*Local Baptists, Local Politics* Clifford Anthony Grammich, 1999 This book explores the political views and actions of religious adherents who claim to base their faith on a literal interpretation of the Bible Focusing on several small Baptist sects scattered throughout the middle and uplands South Clifford Grammich finds that these groups are often highly engaged politically at the local level He thus challenges the

traditional view of these Baptists as politically aloof concerned only with matters of faith and personal conduct Grammich shows that the politics arising from these groups religious beliefs are not those of any consistent pervasive ideology Rather he argues such politics more often reflect a series of adaptations to local circumstances
