

SPACE QUEST III: THE PIRATES OF PESTULON

Roger Wilco, galactic custodian, takes off on his third adventure in the highly entertaining *Space Quest III: The Pirates of Pestulon*. Sierra's interactive games (including *Gold Rush!*; the *King's Quest*, *Police Quest*, and *Space Quest* series) boast top-notch graphics and an involving — if unlikely — plot.

At the conclusion of *Space Quest II*, Roger's ship crashed into a junk freighter. As the *Pirates of Pestulon* starts, Roger must search the freighter for a ship to fix up before he can escape.

His new space adventures take him to planet Phleeebhut, where he trades with the natives and is almost ground into Salisbury steak by the Terminator. He risks intergalactic indigestion with the cuisine at Monolith Burgers, where he also drops a few buckazoids into the universe's favorite video game, *Astro Chicken*. And Roger goes to Pestulon, where he tries to rescue the Two Guys from Andromeda, game designers extraordinaire.

Interactive game lovers won't be disappointed by *Space Quest III*. Arcade fans will also be pleasantly surprised by the video game *Astro Chicken*; by the robot slaughter *Nuke 'em, Duke 'em*; and by the space ship shoot-em-up that ends the game.

Sierra On-Line

Don't bother checking out the assorted flying saucers and crushed space modules on the freighter. What you're looking for is a sleek, modern model. Something, maybe, that only needs a little fixing up.

HINT You'll never be able to get your pod working again, so spend your time on the junk freighter finding and repairing a new ship. The only supplies you'll need are the warp motivator, the reactor, and a piece of wire. Blasting off is a breeze — unless you've forgotten to turn on your radar (to maneuver in the small room), or your front shield (to protect your ship as you blow a hole in the freighter to escape).

The only way to get to the second level of the junk freighter is to climb aboard the bucket conveyor. But be ready to stand and jump fast because the bucket will dump you all too close to a shredder. Not a pretty sight.

If you've mapped the first level of the junk freighter, you'll have an easier time on the second level. You'll have to find the room with your pod and use the grabber's claw to pick up the dense warp motivator.

You don't really have to worry about rats attacking you (at least, in this room) while you search for the reactor. The exit is to the right over by the ladder. Climb up, then pull the ladder up behind you.
