The Hidden Spirituality of Men Matthew Fox, 2010-09-24 It is no secret that men are in trouble today From war to ecological collapse most of the world's critical problems stem from a distorted masculinity out of control Yet our culture rewards the very dysfunctions responsible for those problems To Matthew Fox our crucial task is to open our minds to a deeper understanding of the healthy masculine than we receive from our media culture and religions Popular religion forces the punitive imagery of fundamentalism on us pushing most men away from their natural yearning for spirituality and toward intolerance and domination Meanwhile many men particularly young men are looking for images of healthy masculinity to emulate and finding nothing To awaken what Fox calls the sacred masculine he unearths ten metaphors or archetypes ranging from the Green Man an ancient pagan symbol of our fundamental relationship with nature to the Grandfatherly Heart to the Spiritual Warrior He explores archetypes of sacred marriage showing how partnership becomes the ultimate expression of healthy masculinity By stirring our natural yearning for healthy spirituality Fox argues these timeless archetypes can inspire men to pursue their higher calling to reinvent the world **The Light of Consciousness** Richard Dewey Mann, 1984-01-01 **The Return of the Serpents of Wisdom** Mark Amaru Pinkham, 1997-09 According to ancient records the patriarchs and founders of the early civilisations in Egypt India China Peru Mesopotamia Britain and the Americas were colonised by the Serpents of Wisdom who arrived in these lands after abandoning their beloved homelands and crossing great seas While bearing names denoting snake or dragon these Serpents of Wisdom oversaw the construction of magnificent civilisations within which they and their descendants served as the priest kings and as the enlightened heads of mystery school traditions This book recounts the history of these Serpents and why they are returning now Essence with the Elixir of Enlightenment A. H. Almaas, 1998-03-01 The revolutionary book of Western and Eastern approaches to psychological and spiritual development is combined with a text on overcoming challenges Yoga Journal Essence H A Almaas's groundbreaking book weaving together modern psychology and ancient spiritual teaching is offered in this special edition with an introduction addressing contemporary obstacles on the journey to enlightenment The Elixir of Enlightenment is directed toward students on the path who are frustrated by either the spiritual or psychological barriers that Western life can present Almaas discusses the values and shortcomings of spiritual training and explores why an impasse may occur Then he reveals how a precise understanding of your own personality can free your inner resources so that your essential being can lead you toward enlightenment **Blue Pearl** Lesley Harrison, 2017 orca in a sea blue room breathing pearls that rise to the surface from Blue Pearl *Kundalini for Beginners* Ravindra Kumar, 2000 Experience the prescence of the Divine in your own soul with this guide to using Kundalini or spirit energy for spiritual awakening Kundalini for Beginners introduces you to the philosophy and techniques of the Shortest Path to God Learn how to activate and assist in the role of Kundalini and channel this energy in transcendent ways Discover the five stages of self realization and the exceptional experiences that

accompany each stage of spiritual transformation back cover **Self-Awareness and Meditation** Charles Attfield,2023-07-28 Charles Attfield has done the hard work of presenting Eastern Meditation wisdom in a form easily understood by the West in the tradition of his teacher and founder of Synchronicity Foundation Master Charles Cannon Jim Clarke Senior staff member at Synchronicity Foundation We are all on a journey a journey from illusion to truth Self Awareness and Meditation An Advanced Guide for Meditators looks at both the evolution of consciousness along this journey and meditation as an integral part of it A point comes when there is an awakening to the possibility that there is more than the consensus reality which we have been part of for eons We know that there is something more and so our search begins Eventually with meditation our focus moves within as we search for the Self our true nature which until now has been hidden in illusion waiting for our awakening and eventual joyful return Self Awareness and Meditation focuses on the return journey back to the Self True meditation is a state of awareness which comes naturally as we increasingly align with our soul We realise that we are not the doer and then comes a different perspective about allowing our false reality to fall away and we discover that consciousness not the ego has been running the show all the time **Decisions of the United States Courts Involving Copyright** Mark Augustine Lillis,1988 **Oracle of the Illuminati** William Henry,2011-08-06 Investigative mythologist William Henry follows up his best selling Cloak of the Illuminati with this illustration packed treatise on the secret codes oracles and technology of ancient Illuminati His primary expertise and mission is finding and interpreting ancient gateway stories which feature advanced technology for raising spiritual vibration and increasing our body s innate healing ability Chapters include From Cloak to Oracle The Return of Sophia The Cosmic G Spot Stimulator The Reality of the Rulers The Hymn of the Pearl The Realm of the Illuminati Francis Bacon Oracle Abydos and the Head of Sophia Enki and the Flower of Light The God Head and the Dodecahedron The Star Walker The Big Secret more *Biography of a Yogini* NISHK,2024-11-28 This unique book tells about the life of two exceptional beings one human the other non human Both showed miraculous incorruptibility after death Their bodies have been buried together after the Mauritian Health authorities conducted an independent investigation and certified the miracle The miraculous incorruptibility of Yogini Shubh Veer s body created a sensation at the Lord Veer Siddha Ashram on the island of Mauritius She was kept at room temperature at the ashram from the 8th of August 2022 to the next new moon day on the 27th when the final rites were performed Special permission was received for burial on the ashram premises from local health authorities who had conducted an independent investigation Yogini Shubh Veer was buried together with Jet a German Shepherd whose body had shown similar incorruptibility 28 years back Jet had been her constant companion for a decade After five months of burial Jet s body was disinterred intact on July 9th 1994 Jet was kept inside the ashram waiting to be sent together with her eternal companion One soul in two bodies This is a gift revealed from the Absolute God for the whole of humanity Edited by NISHK *The Path of Love* Ronald D. Cowen,2015-02-05 The Buddha was a scientist Instead of using a microscope or a particle accelerator the

Buddha used ESP He had several psychic powers that allowed him to perceive in detail the psychology of karma the evolution of consciousness and subatomic particles He discovered love and self love to be organizing principles that evolved early in the history of intelligent consciousness especially with regard to feelings and emotions Every person has the deepest need to love and be loved He solved the mind body problem by perceiving the physical basis of intelligent consciousness These psychic powers are acknowledged in Hindu and Buddhist scriptures but extremely few people have them This book is essentially a meditation report written by someone who has them While this sounds like an invitation to return this book to the shelf in a bookstore it also documents in depth another report by a physicist Stephen Phillips who relates in comprehensive detail the relationship between modern superstring theory and extrasensory observation of the elements of the periodic table by Annie Besant and Charles Leadbeater of the Theosophical Society This strong connection between modern physics and psychic powers of the Buddha is a real challenge to both the modern scientist and the modern Buddhist
