The Collected Poems of Ted Berrigan Ted Berrigan,2007-03-21 Comfortably intimate classically adroit in its formal wit and invention altogether unique yet in no way excluding this meticulously edited edition of a master poet s collected works gives us the defining bridge from the New American Poetry of the 50s to that poetry now contemporary on both coasts and in all conditions No one ever recognized the people with whom he lived more particularly than did Ted Berrigan and no one ever brought them home to a reader with such unaggressive and persistent power This is a great great book for all seasons of the mind and heart Robert Creeley Ted Berrigan was a leader of the New York School his crazy energy embodied that movement and the city itself It is wonderful to have his Collected Poems in print John Ashbery A comprehensive and carefully chronicled volume that puts Ted Berrigan in historical context as one of the most influential poets of his generation His poems deft light definitely humorous irreverent poignant marvelous and tough The truth doing its work the great man doing the ordinary thing with a quick ear and a quick tongue revealing the personal in the universal He gives you his full attention about to be born again thinking of you Joanne Kyger In a life devoted to experimental art Ted Berrigan shaped his poetry and the space he occupied with a bold artistry based on his playful but powerfully skeptical view of the world He wondered what might actually be captured within the pages of a book but The Collected Poems allows us to again enjoy Ted Berrigan s delightfully demanding presence Lorenzo Thomas A singular balance of personal historical vision and sentiment both sweet and sour developed within the fractured verbalism of the late twentieth century found lyric creates in Ted Berrigan s poems the unique colors of a particularly lived and still intensely living ensemble of moments Tom Clark author of Late Returns A Memoir of Ted Berrigan Some people are just more real than others I don t know another way to say it Ted Berrigan is totally real and he has fashioned an important sound for all of us to listen to He put it all together just before everyone else in his time our time got going America is lucky to count him as one of its great poets Peter Gizzi **Poets on Paintings** Robert D. Denham,2010-03-10 Ekphrasis the description of pictorial art in words is the subject of this bibliography More specifically some 2500 poems on paintings are catalogued by type of publication in which they appear and by poet Also included are 2000 entries on the secondary literature of ekphrasis including works on sculpture music photography film and mixed media **Upholding Mystery** David Impastato,1997 Is it possible that a body of Christian poetry is now being

produced whose literary merit is equal to its religious conviction David Impastato's splendid anthology *Upholding Mystery* answers that question with a resounding and surprising yes *The Wesleyan Tradition* Michael Collier, 2012-08-22 Since issuing its first volumes in 1959 the Wesleyan poetry program has challenged the reigning aesthetic of the time and profoundly influenced the development of American poetry One of the country's oldest programs its greatest achievement has been the publication of early works by yet undiscovered poetry who have since become major awarded Pulitzer and Bollingen prizes National Book Awards and many other honors At a time when other programs are being phased out Wesleyan takes this opportunity to celebrate its distinguished history and reaffirm its commitment to poetry with publication of *The Wesleyan Tradition* Drawing from some 250 volumes editor Michael Collier documents the wide ranging impact of these works In his introduction he describes the literary and cultural context of American poetics in more recent decades tracing the evolution of the Deep Image and Confessional movements of the 50s and 60s and exploring the emergence of the prose lyric style Although the success of the Wesleyan program has inspired its share of imitators no other program has had such a fundamental impact Works by the eighty six poets included here both document and celebrate that contribution
