Blue Horizons Kathryn Andrews, 2020-11-01 A full length contemporary romance novel Will Ashton Music is my motivation I've always believed that because of it I would be somebody Somebody to someone and something to myself At age four I picked up my grandfather's acoustic guitar and up until three weeks ago I've never put it down From a single chord to a full arrangement music fed my soul I craved it with every fiber of my being but now I just don't know That driving force that's always pushed me has somehow stalled along with the thrill the passion and the familiarity it's all gone I'm beginning to worry that my love for music just isn't enough As the summer tour finally comes to an end I head to the Blue Ridge Mountains instead of returning to Nashville It's here that I've always been able to lose myself amongst the solitude and the lake but what I didn't expect to find was her Wild blonde hair light blue eyes and a laugh I find myself trying to coax from her has me completely enamored She's quiet incredibly poised and driven by secrets as big as the mountains around us They're what's made her untouchable and left me wanting to know more Maybe that's what I need Maybe I need more Maybe I need her Ava Layne They say that life isn't about how many breaths we take but how many moments take our breath away But what if those moments aren't filled with happiness and love but something dark and haunting For me it's those moments that've shaped and taken over my life I can't change who I am God knows I've tried and because of this I've accepted the silver lining I'm alive Fifty two white keys thirty six black keys ten fingers seven notes two friends and one stage At the piano on the stage with my two best friends I finally found myself and I live for those moments One by one I collect them cherish them patiently waiting for the next until it arrives and changes everything That's the moment I meet him **GRASPED**

Beyond Tears Terry Umphenour,2005-06-08 Karina wake up There s water everywhere Cindy s panicked voice echoed through the dream pulling her back to current history to being lost in the Amazon separated from Joe and the rest of her friends lost and alone except for a young child who now depended on her to make life preserving choices Water splashed in Karina s face reinforcing the urgency of the situation Acting responsibly had always been a problem for fourteen year old Karina Even though she had become a talented ultralight airplane pilot and had been chosen for a special school project in the Amazon Karina seemed adept at finding ways for getting into trouble Quick to anger she often reacted emotionally without fully considering the consequences for her actions Now an unauthorized flight had stranded Karina deep within the rainforest on an island in a wildly flooding river Turbulent water crashed against the improvised shelter she had only seconds to make her most responsible decision ever a life or death decision Karina grabbed seven year old Cindy and made her choice hoping it was the right one and praying it wouldn t be her last Darkness Comes Before the Dawn Terry Umphenour,2013-03-22 Fifteen year old Karina s life has changed dramatically in the last year After losing both her parents in an airplane accident she is now living in a facility known for using adventure education to turn troubled adolescents into responsible adults As Karina and other students enter Devils Icebox a mazelike cave with a bad reputation for taking the lives of early explorers they hope to experience a day of challenging spelunking Instead they soon are summoned by local authorities to rescue other spelunkers trapped inside before it is too late As the thrill and excitement of cave exploration transforms into a living nightmare Karina makes a fateful decision that results in the death of a child In the aftermath she seeks escape from the emotional trauma and nightmares that plague her by traveling to Hawaii where she hopes to heal while studying volcanoes But when Karina connects with a terminally ill child whose last wish is to see a volcanic eruption she has no idea her world is about to tumble toward disaster In this captivating tale a teenager puts her own life on the line in a perilous race against time and flowing lava in a desperate attempt to change a course of tragic events

Cast Upon a Restless Sea Terry Umphenour,2006-06-21 Please she begged Karina didn t know what she begged for maybe for the flare to do its work or maybe for the pain to stop She never saw which way the flare headed A coughing fit that ended with a strong taste of blood in her mouth delivered her back into the comforting realm of darkness back to where problems ceased to exist and back to where pain could not find her Fifteen year old Karina expects hardships and surprises during her five month school term at sea aboard the Star Fin a research vessel designed to turn troubled adolescents into responsible adults Classes in marine biology and advanced scuba diving help her gain confidence and self control but nothing prepares her for encounters with moray eels a dangerous Portuguese man of war deadly sea snakes and man eating sharks

When blood frenzied sharks viciously attack a family of capsized kayakers Karina's skills and courage are put to the ultimate test Her skills are tested even further when Karina and her peers attempt to explore a shipwreck deep in the ocean After the group is sabotaged and stranded by a fellow classmate everything that can go wrong does Are Karina and her friends strong enough to survive the elements a sinking ship and decompression sickness **Alzheimer's--What They Forget to Tell**

You Caron Leid,2014-03 Although more and more people are being affected by Alzheimer's disease there is not enough information surrounding the true daily struggle of the disease Although parts of this story were extremely difficult to write and worse to ensure that the moments were captured exactly as they were it really is a personal journey This is a story to inspire people not to take any moment for granted This disease does not only rob a person of their memory it takes their dignity and independence with it It is a story of testing someone's resolve and realizing that life is truly what you make of it This story is dedicated to my mother I love her and I know there are still pieces of her still with me and that is what I hold on to I wish I had the information in this book when my mother was first diagnosed with this horrible disease but along with my story I have put in a lot of resources that are available to others It also shows that even though you don't think that you have strength you find a way and you don't give up I hope my story inspires you and at least you can use something in this book whether the disease affects someone you know or for preventative care *Across a Broken Sky* Terry Umphenour,2001

When the juvenile judge sentenced fourteen year old Karina to Blue Horizons an alternative school for difficult adolescents her anger dictated her actions more than logic or reason She wanted to be good and do what was right She wanted to be praised but the plane crash that killed her parents and subjected her to months of painful recovery were more than she could endure Now she must find the courage not only to deal with the anger of her loss but also to face the demon that most frightened her flying After initial resistance the instructors and kids of Blue Horizons helped Karina find a place for herself and peace from within But no one could foresee the fateful set of events that forced Karina into making a life or death decision a decision that placed her on a mission of mercy at the risk of her own life With a storm closing in around her and time running short Karina's flying skills would face the ultimate test She knew this would be her last flight She prayed it would be a successful one *Tangled Paranormal Nights* Stacy Eaton,Michele Hauf,Calinda B,Patricia Rosemoor,Mona
