and the Texas Cotton Trade Walter E. Wilson,2020-07-20 During the Civil War scoundrels from both the Union and Confederate sides were able to execute illicit but ingenious schemes to acquire Texas cotton Texas was the only Confederate state that bordered a neutral country it was never forcibly conquered and its coast was impossible to effectively blockade Using little known contemporary sources this story reveals how charlatans exploited these conditions to run the blockade import machinery and weapons and defraud the state s most prominent political military and civilian leaders in the process Best known for his role in the romantic entanglements of his co conspirator William Sprague Harris Hoyt stands out due to his sharp intellect and fascinating character Hoyt was able to draw most of Abraham Lincoln s inner circle into his web of deceit and even influenced the impeachment of President Andrew Johnson This is the first account to expose the depth and breadth of the many Texas cotton trading scams and the sheer audacity of the shadowy men who profited from them but managed to escape the gallows **British Town Class Cruisers** Conrad Waters,2019-11-18 Entering service between 1937

and 1939 the ten British Town class cruisers were the most modern vessels of their type in the Royal Navy when the Second World War began Built in response to large 6 inch gunned cruisers in the US and Japanese Navies and primarily designed for the defence of trade they saw arduous service in a wide range of roles playing a decisive part in victories such as the Battle of the Barents Sea and the destruction of the German Scharnhorst at the North Cape The cost was heavy four of the ships were lost and the other six all survived heavy damage in some cases on more than one occasion In this major study Conrad Waters makes extensive use of archive material to provide a technical evaluation of the Town class design and its subsequent performance He outlines the class s origins in the context of inter war cruiser policy explains the design and construction process and describes the characteristics of the resulting ships and how these were adapted in the light of wartime developments An overview of service focuses on major engagements assessing the extent to which the class met its designers expectations and detailing the consequences of action damage Concluding chapters continue the story into the Cold War era examining the modernisation programme that kept the remaining ships fit for service during the 1950s Heavily illustrated with contemporary photographs and drawings by A D Baker III John Jordan and George Richardson *British Town Class Cruisers* provides a definitive reference to one of the Royal Navy s most important Second World War warship designs

look at the French Navy during the years leading up to World War I an excellent addition to any naval library Naval Historical Foundation Of all the threats faced by the Royal Navy during the first years of the twentieth century the one which stood out was the risk to Britain's sea lines of communication posed by France's armoured cruisers Fast well armed and well protected these ships could have evaded any attempted blockade of the French ports and supported by a worldwide network of overseas bases could potentially have caused havoc on the trade routes Between 1898 and 1901 the French laid down thirteen ships and completed nine in 1903 4 alone This book has as its subject the French armoured cruisers built from the late 1880s until shortly before the outbreak of the Great War beginning with the revolutionary Dupuy de Lôme the world's first modern armoured cruiser and ending with the impressive six funnelled Edgar Quinet and Waldeck Rousseau The primary focus of the book is on the technical characteristics of the ships Detailed and labelled drawings based on the official plans are provided by John Jordan and each individual class of ship is illustrated by photographs from the extensive personal collection of Philippe Caresse The technical section is followed by a history in two parts covering the Great War 1914-18 and the postwar years during which the surviving ships saw extensive deployment as station cruisers overseas and as training ships This is the most comprehensive account published in English or in French and is destined to be the standard reference for many years to come Brilliant absolutely brilliant War History Online
