Blue Hour Poems:

Blue Hour Carolyn Forché, 2004-03-16 Blue Hour is an elusive book because it is ever in pursuit of what the German poet Novalis called the lost presence beyond appearance The longest poem On Earth is a transcription of mind passing from life into death in the form of an abecedary modeled on ancient gnostic hymns Other poems in the book especially Nocturne and Blue Hour are lyric recoveries of the act of remembering though the objects of memory seem to us vivid and irretrievable the rage to summon and cling at once fierce and distracted The voice we hear in Blue Hour is a voice both very young and very old It belongs to someone who has seen everything and who strives imperfectly desperately to be equal to what she has seen The hunger to know is matched here by a desire to be new totally without cynicism open to the shocks of experience as if perpetually for the first time though unillusioned wise beyond any possible taint of a false or assumed innocence Robert Boyers

The Complete Poems of Sappho Willis Barnstone,2009-03-10 A vivid contemporary translation of the greatest Greek love poet with a wealth of materials for understanding her work by a prize winning poet and translator

Sappho's thrilling lyric verse has been unremittingly popular for more than 2 600 years certainly a record for poetry of any kind and love for her art only increases as time goes on Though her extant work consists only of a collection of fragments and a handful of complete poems her mystique endures to be discovered anew by each generation and to inspire new efforts at bringing the spirit of her Greek words faithfully into English In the past translators have taken two basic approaches to Sappho either very literally translating only the words in the fragments or taking the liberty of reconstructing the missing parts Willis Barnstone has taken a middle course in which he remains faithful to the words of the fragments only very judiciously filling in a word or phrase in cases where the meaning is obvious This edition includes extensive notes and a special section of Testimonia appreciations of Sappho in the words of ancient writers from Plato to Plutarch Also included are a glossary of all the figures mentioned in the poems and suggestions for further reading
