Blue Collar God White Collar God:

Blue Collar God Terry Esau, 2001 The truth is simple but the perspective is revolutionary Esau tells stories of a God who became approachable and accessible like a cab driver or insurance salesman He also tells the stories of a God who is a galactic CEO the big I Am In this collection readers find both sides of the Creator transcendent yet accessible **Please God, Let There Be Another Boom** Grant McDowell, 2011-12 Do you feel that taking your faith to work is as welcome as driving a truck through a living room Please God Let There Be Another Boom is a reasonable and helpful guide showing foundations for integrating faith with work and exploring the practical impact of faith at work In an era where workers change jobs or move from city to city in order to sustain themselves and their families hope to continue will be found in these chapters After pouring solid footings for faith at work the author presents ten important areas where workers balance belief with business These areas include authority relationships at work verbal witness pay and its problems rest meaning at work prayer at work and more For over thirty years author Grant McDowell has shepherded people who live with the impossibilities and rewards of the workplace and he has engaged in their world via his blue collar background his involvement in the local business community and by seeking ways to encourage those who refuse to pretend spirituality is reserved for wooden benches in quiet sanctuaries **God in My Everything** Ken Shigematsu, 2013-08-06 Learn how to live with the peace and presence of God in the midst of our hectic busy lives Spiritual formation is more than just solitude and contemplative reflections Spiritual formation happens in the everyday in each and every moment of life For those caught up in the busyness of work family and church it often feels like time with God is just another thing on a crowded to do list Ken Shigematsu award winning author and pastor will teach you simple rhythms to help you slow down and experience God in every part of your life Through personal experiences stories and poetic and practical meditations Ken shares spiritual practices that will help you learn how to have a richer deeper connection with God no matter your life situation or vocation In God in My Everything discover how to create and practice a life giving sustainable rhythm in the midst of your demanding life As you learn how to savor the presence of Jesus you will find yourself more relaxed more thankful and more conscious of the Savior's presence and provision than ever before [America's Four Gods](#) Paul Froese, Christopher Bader, 2010-10-07 Despite all the hype surrounding the New Atheism the United States remains one of the most religious nations on Earth In fact 95% of Americans believe in God a level of agreement rarely seen in American life The greatest divisions in America are not between atheists and believers or even between people of different faiths What divides us this groundbreaking book shows is how we conceive of God and the role He plays in our daily lives America's Four Gods draws on the most wide ranging comprehensive and illuminating survey of American's religious beliefs ever conducted to offer a systematic exploration of how Americans view God Paul Froese and Christopher Bader argue that many of America's most intractable social and political divisions emerge from religious convictions that are deeply held but rarely openly discussed Drawing

upon original survey data from thousands of Americans and a wealth of in depth interviews from all parts of the country Froese and Bader trace America s cultural and political diversity to its ultimate source differing opinions about God They show that regardless of our religious tradition or lack thereof Americans worship four distinct types of God The Authoritative God who is both engaged in the world and judgmental The Benevolent God who loves and helps us in spite of our failings The Critical God who catalogs our sins but does not punish them at least not in this life and The Distant God who stands apart from the world He created The authors show that these four conceptions of God form the basis of our worldviews and are among the most powerful predictors of how we feel about the most contentious issues in American life Accessible insightful and filled with the voices of ordinary Americans discussing their most personal religious beliefs America s Four Gods provides an invaluable portrait of how we view God and therefore how we view virtually everything else **I Am God's**

Dream Michael K. Asher,2024-08-13 Michael K Asher has lived in the New England area of the USA his entire life He was brought up in a Christian home where love and the fear of God was instituted He grew up learning and living for God after choosing Christ at a very young age Since then life has taken him on a journey and it was through Word of Life Fellowship youth programs that helped cultivate his insightful gift That the knowledge and understanding of God s ways are above our own and to heed that direction This passion for being more in tune helped save him from much heartache but also equipped him when it happened Asher worked tirelessly in many roles from fast food warehouse retail and technology Today when he is not thinking deeply about God s game of life and the origins of reality he spends his time defending organizations in cybersecurity When not working he enjoys the gym the outdoors with his loving family Surrounded by his wife and two daughters he helps enrich their lives He is searching and following directions as he finds God s will in his life Now ready to share that pathway of discovery with all of you **God's Mediators** Andrew S. Malone,2017-12-05 There are many

investigations of the Old Testament priests and the New Testament s appropriation of such imagery for Jesus Christ There are also studies of Israel s corporate priesthood and what this means for the priesthood of God s new covenant people In this NSBT volume Andrew S Malone traces these two distinct threads and their intersection through Scripture with an eye to the contemporary Christian relevance *God's Outrageous Claims* Lee Strobel,2005 Examining important assertions that can

transform your life into an adventure of faith growth and lasting fulfilment this work shows how to relate to others with authenticity and make a real difference in the midst of a culture that s unravelling at the seams **God's Spies** Elisabeth Braw,2019-09-17 The real life cloak and dagger story of how East Germany s notorious spy agency infiltrated churches here and abroad East Germany only existed for a short forty years but in that time the country s secret police the Stasi developed a highly successful church department that using persuasion rather than threats managed to recruit an extraordinary stable of clergy spies Pastors professors seminary students and even bishops spied on colleagues other Christians and anyone else they could report about to their handlers in the Stasi Thanks to its pastor spies the Church Department official name

Department XX 4 knew exactly what was happening and being planned in the country's predominantly Lutheran churches. Yet ultimately it failed in its mission despite knowing virtually everything about East German Christians the Stasi couldn't prevent the church-led protests that erupted in 1989 and brought down the Berlin Wall. Veliyathil, 2010-01-28 If the God who spoke to Moses on Mount Sinai 3000 years ago does not speak to Mr Mosley in Miami Beach in 2009 we have a theological problem. This book is the result of a deep conviction that to be effective in the 21st century a preacher must focus one eye on the Bible and the other on the mass media. This collection of 52 sermons invites the reader to awaken to a new level of consciousness about his innate identity as a spiritual being and to affirm the divinity in others. The author beautifully blends his personal stories with the stories of God and challenges you to look beyond what you see to experience God with your sixth sense, treat every place as holy ground and to love your neighbor as an extension of your own self. Thought provoking and non traditional, these sermons are relevant beyond the walls of churches and chapels.

Richard Seddon: King of God's Own Tom Brooking, 2014-08-27 2014 Must Read Otago Daily Times The life, the health, the intelligence and the morals of the nation count for more than riches and I would rather have this country free from want and squalor and unemployed than the home of multi millionaires. Richard Seddon 1905 Casting a long shadow over New Zealand history. Richard John Seddon, Premier from 1893 to his untimely death in 1906, held a clear vision for the country he led. Pushing New Zealand in more egalitarian directions than ever before, he was both the builder and the maintenance man, if not the architect of our country. Challenging popular opinion of New Zealand's longest serving Prime Minister as a ruthless pragmatist, cunning misogynist and Imperialistic jingoist, this landmark biography of Seddon presents an altogether more sympathetic, erudite appraisal. Reconciling two generations of New Zealand scholarship, *Richard Seddon: King of God's Own* demonstrates that while holding fast to common ideals, Seddon was successful by mastering the art of the possible. He knew instinctively what his electorate would tolerate and remained in step with public opinion. Despite contradictions in his attitudes towards other races, he fought to ensure privilege did not become entrenched in what he envisioned as a white man's utopia. In this perceptive new evaluation, political historian Tom Brooking explains Seddon's complex relationship with Maori and shows how he, in fact, held a progressively bi-cultural vision for the future of God's Own Country. Seddon was no saint. Somewhat autocratic and given to petty nepotism, he nevertheless remains the most dominant political leader in our country's history. Internationally, his high profile within the Empire helped put New Zealand on the map. Domestically, he sought a middle ground between free market extremism and full-blown socialism. And more privately, Seddon was a devoted family man, his actions shaped much more by his supportive wife and assertive daughters than has previously been realised. *Richard Seddon: King of God's Own* is a superlative achievement in New Zealand history writing. Absorbing, wide-ranging and beautifully articulated, it reframes and repositions one of the founding fathers of modern New Zealand. The definitive biography of one of New Zealand's most influential political leaders. Paul Moon, author of *New Zealand in the Twentieth*

Century King of God's Own is a nuanced and generous assessment of our most famous Premier a man very much of his own time Gavin McLean co editor of the bestselling Frontier of Dreams The Story of New Zealand An excellent biography and a major revision of an important period in this country's history Barry Gustafson acclaimed biographer of Sir Keith Holyoake Sir Robert Muldoon and Michael Joseph Savage Also available as an eBook
