeology* provides a fascinating insight into the lives of the aviators of the First World War Their descriptions of the sensation of flying in the open cockpits of the primitive warplanes of the day and the artifacts that have survived from these first years of aerial combat give us a powerful sense of what their wartime service was like and chart the beginning of our modern understanding of aviation But the subject hasn't been explored in any depth before which is why Melanie Winterton's pioneering book is so timely Hers is the first study of the trench art souvenirs and lucky mascots associated with the Royal Flying Corps which in an original way tell us so much about the experience of flying on the Western Front a century ago Extensive quotations from the memoirs of these early airmen are combined with an analysis of the artifacts themselves They convey something of the fear and anxiety the airmen had to grapple with on a daily basis and bring out the full significance of the poignant souvenirs they left behind Pieces of crashed aeroplane wooden propellers strips of linen fragments of metal were recycled and circulated during the war and afterwards became the focus of attention in the domestic home As Melanie Winterton demonstrates these items connected the living with the deceased which is why they are so strongly evocative even today **1918 Year of Victory** Ashley Ekins, 2010 1918 Year of Victory convened by the Australian War Memorial in Canberra in November 2008 to mark the ninetieth anniversary of the end of the Great War Ashley Ekins volume editor is Head of the Military History Section at the Australian War Memorial in Canberra *Gallipoli* Peter Hart, 2011-10-03 A gripping provocative account of the WWI Battle of Gallipoli one of the most tragic battles in history **Reckless Fellows** Edward Bujak, 2015-09-25 The Royal Flying Corps later the Royal Air Force was formed in 1912 and went to war in 1914 where it played a vital role in reconnaissance supporting the British Expeditionary Force as air cavalry and also in combat establishing air superiority over the Imperial German Air Force Edward Bujak here combines the history of the air war including details of strategy tactics technical issues and combat with a social and cultural history The RFC was originally dominated by the landed elite in Lloyd George's phrase from the stateliest houses in England and its pilots were regarded as knights of the air Harlaxton Manor in Lincolnshire seat of landed gentry became their major training base Bujak shows how within the circle of the RFC the class divide and unconscious superiority of Edwardian Britain disappeared absorbed by common purpose technical expertise and by an influx of pilots from Canada Australia New Zealand and South Africa He thus provides an original and unusual take on the air war in World War I combining military social and cultural history *The Western Front* Nick Lloyd, 2021-03-04 The latest volume in the World War One trilogy *The Eastern Front* is out now A SUNDAY TIMES BOOK OF THE YEAR A TELEGRAPH BOOK OF THE YEAR A tour de force of scholarship analysis and narration Lloyd is well on the way to writing a definitive history of the First World War Lawrence James *The Times* This

well researched well written and cogently argued new analysis will undoubtedly now take its rightful place as the standard account of this vital theatre of the conflict Andrew Roberts author of Churchill Walking with Destiny _____ In the annals of military history the Western Front stands as an enduring symbol of the folly and futility of war However as bestselling military historian Nick Lloyd reveals in this highly praised history the first of an epic trilogy the story is not one of pointlessness and stupidity but rather a heroic triumph against the odds With a cast of hundreds and a huge canvas of places and events Lloyd tells the whole tale revealing what happened in France and Belgium between August 1914 and November 1918 from the perspective of all the main combatants including French British Belgian US and most importantly German forces Lloyd examines the most decisive campaigns of the Great War and explains the unprecedented innovation adaptation and tactical development that have been too long obscured by legends of mud blood and futility drawing upon the latest scholarship on the war wrongly overlooked first person accounts and archival material from every angle Conveying the visceral assault of the battlefield with vivid detail Lloyd ultimately redefines our understanding of a crucial theatre in this monumental tragedy _____ Excellent on detail Lloyd s book will be cherished by military history buffs Max Hastings Sunday Times It is the best modern single volume history of war on the Western Front and is likely to remain the standard account for some time Jonathan Boff The Spectator

Pandora's Box Jörn Leonhard, 2020-05-05 Winner of the Norman B Tomlinson Jr Prize The best large scale synthesis in any language of what we currently know and understand about this multidimensional cataclysmic conflict Richard J Evans Times Literary Supplement In this monumental history of the First World War Germany s leading historian of the period offers a dramatic account of its origins course and consequences J rn Leonhard treats the clash of arms with a sure feel for grand strategy He captures the slow attrition the race for ever more destructive technologies and the grim experiences of frontline soldiers But the war was more than a military conflict and he also gives us the perspectives of leaders intellectuals artists and ordinary men and women around the world as they grappled with the urgency of the moment and the rise of unprecedented political and social pressures With an unrivaled combination of depth and global reach Pandora s Box reveals how profoundly the war shaped the world to come An epic and magnificent work unquestionably for me the best single volume history of the war I have ever read It is the most formidable attempt to make the war to end all wars comprehensible as a whole Simon Heffer The Spectator A great book on the Great War Leonhard succeeds in being comprehensive without falling prey to the temptation of being encyclopedic He writes fluently and judiciously Adam Tooze Die Zeit Extremely readable lucidly structured focused and dynamic Leonhard s analysis is enlivened by a sharp eye for concrete situations and an ear for the voices that best convey the meaning of change for the people and societies undergoing it Christopher Clark author of The Sleepwalkers

Instrument of War Dennis Showalter, 2016-11-22 An engaging new history and fresh perspective on the German Army in World War I written by a preeminent military historian

No Empty Chairs Ian Mackersey, 2012-05-10 The 1914 18 conflict narrated through the

voices of the men whose combat was in the air This moving book uses letters and diaries to evoke the terrible cost of such warfare Sleepless nights separated lovers and grieving parents are recalled with painful immediacy in this meticulously researched tribute to those who died or were lucky enough to survive DAILY MAIL The empty chairs belonged all too briefly to the doomed young First World War airmen who failed to return from the terrifying daily aerial combats above the trenches of the Western Front The edict of their commander in chief was the missing aviators were to be immediately replaced Before the new faces could arrive the departed men s vacant seats at the squadron dinner table were sometimes poignantly occupied by their caps and boots placed there in a sad ritual by their surviving colleagues as they drank to their memory Life for most of the pilots of the Royal Flying Corps was appallingly short If they graduated alive and unmaimed from the flying training that killed more than half of them before they reached the front line only a few would for very long survive the daily battles they fought over the ravaged moonscape of no man s land Their average life expectancy at the height of the war was measured only in weeks Parachutes that began to save their German enemies were denied them Fear of incarceration and the daily spectacle of watching close colleagues die in burning aircraft took a devastating toll on the nerves of the world s first fighter pilots Many became mentally ill As they waited for death or with luck the survivable wound that would send them back to Blighty they poured their emotions into their diaries and streams of letters to their loved ones at home Drawing on these remarkable testimonies and pilots memoirs Ian Mackersey has brilliantly reconstructed the First Great Air War through the lives of its participants As they waited to die the men shared their loneliness their fears triumphs and squadron gossip with the families who lived in daily dread of the knock on the door that would bring the War Office telegram in its fateful green envelope

Air and Sea Power in World War I Maryam Philpott, 2020-04-30 The Great War tore the fabric of Europe apart killing over 35 million men and challenging the notion of heroism in war Air and Sea Power in World War I focuses on the experience of World War I from the perspective of British pilots and sailors themselves to demonstrate that the army centric view of war studies has been too limited The Royal Flying Corps created in 1912 adapted quickly to the needs of modern warfare driven by the enthusiasm of its men In contrast the lack of modernisation in the Royal Navy despite the unveiling of HMS Dreadnought in 1906 undermined Britain s dominance of the seas By considering five key aspects of the war experience this book analyses how motivation was created and sustained What training did men receive and how effectively did this prepare them for roles that were predominantly non combative How was motivation affected by their individual relationship with weaponry development and how different was defensive service on the Home Front when in close proximity to ordinary civilian life Finally Air and Sea Power in World War I looks at the changing reputation of the services during and after the conflict and the extent to which these notions were created by the memoirs of pilots and sailors Featuring new primary source material including the journals of service men themselves this book will be essential reading for students and scholars of World War I and of Naval Aviation and Military History Stand To! ,2006 **Oswald Boelcke**

R.G. Head,2016-08-05 This biography of the pioneering WWI flying ace who mentored the Red Baron is fascinating it captures combat aviation at its inception MiG Sweep The Magazine of Aviation Warriors With a total of forty victories Oswald Boelcke was Germany's first ace in World War I and a century later he remains a towering figure in the history of air warfare renowned for his character inspirational leadership organizational genius development of air to air tactics and impact on aerial doctrine Paving the way for modern air forces across the world with his pioneering strategies Boelcke had a dramatic effect on his contemporaries The famed Red Baron's mentor instructor squadron commander and friend he exerted a tremendous influence upon the German air force He was one of the first pilots to be awarded the famous Pour le Mérite commonly recognized as the Blue Max All of this was achieved after overcoming medical obstacles in childhood and later life with willpower and determination Boelcke even gained the admiration of his enemies After his tragic death in a midair collision Britain's Royal Flying Corps dropped a wreath on his funeral and several of his captured foes sent another wreath from their German prison camp His name and legacy live on as seen in the Luftwaffe's designation of the Tactical Air Force Wing 31 Boelcke This definitive biography reveals his importance as a fighter pilot who set the standard in military aviation

Albert Ball VC Colin Pengelly,2020-01-24 An action packed military biography of a British fighter pilot and his rise through ranks during World War I World War I pilot Albert Ball's invincible courage and determination made him a legend not only in Britain but also amongst his enemies to whom the sight of his lone Nieuport Scout brought fear Ball enlisted in the British army in 1914 with the 27th Battalion Robin Hoods of the Sherwood Foresters Notts and Derby Regiment By October 1914 he had reached the rank of Sergeant and then became Second Lieutenant to his own battalion in the same month In June 1915 he trained as a pilot in Hendon Then in October he obtained Royal Aero Club Certificate and was transferred to the Royal Flying Corps He further trained at Norwich and Upavon being awarded the pilot's brevet in January 1916 In May he opened his score shooting down an Albatros C type over Beaumont Days later he shot down two LVG C types while flying his Nieuport 5173 Captain Albert Ball made his final flight on May 7 1917 when he flew as part of an eleven strong hunting patrol into action against Jagdstaffel 11 led by Lothar Von Richthofen Albert was pursuing the Albatros Scout of Lothar who crash landed wounded Then many witnessed Albert dive out of a cloud and crash He died minutes later in the arms of a French girl Madame Cecille Deloffre Ball rose from obscurity to the top rank of contemporary fighter pilots in only 15 months In that period he had been awarded the MC DSO and two Bars and was credited with at least 44 victories
