Blow Up The Trumpet:

Henry Purcell Martin Adams,1995-03-09 Using a mix of broad stylistic observation and detailed analysis Adams distinguishes between late seventeenth century English style in general and Purcell s style in particular and chronicles the changes in the composer s approach to the main genres in which he worked especially the newly emerging ode and English opera As a result Adams reveals that although Purcell went through a marked stylistic development encompassing an unusually wide range of surface changes special elements of his style remained constant The Englishman's Hebrew and Chaldee Concordance of the Old Testament George V.
