horror fiction written with
high style and unapologetic

Blood in Water 8 Short

Stories Madeleine Watson,2020-06-20 Between 2011 and 2014 I wrote eight short stories I had been writing stories since I was about six Weird scenarios would enter my head and I would feel compelled to write about them Blood in Water relates on Abby who makes an awful discovery about her family Dead Letter Room samples the life of lonely Finch at his workplace Outside enters the disturbed mind of an ex convict and What Goes Around considers the makings of a bully On the surface all appear to delve into diverse worlds and minds But this isn't quite so They are all about alienation My other stories are the same alienation It goes right back to my early children's mysteries of the Seventies How strange I hadn't noticed The reason is that I would make my own personal discovery in 2016 I was fifty one years old and living with my partner and two children Until then I was completely unaware of a vital truth about myself This truth has leaked into my stories and creations without my realisation This account is true Relevant diary entries have been included as well as illustrations Analyses and further dissections provides an insight into the force behind these stories and ventures into the strange phenomena I have discovered It's like a ghost language
