Image Processing and Analysis John C. Russ, J. Christian Russ, 2017-12-19 Image processing comprises a broad variety of methods that operate on images to produce another image A unique textbook Introduction to Image Processing and Analysis establishes the programming involved in image processing and analysis by utilizing skills in C compiler and both Windows and MacOS programming environments The provided mathematical background illustrates the workings of algorithms and emphasizes the practical reasons for using certain methods their effects on images and their appropriate applications The text concentrates on image processing and measurement and details the implementation of many of the most widely used and most important image processing and analysis algorithms Homework problems are included in every chapter with solutions available for download from the CRC Press website The chapters work together to combine image processing with image analysis The book begins with an explanation of familiar pixel array and goes on to describe the use of frequency space Chapters 1 and 2 deal with the algorithms used in processing steps that are usually accomplished by a combination of measurement and processing operations as described in chapters 3 and 4 The authors present each concept using a mixture of three mutually supportive tools a description of the procedure with example images the relevant mathematical equations behind each concept and the simple source code in C which illustrates basic operations In particular the source code provides a starting point to develop further modifications Written by John Russ author of esteemed Image Processing Handbook now in its fifth edition this book demonstrates functions to improve an image's features and detail visibility improve images for printing or transmission and facilitate subsequent analysis **Oswald Boelcke** R.G. Head, 2016-08-05 This biography of the pioneering WWI flying ace who mentored the Red Baron is fascinating it captures combat aviation at its inception MiG Sweep The Magazine of Aviation Warriors With a total of forty victories Oswald Boelcke was Germany's first ace in World War I and a century later he remains a towering figure in the history of air warfare renowned for his character inspirational leadership organizational genius development of air to air tactics and impact on aerial doctrine Paving the way for modern air forces across the world with his pioneering strategies Boelcke had a dramatic effect on his contemporaries The famed Red Baron's mentor instructor squadron commander and friend he exerted a tremendous influence upon the German air force He was one of the first pilots to be awarded the famous Pour le Mérite commonly recognized as the Blue Max All of this was achieved after overcoming medical obstacles in childhood and later life with willpower and determination Boelcke even gained the admiration of his enemies After his tragic death in a midair collision Britain's Royal Flying Corps dropped a wreath on his funeral and several of his captured foes sent another wreath from their German prison camp His name and legacy live on as seen in the Luftwaffe's designation of the Tactical Air Force Wing 31 Boelcke This definitive biography reveals his importance as a fighter pilot who set the standard in military aviation Out of the Sun Jerry Stilley, 2005-06 Out of the Sun is the stirring saga of two young men one an American and the other a German whose love of flying brings them together in the killing skies over France during World War I Luke Truman comes from a long line of

farmers He loves and respects the land and takes pride in what he does Luke's roots run as deep into the Missouri soil as do the cottonwoods along the river When pilot Red O Day practically lands on Luke while he's plowing a field Luke takes it as a sign to pursue his increasing fascination with aviation Heinrich Mueller longs for the day when he can finally fulfill his dream of becoming a pilot with the German High Command He doesn't mind that he is committed to spend the next four years at the university to study engineering In fact he looks forward to it as a stepping stone to his career in aviation Years later in the airspace over St Mihiel France the two airmen encounter each other in a fierce battle Even though they've never met and know they will probably never see each other again they share an understanding They are simply two young men whose love of flying brought them together both of them knights of the sky

Night in the Dog's Head Morris J. Brady, 2011-12-06

Night in the Dog's Head is a historically based novel of courage and sacrifice American soldiers are committed to a war half way around the world to preserve a nation from a takeover by a socialist tyrant The policy that sent Americans to Asian battlefields was subsequently repudiated For the next three years US Forces fought and died in a war their country no longer wanted to win While American forces consistently won their battles and inflicted appalling casualties on their foe a poorly informed and sensation seeking media mislead the American public conflicted politicians turned against the war and the US submitted to a third rate Asian nation The novel is set in the political and military affairs of the time It realistically presents the courage and dedication the successes and the failures of the men who fought not for principal but to survive a war their nation didn't want to win Friend and foe alike are followed to reveal who they were how and why they fought It is a story of the Vietnam War the way it was At the center is a single undermanned American battalion destined to face a numerically superior enemy whose orders are to kill the Americans After more than 58 000 Americans were killed in action US forces were withdrawn without a single concession from the enemy The units cited are real the incidents and characters have been contrived to suit the story

Born in Brooklyn-- Raised in the Cav! John E. Flanagan, 2002-02

Here's about the book Twenty one years after leaving Vietnam for the first time the author attends a reunion of former pilots who flew helicopters in Vietnam Reuniting with his classmates and some of his

fellow pilots he flew with in Vietnam brings back a rush of memories and stories of times past The following years reunions build on the first as more and more of the pilots he served with are reunited The reunions stir memories and deeds of times past are recounted in a steady stream of war stories He soon realizes that he doesn't want these stories these war stories lost and decides to write them down before he forgets the details As the stories unfold more memories come back and he records them too His intent was not to document the history of the US involvement in the Vietnam War nor be a definitive history of the famous B Troop 1st Squadron 9th US Cavalry Regiment His intent was to record his personal memory of the events some 30 plus years ago from his perspective He talks about growing up in Brooklyn living in his grandmother's house on 40th Street his gang of friends from Saint Michael's Church and of the events that led to his decision to volunteer for the draft Tracing the draft process he tells of narrowly avoiding being drafted in the Marine Corps He continues to tell the story of his journey through the army's classification and assignment system that results with him being selected for helicopter pilot training The life of a warrant officer candidate presented a number of challenges that needed to be overcome if his plan to beat the army system was to be realized He tells of some of the more interesting incidents in his flight training and preparation for combat Things changed after earning his wings and arriving in Vietnam Somewhere along the line the reality of the situation presents itself and John volunteers for the famous reconnaissance squadron of the 1st Cavalry Division The 1st of the 9th was known for its ferocity in combat and its high casualty rate especially among flight crews History records that this single unit was responsible for a large percentage of the entire division's enemy kills His description of some of the sights and sounds of life in B Troop will surely remind other veterans of their time in Vietnam He will certainly stir the memories of others that served in the air cavalry and perhaps even others who were supported by them The stories are real The people are real John Flanagan writes them as he would tell them to you in person Sometimes funny sometimes serious sometimes rambling sometimes clearly but always truthfully and as he remembers them The result of these writings are Born in Brooklyn Raised in the Cav The Aviation Museum at Fort Rucker Alabama the 1st Cavalry Museum at Fort Hood Texas keeps this book in stock A reviewer said I learned to better appreciate the Army helo pilot January 30 2004 Reviewer E M from san diego ca USA Well it certainly is a long journey from the dreary streets of Brooklyn to the miserable and dangerous fields and skies of Viet Nam at war Major Flanagan has travelled this route and shares his adventure with the reader He is a real American hero as are all his brethren flying warrant officers Yet he tells his story without bravado or arrogance He is simply telling the story of his experience in Viet Nam as a young 19 year old plucked from the streets of Brooklyn and injected into the chaos of war He writes of his training as well as his wartime experiences Often his enemy was the weather as much as the NVA on the ground Major Flanagan writes in a simple readable style without pretension his memories are direct straightforward and sprinkled with a dash of Irish wit and humor If one wants to know the life of an Army helo pilot on the front lines of the Viet Nam war this is a book to read Beyond the daily life of the helo pilot we also learn
