Uddiyana Guru Padmasambhava : The Second Buddha Prabir Kumar Pattanaik, 2024-07-07 Buddhist Acharya Padmasambhava of the Vajrayana school of Mahayana sect being invited by the king of Tibet went there during the first half of the eighth century AD He firmly established this esoteric form of Buddhism there and other Himalayan lands which is known as Lamaism He is deified and celebrated in Lamaism as Buddha himself even more than that As a direct result of Padmasambhava's efforts the people of Tibet were elevated to a state of unsurmountable spiritual culture He is therefore truly one of the greatest of the world's culture heroes He is most revered and is honoured as the Second Buddha He belongs to India and hails from Uddiyana Therefore he is popularly known as Uddiyana Guru But a holy personality known all over the world a Great Guru is almost a forgotten name in India least remembered not in history not in literature not anywhere even among the Buddhist circles in India Padmasambhava originally belongs to Uddiyana the location of this place has been disputed by some scholars to be in Swat Valley within the ancient Gandhara region which is not tenable The present work is an attempt to study all aspects pertaining to this Guru starting from his magical appearance and penances to his mystical life his works and achievements all through the Himalayan region along with Tibet That leads to establish strongly that the home of the Uddiyana Guru is nowhere else but in Odisha Focus has been laid to establish facts and all evidences showing that Uddiyana is but Odisha This may be considered as the exclusive and exhaustive compilation published for the first time in India

Sources for the History of Bhutan Michael Aris, 2009-01-01 The four works included in this collection have enjoyed a rather chequered career They originally formed the second volume of the doctoral thesis Michael Aris submitted in 1978 to the University of London They have been included because of their value as crucial source material on the formative era of Bhutanese history as they cover the entire period leading to the full emergence of the Bhutanese theocracy Their relative brevity as compared with the other major works relevant to this period further suggested the convenience of including them as a group of inter related minor texts While the first two works in this collection have never before been available to modern scholars and are indeed hardly known even in Bhutan the next two which include a text translated from Portuguese have been partially known from the works of John Claude White Sikkim and Bhutan Twenty one years on the North East Frontier 1887 1908 London and C Wessels Early Jesuit Travelers in Central Asia The Hague 1924

Nepal's Relations with Sikkim and Bhutan, 1770-1900 Nagendra Śarmā, 2002 **Echoes of Enlightenment** Suzanne M. Bessenger, 2016 *Echoes of Enlightenment* The Life and Legacy of S nam Peldren explores the issues of gender and sainthood raised by the discovery of a previously unpublished liberation story of the fourteenth century Tibetan female Buddhist practitioner S nam Peldren *Food of Sinful Demons* Geoffrey Barstow, 2017-10-24 Tibetan Buddhism teaches compassion toward all beings a category that explicitly includes animals Slaughtering animals is morally problematic at best and at worst completely incompatible with a religious lifestyle Yet historically most Tibetans both monastic and lay have made meat a regular part of their diet In this study of the place of vegetarianism within Tibetan religiosity Geoffrey Barstow explores the tension between Buddhist ethics and Tibetan cultural norms to offer a novel perspective on the spiritual and social dimensions of meat eating *Food of Sinful Demons* shows the centrality of vegetarianism to the cultural history of Tibet through specific ways in which nonreligious norms and ideals shaped religious beliefs and practices Barstow offers a detailed analysis of the debates over meat eating and vegetarianism from the first references to such a diet in the tenth century through the Chinese invasion in the 1950s He discusses elements of Tibetan Buddhist thought including monastic vows the Buddhist call to compassion and tantric antinomianism that see meat eating as morally problematic He then looks beyond religious attitudes to examine the cultural economic and environmental factors that oppose the Buddhist critique of meat including Tibetan concepts of medicine and health food scarcity the display of wealth and idealized male gender roles Barstow argues that the issue of meat eating was influenced by a complex interplay of factors with religious perspectives largely supporting vegetarianism while practical concerns and secular ideals pulled in the other direction He concludes by addressing the surge in vegetarianism in contemporary Tibet in light of evolving notions of Tibetan identity and resistance against the central Chinese state The first book to discuss this complex issue *Food of Sinful Demons* is essential reading for scholars interested in Tibetan religion history and culture as well as global food history **Gyalsay Tenzin Rubgye and His Reincarnations** C. T. Dorji, 1999 **History of the Karmapas** Lama Kunsang, Lama Pemo, Marie Aubele, 2012-04-16 Masters of esoteric knowledge and miraculous practices the lineage of the Karmapas is the earliest of all the recognized incarnate lineages and is said to descend from the great Indian tantric master Tilopa through a chain that includes Naropa Marpa and Milarepa The Karmapas are distinguished by their black crowns said to have been woven by dakinis and symbolizing the activity of the buddhas Unlike other Tibetan Buddhist lineage heads each Karmapa has specific knowledge of his next reincarnation and leaves behind a Last Testament a letter to his disciples describing the place and circumstances of their future rebirth the name of their parents and so on At a very young age each successive incarnation is often able to recognize himself as the Karmapa In their recounting of the histories of the seventeen Karmapas the authors reveal the universal and marvelous concealed in the everyday world Their lively account peppered with anecdotes is the most comprehensive in the West on this subject with information from Tibetan Chinese Mongolian French and English sources

The Nyingma School of Tibetan Buddhism Dudjom, 2012-07-23 Written by a great modern Nyingma master Dudjom Rinpoche's *The Nyingma School of Tibetan Buddhism* covers in detail and depth both the fundamental teachings and the history of Tibetan Buddhism's oldest school. This is the first English translation of His Holiness' masterwork; it constitutes the most complete work of its type in the West. An absolute treasure for students of the tradition, it is also an indispensable reference for anyone with an interest in Buddhism. The book includes chronologies and glossaries that elucidate Buddhist doctrine and it provides fascinating insights into the Buddhist history of Tibet. Two treatises form the present volume: namely the *Fundamentals of the Nyingma School* and the *History of the Nyingma School*. Among the most widely read of all His Holiness' works, these treatises were composed during the years immediately following his arrival in India as a refugee. His intention in writing them was to preserve the precise structure of the Nyingma philosophical view within its own historical and cultural context. This is the first time this text has been available in a trade edition. Beautifully presented, this single volume edition represents a truly wonderful gift and features illustrations in black and white and in color, plus maps, bibliographic information, and useful annotations.

The Biographies of Rechungpa Peter Alan Roberts, 2007-03-12 This book traces the life story of Rechungpa (1084-1161), the student of the famous teacher Milarepa, using rare and little-known manuscripts and discovers how the image of both Milarepa and Rechungpa underwent fundamental transformations over a period of over three centuries. Peter Alan Roberts compares significant episodes in the life of Rechungpa as portrayed in a succession of texts and thus demonstrates the evolution of Rechungpa's biography. This is the first survey of the surviving literature which includes a detailed analysis of their dates, authorship, and interrelationships. It shows how Rechungpa was increasingly portrayed as a rebellious, volatile, and difficult pupil, as a lineage from a fellow pupil prospered to become dominant in Tibet. Written in a style that makes it accessible to a broad readership, Roberts' book will be of great value to anyone with an interest in the fields of Tibetan literature, history, or religion.
