Blue Harpsichord:

A History of the Harpsichord Edward L. Kottick, 2003 *A History of the Harpsichord* brings together for the first time more than 200 photographs illustrations and drawings of harpsichords in public museums and private collections throughout Europe the United States Edward L Kottick draws on his extensive technical knowledge and experience as a harpsichord builder to detail the changing design structure and acoustics of the instrument over seven centuries Based on painstaking research the book considers the place of the instrument in society and vividly describes the market forces that brought about changes in its form decoration and cultural importance An accompanying CD includes performances on several of the historical instruments described and illustrated in the volume including a 1580 spinett virginal by Martin van der Biest and instruments built by Ruckers and Pleyel The volume devotes attention to American harpsichord design as well as to present and future uses of the instrument Also of interest *The History of the Pianoforte A Documentary in Sound* Eva Badura Skoda 0 253 33582 5 HB 37 95

The Historical Harpsichord Sheridan Germann, Richard Rephann, 2002 Volume IV of *The Historical Harpsichord* contains two monographs of major importance *Harpsichord Decoration A Conspectus* by Sheridan Germann and *A Fable Deconstructed The 1770 Taskin at Yale* by Richard Rephann Sheridan Germann an acclaimed scholar and practitioner in the field of harpsichord decoration offers the first comprehensive illustrated conspectus of the subject In Part I Ms Germann tells us that the styles of the decoration of harpsichords and spinets virginals and clavichords tended to follow contemporary furniture fashions but usually lagged conservatively behind the prevailing fashions Because unlike most furniture the instruments are often dated they provide rare documentation of how long these styles remained in common use This survey follows chronologically the five major regional traditions of keyboard instrument decoration Italian Flemish French German and English but with emphasis on the international changes in taste on which each region produced its own variations In Part II Richard Rephann of the Yale Musical Instrument Collection describes his research into the uniquely experimental construction of the 1770 Pascal Taskin harpsichord This essay forms a pendant to William Dowd's in Vol I that treats the surviving instruments of the Blanchet Taskin workshop up to 1770 The romantic provenance of the 1770 Taskin concocted by the antique trade to enhance the instrument's market value is revealed as a fable
