Blind Fury:

Death in Milton's Poetry Clay Daniel, 1994 From his earliest verses the Latin verses written at Cambridge to his first original English poem the Infant ode to his masterpiece Lycidas and its sad echo Epitaphium Damonis through his mature trilogy Paradise Lost Paradise Regained and Samson Agonistes Milton repeatedly seeks to explain why people die Though Milton frequently changed his mind on important subjects his fundamental view of death did not change Milton throughout his life insists that death both physical and spiritual is caused by sin In attempting to understand the significance of this belief Death in Milton's Poetry will suggest some major re evaluations of old assumptions This book is divided into two parts The first part contains examples of death that support Milton's belief that death is caused by sin The second part contains poems that focus on deaths that appear to violate this belief Since Milton illustrates his belief in his mature works Part 1 includes Paradise Lost Paradise Regained and Samson Agonistes As the pattern of death emerges in these poems the reader is able to see that Paradise Regained is as much about the death of Satan as it is about the life of Jesus and that Milton's drama focuses on an unregenerate Samson whose tragedy is his inability ever to reconcile with God The poems examined in Part 2 explain deaths that appear to violate Milton's belief In vindicating Milton's view of death the Latin funeral elegies and On the Death of a Fair Infant Dying of a Cough form a pattern that culminates in Lycidas Recognizing this pattern in Lycidas is indispensable to understanding the radical statement of Epitaphium Damonis a poem that records Milton's temporary disillusionment with Christianity In addition to new insights into the individual poems two patterns are highlighted In Milton's earlier poems readers usually have seen classicism as complementing Christianity When Milton turns to death however he opposes classicism to Christianity contrasting except in the case of Epitaphium Damonis the limited pagan gods of classicism with the providence of an omnipotent God This antagonism is reinforced by another pattern that emerges in the poems Though all sins tend to death some sins are more fatal than others In much of Milton's poetry perhaps the most consistently fatal of sins was lust and Milton frequently represents this lust as a characteristic of classicism

Lost Soul Brett Hawks, 2011-05-09 Over The Abyss I should have known Should have seen it coming I ignored the signs I tried to embrace the light To live a good life Only the darkness was too strong The shadows consumed my soul I tried to fight back only I was too weak All the difficulties I faced Try as I might I could not overcome Darkness consumed my heart I started to lose my mind All of my problems I tried to hide The forces of darkness Had me in their sights though I tried to fight back I had no help I could not embrace the light I was sent spiraling out of control Though I was in its grasp I

continued to resist If I struggle for all eternity I ll still refuse to give in I still have a will of my own It is not enough Stuck in a prison Hanging over the abyss I lost another life I wonder If I will be missed My soul is up for ransom The price too high to pay Help me save me My life is undone I lost this round In the game we play I missed the opportunities To even the score I strayed from the path I was given Lost in the wilderness Nothing forgiven Whispers from the grave Calling me home My soul is lost cannot be saved Lost in a vacuum Of time and space Screaming in agony I am out of place Hanging over the abyss Floating in space

Winning at the Card Game of Life Bob McGlenn,2009-06-10 Do you want to be successful Of course you say everyone wants to be successful yet how many people know what it takes or how to develop what it takes or even know what it looks like Is success fame or wealth or is it something else Not everyone can be famous or rich yet everyone can be successful Success is within the grasp of anyone who learns how to turn the cards they were dealt into a winning hand Winning at the Card Game of Life not only identifies the behaviors and approach involved in someone being successful but also how you can develop those same skills yourself Through the example of everyday people who achieved success you can see how you too can win at the card game of life Everyone wants to succeed and everyone can Winning at the Card Game of Life shows how success does not depend upon the cards you were dealt but rather how you play them Success starts with learning how commitment attitude resources decision making and scheme CARDS make up the foundation of all successful people A journey through the lives of twenty three seemingly common yet also dedicated inspirational and successful people confirms the book s premise that there are many roads to success To help the reader with their own journey to success there are exercises included in the book for self exploration and skill development The lessons role models and tools found in Winning at the Card Game of Life show how anyone can turn the cards they were dealt into a winning hand Winning at the Card Game of Life is a book that was designed with the young adult in mind but is applicable to anyone who is seeking the road to success The basic premise of the book is that Success depends not on the cards you were dealt but rather on how you play them There are twenty three stories of successful people such as a circus clown a chief of police and a POW who through the course of their lives reached a level of personal success The book reveals that their success is hidden in the CARDS which stands for commitment attitude resources decision making and scheme The book concludes with identifying how the reader can develop and apply these attributes to their journey to success There are also exercises in the book that

can be used in the classroom to teach these concepts Winning at the Card Game of Life is for anyone who wants to create and achieve a successful life Based upon the basic premise that Success depends not on the cards you were dealt but rather on how you play them the book reveals how everyone can be successful Through the use of twenty three life stories of noncelebrity yet successful people as examples Dr McGlenn develops the concept that success is hidden in the CARDS and how everyone can design their own blueprint for success
