The Post-Recombination Universe N. Kaiser, A.N. Lasenby, 2012-12-06 This volume consists of invited talks and contributed papers presented at the NATO Advanced Study Institute The Post Recombination Universe which was held in Cambridge in the summer of 1987 There have in recent years been numerous meetings devoted to problems in observational cosmology The attention given reflects the exciting rate of development of the subject and a survey of the proceedings from these symposia reveals that a great deal of emphasis has been given to consideration of the very early universe on the one hand and to large scale structure in the universe at the present epoch on the other The theme of this meeting was chosen to complement these efforts by focussing on the state of the universe at quite early times but at those epochs which are still accessible to direct observations The meeting provided a broad coverage of the post recombination universe by drawing on experts from a wide variety of fields covering theory background radiation fields and discrete sources at high redshift Events in the moderately early universe will have left their mark in a great range of wavebands from X rays to the microwave region and the evolution of the universe can be revealed by studies of the inter galactic medium gravitational lensing and the abundance and clustering of high redshift sources All of these subjects received much attention at the meeting and the papers demonstrate the rich interplay between these areas in the rapidly expanding world of observational cosmology

Street Dreams Tama Wise, 2012-03-01 Tyson Rua has more than his fair share of problems growing up in South Auckland Working a night job to support his mother and helping bring up his two younger brothers is just the half of it His best friend Rawiri is falling afoul of a broken home and now Tyson's fallen in love at first sight Only thing is it's another guy Living life on the sidelines of the local hip hop scene Tyson finds that to succeed in becoming a local graffiti artist or in getting the man of his dreams he's going to have to get a whole lot more involved And that means more problems The least of which is the leader of the local rap crew he's found himself running with Love life and hip hop never do things by half

An Open Door: Evangelism through the Spiritual Gifts Nathan Brown, 2014-12-05 A glimpse at the book of Acts reveals how commonplace both the spiritual gifts and evangelism were to the health and vitality of the early church Often the operation of these gifts opened the door for the gospel message to be proclaimed In An Open Door Nathan Brown challenges you to both discover your spiritual gifts and better understand how your gifts can be best employed to glorify God and open a spiritual door for evangelism to take place
