Ambitious Bicycle Tours Lost Century of Sports Collection,Fanny Bullock Workman,2024-04-26 One of the most impactful features of the bicycle in the late 19th century was its expansion of travel opportunities off the beaten path The articles and books 104 000 words in this volume of the Sports She Wrote series are a blend of travelogue and cycling adventures capturing the essence of wheeled touring through women s narratives Their accounts describe the complexities of long distance cycling through native and foreign lands and depict the cultures encountered along the way providing pioneering guidebooks for fellow cyclists to follow and valuable advice for women awheel Bicycling evolved in the 1890s beyond mere transportation into a source of newfound independence for women a means of exploration and adventure according to the rider s own schedule enabling enthusiasts to tour areas inaccessible by railroads free from stagecoach lines and mass transit constraints without the cost and maintenance responsibilities of a horse This new mobility sparked a social movement for road infrastructure improvements which were essential to the forthcoming automobile era The initial section features articles

and illustrations from 1896 to 1898 including Margaret Valentine Le Long's remarkable solo journey from Chicago to San Francisco. This is followed by two books by Fanny Bullock Workman and her husband William Workman. Their literary contributions, *Algerian Memories* (1895) and *Sketches Awheel in Modern Iberia* (1897) including dozens of Fanny's photographs provide visual and narrative journeys through North Africa and Spain. Fanny was a New Woman and an advocate for women's suffrage. She was also a noted mountain climber and her book *In the Ice World of Himalaya* is featured in the *Mountaineering* volume of the *Sports She Wrote* series. These narratives celebrate the bicycle's role in alternative vacation options for active men and women, leaving a lasting impact on late 19th-century women's cycling history in America and around the world. *Sports She Wrote* is a 31-volume time capsule of primary documents written by more than 500 women in the 19th century, including nine volumes on cycling.

A Journey Through Afghanistan David Chaffetz, 2001. Shortly before the Soviet invasion of Afghanistan, David Chaffetz and a fellow American student slipped from the protection of Western culture and immersed themselves in the customs, fears, and hopes of the Afghan people, setting out on horseback through the mountains and into a lonely, hermetic world of nomads and isolated villages. Chaffetz's vivid, honest, and often poignant account of their experience reveals a great deal about the people of Afghanistan, and Willard Wood, his traveling companion, contributes a foreword considering the experience of the Afghan people in the new light of autumn 2001.
