Murfett,2008-11-04 Naval Warfare 1919 45 is a comprehensive history of the war at sea from the end of the Great War to the end of World War Two Showing the bewildering nature and complexity of the war facing those charged with fighting it around the world this book ranges far and wide sweeping across all naval theatres and those powers performing major as well as minor roles within them Armed with the latest material from an extensive set of sources Malcolm H Murfett has written an absorbing as well as a comprehensive reference work He demonstrates that superior equipment and the best intelligence ominous power and systematic planning vast finance and suitable training are often simply not enough in themselves to guarantee the successful outcome of a particular encounter at sea Sometimes the narrow difference between victory and defeat hinges on those infinite variables the individual s performance under acute pressure and sheer luck Naval Warfare 1919 45 is an analytical and interpretive study which is an accessible and fascinating read both for students and for interested members of the general public

Blue Water Kiwis Matthew Wright,2019-03-17 In the summer of 1873 New Zealand was rocked by a scandal Auckland newspaper editor David Leckie insisted that Russian terrorists had taken over a British warship in Auckland s Waitemata harbour and held the town to ransom It was a hoax of course but he did it to highlight New Zealand s growing sense of vulnerability as one of Britain s furthest flung colonies So in earnest began New Zealand s naval story one that extended through the highs and lows of the twentieth century the First World War when New Zealand naval forces and personnel fought from the North Sea to the Pacific to the Second when New Zealand s naval forces and personnel served in most of the major theatres and finally the Cold War It was a dramatic exciting and ultimately human tale of people politics heroism and struggle played out over more than 130 tumultuous years

Blue Water Kiwis New Zealand's Naval Story Matthew Wright,2003

The Battlecruiser New Zealand Matthew Wright,2022-07-08 This book tells the story of HMS New Zealand a battlecruiser paid for by the government of New Zealand at the height of its pro Imperial jingo era in 1909 when Britain s ally Japan was perceived as a threat in Australasia and the Pacific Born of the collision between New Zealand s patriotic dreams and European politics the tale of HMS New Zealand is further wrapped in the turbulent power plays at the Admiralty in the years leading up to the First World War The ship went on to have a distinguished First World War career when she was present in all three major naval battles Heligoland Dogger

Bank and Jutland in the North Sea The book busts many of the myths associated with the ship and her construction including the intent of the gift New Zealand's ability to pay deployment and the story behind the piupiu skirt and tiki pendant that the crew believed bestowed special protection upon the vessel All is interwoven with the human and social context to create a biography of the ship as an expression of human endeavour in significantly more detail than any of the summaries available in prior accounts Extensively illustrated this is a book with appeal to a wide audience from naval enthusiasts and historians to the general reader with a wider interest in the story of Empire The use of archival material available only in New Zealand including the Ship's Book adds a dimension and novelty not previously included in histories of this great battlecruiser

Convicts: New Zealand's Hidden Criminal Past Matthew Wright, 2012-07-02 New Zealanders have long been proud of their ancestry untainted by the convict stain They should think again Fascinating Sydney Morning Herald New Zealand's Pakeha origin as a bolt hole for convicts escaping Australia a place where former convicts joined whaling and sealing gangs and where sea captains thumbed their noses at the law has been quietly forgotten It has become a hidden part of our past buried under the convenient fiction that the Treaty of Waitangi is the sole pivot of New Zealand's colonial story In *Convicts* New Zealand's Hidden Criminal Past noted historian Matthew Wright challenges that notion Our early nineteenth century Pakeha past is at least in part a story of convicts who had found their way past the edge of the law an age of heroic tales of survival scurrilous deeds cannibalism and piracy Matthew Wright is one of New Zealand's most published historians and is a Fellow of the Royal Historical Society of University College London Matthew Wright is one of our most prolific social historians an assiduous researcher and an engaging writer Weekend Press **Man of Secrets** Matthew Wright, 2015-01-30 Donald McLean The hard tempered Scot whose policies shaped New Zealand's colonial age race relations and gave rise to grievances that echo into the twenty first century The government official who used his position to get land for his personal ventures and provoked war between Maori along the way The man who rumour insists used his power as our Minister of Defence to order the shooting of his own illegitimate son the right hand man of religious leader Te Kooti McLean's role as the powerhouse behind some of the most heated land controversies of settler era New Zealand is well known But the man behind those deeds has remained largely hidden *Man of Secrets* an absorbing new biography by Matthew Wright goes behind the public persona revealing the private Donald McLean A man dogged by his upbringing wrestling with his insecurities a devout and fearful man who felt himself inadequate before God and who never recovered from the loss of his young wife

Western Front Matthew Wright, 2005 The New Zealanders surged up the scaling ladders and over the top into the dawn mist In November 2004 a soldier from the Western Front was chosen to symbolise all New Zealand's military heritage underlining the way that our experience in Belgium and France between 1916 and 1918 speaks to us over the years and generations Why did so many New Zealanders sail from the uttermost ends of the Earth to die in muddy foreign soil and were the tactics really as mindless as climbing out of a trench and walking very slowly towards the Germans until everyone was
