Blow Job:

Andy Warhol's Blow Job Roy Grundmann, 2003 In this ground breaking and provocative book Roy Grundmann contends that Andy Warhol's notorious 1964 underground film *Blow Job* serves as rich allegory as well as suggestive metaphor for post war American society's relation to homosexuality Arguing that *Blow Job* epitomizes the highly complex position of gay invisibility and visibility Grundmann uses the film to explore the mechanisms that constructed pre Stonewall white gay male identity in popular culture high art science and ethnography Grundmann draws on discourses of art history film theory queer studies and cultural studies to situate Warhol's work at the nexus of Pop art portrait painting avant garde film and mainstream cinema His close textual analysis of the film probes into its ambiguities and the ways in which viewers respond to what is and what is not on screen Presenting rarely reproduced Warhol art and previously unpublished Ed Wallowitch photographs along with now iconic publicity shots of James Dean Grundmann establishes *Blow Job* as a consummate example of Warhol's highly insightful engagement with a broad range of representational codes of gender and sexuality Roy

Orgasmology Annamarie Jagose, 2012-12-24 For all its vaunted attention to sexuality queer theory has had relatively little to say about sex the material and psychic practices through which erotic gratification is sought In Orgasmology Annamarie Jagose takes orgasm as her queer scholarly object From simultaneous to fake orgasms from medical imaging to pornographic visualization from impersonal sexual publics to domestic erotic intimacies Jagose traces the career of orgasm across the twentieth century Along the way she examines marriage manuals of the 1920s and 1930s designed to teach heterosexual couples how to achieve simultaneous orgasms provides a queer reading of behavioral modification practices of the 1960s and 1970s aimed at transforming gay men into heterosexuals and demonstrates how representations of orgasm have shaped ideas about sexuality and sexual identity A confident and often counterintuitive engagement with feminist and queer traditions of critical thought Orgasmology affords fresh perspectives on not just sex sexual orientation and histories of sexuality but also agency ethics intimacy modernity selfhood and sociality As modern subjects we presume we already know everything there is to know about orgasm This elegantly argued book suggests that orgasm still has plenty to teach us **So What, or How to Make Films with Words** Alexander García Düttmann, 2023-01-15 A series of philosophical meditations on the nature of aesthetics across a wide array of filmmaking styles Images whether filmic or not cannot be replaced by words Yet words can make images This is the general thesis underlying So What a collection of essays on canonical filmmakers like Luchino Visconti and Orson Welles more experimental directors such as Marguerite Duras and Albert Serra and visual artists including Hollis Frampton and Agnes Martin Alexander Garc a D ttmann aims to make their films as if they did not precede his text capturing their idea and experience If the relationship between filmic image and text is a heterogeneous one then this heterogeneity must leave a trace This is why the book s chapters are organized not according to historical periods or on the basis of film theories but rather by single concepts that function like dictionary entries The chapters adopt different forms blurring the lines between art and philosophy So What is a practical exercise in making films with words inviting readers to draw out insights from its conceptual play So What compiles previously untranslated and hard to find essays into a single volume one that represents the absorbing and singular thought process of a major contemporary philosopher **How to Be a Middle-Aged Babe** Marilyn Suzanne Miller, 2007-12-04 Here is the perfect handbook for the 70 million American

Our Kind of Movie Douglas Crimp, 2012-03-02 A celebrated writer on contemporary art and queer culture argues that Andy Warhol's films enable us to see differently and to see a different world. We didn't think of our movies as underground or commercial or art or porn; they were a little of all of those but ultimately they were just our kind of movie. Andy Warhol: Andy Warhol was a remarkably prolific filmmaker creating more than 100 movies and nearly 500 of the film portraits known as Screen Tests. And yet relatively little has been written about this body of work. Warhol withdrew his films from circulation in the early 1970s and it was only after his death in 1987 that they began to be restored and shown again. With *Our Kind of Movie* Douglas Crimp offers the first single authored book about the full range of Andy Warhol's films in forty years and the first since the films were put back into circulation. In six essays Crimp examines individual films including *Blow Job*, *Screen Test No. 2* and Warhol's cinematic masterpiece *The Chelsea Girls*, perhaps the most commercially successful avant-garde film of all time, as well as groups of films related thematically or otherwise: films of seductions in confined places, films with scenarios by Ridiculous Theater playwright Ronald Tavel. Crimp argues that Warhol's films make visible new queer forms of sociality. Crimp does not view these films as cinematic documents of Warhol's milieu or as camera-abetted voyeurism but rather as exemplifying Warhol's inventive cinema techniques, his collaborative working methods and his superstars' unique capabilities. Thus if Warhol makes visible new social relations, Crimp writes, that visibility is inextricable from his making a new kind of cinema. In *Our Kind of Movie* Crimp shows how Warhol's films allow us to see against the grain, to see differently and to see a different world, a world of difference.
