Blood On The Dining Room Floor A Murder Mystery:

Blood on the Dining-Room Floor Gertrude Stein, 2020-03-10 A quirky literary mystery from the iconic modernist writer known for her Jazz Age Paris salon and bestselling book *The Autobiography of Alice B. Toklas*. Gertrude Stein was a distinctly unique talent who penned many novels, essays, and poems. And on one occasion during a bout of writer's block, she decided to play with the popular genre of mystery fiction. The book that resulted, *Blood on the Dining Room Floor*, is not your typical whodunit just as Stein was not your typical author. With elements of her trademark avant-garde style, the story revolves around the mysterious passing of Madame Pernollet, who is found dead in the courtyard of a hotel owned by her husband. Incorporating some autobiographical details from events at her own French country house, Stein invites the reader to play detective and offers a glimpse into one of the early twentieth century's most interesting and challenging literary minds.

The Figure of the Detective Charles Brownson, 2014-01-23 This book begins with a history of the detective genre coextensive with the novel itself identifying the attitudes and institutions needed for the genre to emerge in its mature form around 1880 The theory of the genre is laid out along with its central theme of the getting and deployment of knowledge Sherlock Holmes the English Classic stories and their inheritors are examined in light of this theme and the balance of two forms of knowledge used in fictional detection cool or rational and warm or emotional The evolution of the genre formula is driven by changes in the social climate in which it is embedded These changes explain the decay of the English Classic and its replacement by noir hardboiled and spy stories to end in the cul de sac of the thriller and the nostalgic Neo Classic Possible new forms of the detective story are suggested

Facing the Abyss George Hutchinson, 2018-01-23 Mythologized as the era of the good war and the Greatest Generation the 1940s are frequently understood as a more heroic uncomplicated time in American history Yet just below the surface a sense of dread alienation and the haunting specter of radical evil permeated American art and literature Writers returned home from World War II and gave form to their disorienting experiences of violence and cruelty They probed the darkness that the war opened up and confronted bigotry existential guilt ecological concerns and fear about the nature and survival of the human race In *Facing the Abyss* George Hutchinson offers readings of individual works and the larger intellectual and cultural scene to reveal the 1940s as a period of profound and influential accomplishment *Facing the Abyss* examines the relation of aesthetics to politics the idea of

universalism and the connections among authors across racial ethnic and gender divisions Modernist and avant garde styles were absorbed into popular culture as writers and artists turned away from social realism to emphasize the process of artistic creation Hutchinson explores a range of important writers from Saul Bellow and Mary McCarthy to Richard Wright and James Baldwin African American and Jewish novelists critiqued racism and anti-Semitism women writers pushed back on the misogyny unleashed during the war and authors such as Gore Vidal and Tennessee Williams reflected a new openness in the depiction of homosexuality The decade also witnessed an awakening of American environmental and ecological consciousness Hutchinson argues that despite the individualized experiences depicted in these works a common belief in art's ability to communicate the universal in particulars united the most important works of literature and art during the 1940s Hutchinson's capacious view of American literary and cultural history masterfully weaves together a wide range of creative and intellectual expression into a sweeping new narrative of this pivotal decade
