Blind Ambition The White House Years

Donald A. Ritchie

Blind Ambition The White House Years:

Blind Ambition John W. Dean, 2016-12-20 A six month New York Times bestseller Not only the best Watergate book but a very good book indeed The Sunday Times As White House counsel to Richard Nixon a young John W Dean was one of the primary players in the Watergate scandal and ultimately became the government's key witness in the investigations that ended the Nixon presidency After the scandal subsided Dean rebuilt his career first in business and then as a bestselling author and lecturer But while the events were still fresh in his mind he wrote this remarkable memoir about the operations of the Nixon White House and the crisis that led to the president's resignation Called fascinating by Commentary which noted that there can be little doubt of Dean's memory or his candor Blind Ambition offers an insider's view of the deceptions and machinations that brought down an administration and changed the American people's view of politics and power It also contains Dean's own unsparing reflections on the personal demons that drove him to participate in the sordid affair Upon its original publication Kirkus Reviews hailed it the flip side of All the President's Men a document a minefield and prime entertainment Today Dean is a respected and outspoken advocate for transparency and ethics in government and the bestselling author of such books as The Nixon Defense Worse Than Watergate and Conservatives Without Conscience Here in Blind Ambition he paints a candid picture of the sickening moral bankruptcy which permeated the White House and to which he contributed His memory of who said what and to whom is astounding Foreign Affairs **Blind Ambition** John Wesley Dean, 1977

The Development of the American Presidency Richard J. Ellis, 2013-06-17 Our understanding of the politics of the presidency is greatly enhanced by viewing it through a developmental lens analyzing how historical turns have shaped the modern institution The Development of the American Presidency pays great attention to that historical weight but is organized topically and conceptually with the constitutional origins and political development of the presidency its central focus Through comprehensive and in depth coverage this text looks at how the presidency has evolved in relation to the public to Congress to the Executive branch and to the law showing at every step how different aspects of the presidency have followed distinct trajectories of change All the while Ellis illustrates the institutional relationships and tensions through stories about particular individuals and specific political conflicts Ellis's own classroom pedagogy of promoting active learning and critical thinking is well reflected in these pages Each chapter begins with a narrative account of some illustrative puzzle that brings to life a central concept A wealth of photos figures and tables allow for the visual presentations of concepts A companion website not only acts as a further resources base directing students to primary documents newspapers and data sources but also presents interactive timelines practice quizzes and key terms to help students master the book's lessons The Development of the American Presidency Richard Ellis, 2022-05-02 A full understanding of the institution of the American presidency requires us to examine how it developed from the founding to the present This developmental lens analyzing how historical turns have shaped the modern institution allows for a richer more nuanced

understanding The Development of the American Presidency pays great attention to that historical weight but is organized by the topics and concepts relevant to political science with the constitutional origins and political development of the presidency its central focus Through comprehensive and in depth coverage Richard J Ellis looks at how the presidency has evolved in relation to the public to Congress to the executive branch and to the law showing at every step how different aspects of the presidency have followed distinct trajectories of change Each chapter promotes active learning beginning with a narrative account of some illustrative puzzle that brings to life a central concept A wealth of photos figures and tables allow for the visual presentations of concepts New to the Fourth Edition Explicit and expanded attention to the role of norms in shaping and constraining presidential power with special focus on Trump s norm breaking and Biden s efforts to shore up norms Enhanced focus on the prospects for institutional reform including in the electoral college presidential relations with Congress war powers and the selection of Supreme Court justices A full reckoning with the Trump presidency and its significance for the future of American democracy presidential rhetoric the unilateral executive and the administrative state Coverage of the first year of Biden s presidency including presidential rhetoric relations with Congress and the bureaucracy use of the war powers and unilateral directives Comprehensive updating of debates about the removal power including the Supreme Court cases of Seila Law v CFPB and Collins v Yellen In depth exploration of the impact of partisan polarization on the legislative presidency and effective governance Analysis of the 2020 election and its aftermath Expanded discussion of impeachment to incorporate Trump s two impeachments Examination of presidential emergency powers with special attention to Trump s border wall declaration Review of Biden s and Trump s impact on the judiciary Assessment of Biden s and Trump s place in political time

Blind ambition John Dean,1973 Nixonland Rick Perlstein,2008-05-13 Perlstein aims here at nothing less than weaving a tapestry of social upheaval His success is dazzling Los Angeles Times Both brilliant and fun a consuming journey back into the making of modern politics Jon Meacham Nixonland is a grand historical epic Rick Perlstein has turned a story we think we know American politics between the opposing presidential landslides of 1964 and 1972 into an often surprising and always fascinating new narrative Jeffrey Toobin Rick Perlstein s bestselling account of how the Nixon era laid the groundwork for the political divide that marks our country today Told with vivid urgency and sharp political insight Nixonland recaptures America s turbulent 1960s and early 1970s and reveals how Richard Nixon rose from the political grave to seize and hold the presidency of the United States Perlstein s epic account begins in the blood and fire of the 1965 Watts riots nine months after Lyndon Johnson s historic landslide victory over Barry Goldwater appeared to herald a permanent liberal consensus in the United States Yet the next year scores of liberals were tossed out of Congress America was more divided than ever and a disgraced politician was on his way to a shocking comeback Richard Nixon Between 1965 and 1972 America experienced no less than a second civil war Out of its ashes the political world we know now was born Filled with prodigious research and driven by a powerful narrative Rick Perlstein s magisterial account of how

it all happened confirms his place as one of our country's most celebrated historians

A Companion to the Historical Film Robert A. Rosenstone, Constantin Parvulescu, 2015-12-02 Broad in scope this interdisciplinary collection of original scholarship on historical film features essays that explore the many facets of this expanding field and provide a platform for promising avenues of research Offers a unique collection of cutting edge research that questions the intention behind and influence of historical film Essays range in scope from inclusive broad ranging subjects such as political contexts to focused assessments of individual films and auteurs Prefaced with an introductory survey of the field by its two distinguished editors Features interdisciplinary contributions from scholars in the fields of History Film Studies Anthropology and Cultural and Literary Studies

Nixon's Super-Secretaries Mordecai Lee, 2012-08-13 The Watergate scandal of 1973 claimed many casualties political and otherwise Along with many personal reputations and careers President Richard Nixon's bold attempt to achieve a sweeping reorganization of the domestic portion of the executive branch was also pulled into the vortex Now Mordecai Lee examines Nixon's reorganization finding it notable for two reasons First it was sweeping in intent and scope representing a complete overhaul in the way the president would oversee and implement his domestic agenda Second the president instituted the reorganization administratively by appointment of three super secretaries without congressional approval The latter aspect generated ire among some members of Congress notably Sam Ervin a previously little known senator from North Carolina who chaired the Government Operations Committee and soon after the Senate's Select Committee on Presidential Campaign Activities known to the public as the Watergate Committee Asserting that Nixon's reorganization effort represents a significant event in the evolution of the managerial presidency and public administration Nixon's *Super Secretaries* presents the most comprehensive historical narrative to date concerning this reorganization attempt The author has utilized previously untapped original and primary sources to provide unprecedented detail on the inner workings intentions and ultimate demise of Nixon's ambitious plan to reorganize the sprawling federal bureaucracy

A Companion to Richard M. Nixon Melvin Small, 2013-05-03 This companion offers an overview of Richard M Nixon's life presidency and legacy as well as a detailed look at the evolution and current state of Nixon scholarship Examines the central arguments and scholarly debates that surround his term in office Explores Nixon's legacy and the historical significance of his years as president Covers the full range of topics from his campaigns for Congress to his career as Vice President to his presidency and Watergate Makes extensive use of the recent paper and electronic releases from the Nixon Presidential Materials Project

The Last Great Senator David A. Corbin, 2012-10-31 No person involved in so much history received so little attention as the late Robert C Byrd the longest serving U S senator In *The Last Great Senator* David A Corbin examines Byrd's complex and fascinating relationships with eleven presidents of the United States from Eisenhower to Obama Furthermore Byrd had an impact on nearly every significant event of the last half century including the Cold War the civil rights movement the Vietnam War Kennedy's New Frontier the Watergate scandal the Reagan Revolution the

impeachment of President Clinton and the Iraq War Holding several Senate records Byrd also cast more votes than any other U S senator In his sweeping portrait of this eloquent and persuasive man s epic life and career Corbin describes Senator Byrd s humble background in the coalfields of southern West Virginia including his brief membership in the Ku Klux Klan He covers Byrd s encounters and personal relationship with each president and his effect on events during their administrations Additionally the book discusses Byrd s interactions with other notable senators including Lyndon B Johnson Richard Russell Mike Mansfield and especially Robert and Edward Kennedy Going beyond the boundaries of West Virginia and Capitol Hill The Last Great Senator presents Byrd in a larger historical context where he rose to the height of power in America **The**

Press and the Ford Presidency Mark J. Rozell,1992 Examines the press s treatment of Gerald Ford s presidency

Reporting from Washington Donald A. Ritchie,2005-03-15 Donald Ritchie offers a vibrant chronicle of news coverage in our nation s capital from the early days of radio and print reporting and the heyday of the wire services to the brave new world of the Internet Beginning with 1932 when a newly elected FDR energized the sleepy capital Ritchie highlights the dramatic changes in journalism that have occurred in the last seven decades We meet legendary columnists including Walter Lippmann Joseph Alsop and Drew Pearson as well as the great investigative reporters from Paul Y Anderson to the two green Washington Post reporters who launched the political story of the decade Woodward and Bernstein We read of the rise of radio news fought tooth and nail by the print barons and of such pioneers as Edward R Murrow H V Kaltenborn and Elmer Davis Ritchie also offers a vivid history of TV news from the early days of Meet the Press to Huntley and Brinkley and Walter Cronkite to the cable revolution led by C SPAN and CNN In addition he compares political news on the Internet to the alternative press of the 60s and 70s describes how black reporters slowly broke into the white press corps helped mightily by FDR s White House discusses path breaking woman reporters such as Sarah McClendon and Helen Thomas and much more From Walter Winchell to Matt Drudge the people who cover Washington politics are among the most colorful and influential in American news Reporting from Washington offers an unforgettable portrait of these figures as well as of the dramatic changes in American journalism in the twentieth century **Haig's Coup** Ray Locker,2019-05-01 When General Alexander

M Haig Jr returned to the White House on May 3 1973 he found the Nixon administration in worse shape than he had imagined President Richard Nixon reelected in an overwhelming landslide just six months earlier had accepted the resignations of his top aides the chief of staff H R Haldeman and the domestic policy chief John Ehrlichman just three days earlier Haldeman and Ehrlichman had enforced the president s will and protected him from his rivals and his worst instincts for four years Without them Nixon stood alone backed by a staff that lacked gravitas and confidence as the Watergate scandal snowballed Nixon needed a savior someone who would lift his fortunes while keeping his White House from blowing apart He hoped that savior would be his deputy national security adviser Alexander Haig whom he appointed chief of staff But Haig s goal was not to keep Nixon in office it was to remove him In Haig s Coup Ray Locker uses recently declassified

documents to tell the true story of how Haig orchestrated Nixon's demise, resignation and subsequent pardon. A story of intrigues, cover-ups and treachery, this incisive history shows how Haig engineered the soft coup that ended our long national nightmare and brought Watergate to an end. *The Emergence and Scope of the Voice of Government* Mordecai

Lee, 2023-03-21 Nowadays we all tend to be annoyed by bureaucracy and by propaganda if only because both touch our daily lives. This book examines the intersection of those two subjects: external communications emanating from government agencies. When bureaucracies communicate with us directly or via the news media, are we being bombarded with self-serving propaganda or with helpful information to improve our lives? Perhaps it is a mash-up of both purposes. This book examines the scope, uses and history of government communications. Topics of discussion include digital government, disaster communication, relations between the media and government agency spokespersons, democratic reporting to the citizenry, wartime public relations, PR and how US presidents and the US Congress treated bureaucratic PR. Several chapters are historical case studies, such as about an astronaut who became US Assistant Secretary of State for Public Affairs. In addition, two chapters examine President Nixon's record while in a more light-hearted vein; another presents the pop culture image of government spokespersons in movies. The book concludes with the origins of the academic study of external communications in public administration. **My Lai** Howard Jones, 2017 A trenchant and haunting account of the My Lai massacre in

Vietnam and its aftermath. **Elvis Presley, Richard Nixon and the American Dream** Connie Kirchberg, Marc Hendrickx, 2015-10-20 Elvis Presley and Richard Nixon are two of the most important and controversial figures of the twentieth century. Although fame came to them in very different ways, they rose from very similar backgrounds of poverty to seek the American Dream. These two remarkable men both had to face falls from grace but while Nixon rebounded from Watergate to regain a reputation as a distinguished elder statesman, Elvis was destroyed by the pressures of fame only to have his image restored after his death. Here for the first time the remarkable parallels in their lives are examined, balanced on the point of their historic December 21, 1970 meeting. Their similarities and differences as American icons are analyzed and numerous photographs, including all those taken during their meeting, are included. Together the stories of these two men form part of the essence of American culture. America's Uncivil Wars Mark H. Lytle, 2006-02-10 America's Uncivil Wars

explores the social, cultural issues that preoccupied America in the years 1954-1974. **Hollywood's Last Golden Age** Jonathan Kirshner, 2012-11-15 Between 1967 and 1976 a number of extraordinary factors converged to produce an uncommonly adventurous era in the history of American film. The end of censorship, the decline of the studio system, economic changes in the industry and demographic shifts among audiences, filmmakers and critics created an unprecedented opportunity for a new type of Hollywood movie, one that Jonathan Kirshner identifies as the seventies film. In Hollywood's Last Golden Age, Kirshner shows the ways in which key films from this period, including *Chinatown*, *Five Easy Pieces*, *The Graduate* and *Nashville*, as well as underappreciated films such as *The Friends of Eddie Coyle*, *Kluge* and *Night Moves*, were important

works of art in continuous dialogue with the political social personal and philosophical issues of their times These seventies films reflected the era s social and political upheavals the civil rights movement the domestic consequences of the Vietnam war the sexual revolution women s liberation the end of the long postwar economic boom the Shakespearean saga of the Nixon Administration and Watergate Hollywood films in this brief exceptional moment embraced a new aesthetic and a new approach to storytelling creating self consciously gritty character driven explorations of moral and narrative ambiguity Although the rise of the blockbuster in the second half of the 1970s largely ended Hollywood s embrace of more challenging films Kirshner argues that seventies filmmakers showed that it was possible to combine commercial entertainment with serious explorations of politics society and characters interior lives

Bad Moon Rising Arthur M. Eckstein, 2016-10-25 A startling history of the forlorn war between the Weather Underground and the FBI based on interviews and 30 000 pages of previously unreleased FBI documents In the summer of 1970 and for years after photos of Bill Ayers Bernadine Dohrn Jeff Jones and other members of the Weather Underground were emblazoned on FBI wanted posters In *Bad Moon Rising* Arthur Eckstein details how Weather began to engage in serious ideologically driven nationally coordinated political violence and how the FBI attempted to monitor block and capture its members and failed Eckstein further shows that the FBI ordered its informants inside Students for a Democratic Society SDS to support the faction that became Weather during the tumultuous June 1969 SDS convention helping to destroy the organization and that the FBI first underestimated Weather s seriousness then overestimated its effectiveness and how Weather outwitted them Eckstein reveals how an obsessed and panicked President Nixon and his inner circle sought to bypass a cautious J Edgar Hoover contributing to the creation of the rogue Plumbers Unit that eventually led to Watergate

Richard Nixon, Watergate, and the Press Louis W. Liebovich, 2003-05-30 It s time to revisit Watergate In this compelling reexamination Liebovich draws extensively from newly available sources including recently released Nixon Oval Office tapes FBI reports and personal reminiscences of cover up leader John Dean Liebovich sheds new light on the Nixon administration s extensive foul play zeal to battle and manipulate the press scandalous miring and eventual political disgrace After detailing the nation s news media coverage of the Watergate debacle and the ensuing breakup of American politics Liebovich recounts the scandal s long lasting corrosive effect on presidential and popular politics Scholars and students of the media and latter 20th century American political malaise will be provoked and persuaded by Liebovich s argument that much of the public s cynicism toward the press the president and politics stems from the bitter battles fought in the White House on the front pages and on television screens between the press and Nixon s administration The book focuses on the fight against a press perceived as hostile to the President and charts how the nation s major newspapers and magazines covered the unfolding scandal Newly released sources show how Nixon and his advisors immersed themselves so deeply in a maze of deception and mistrust that none involved could extricate themselves creating a political tragedy that haunts us to this day

When somebody should go to the books stores, search launch by shop, shelf by shelf, it is truly problematic. This is why we give the book compilations in this website. It will unconditionally ease you to see guide **Blind Ambition The White House Years** as you such as.
