Turnaround William Bratton,Peter Knobler,2009-03-04 When Bill Bratton was sworn in as New York City s police commissioner in 1994 he made what many considered a bold promise The NYPD would fight crime in every borough and win It seemed foolhardy even everybody knows you can t win the war on crime But Bratton delivered In an extraordinary twenty seven months serious crime in New York City went down by 33 percent the murder rate was cut in half and Bill Bratton was heralded as the most charismatic and respected law enforcement official in America In this outspoken account of his news making career Bratton reveals how his cutting edge policing strategies brought about the historic reduction in crime Bratton s success made national news and landed him on the cover of Time It also landed him in political hot water Bratton earned such positive press that before he d completed his first week on the job the administration of New York s media hungry mayor Rudolph Giuliani threatened to fire him Bratton gives a vivid behind the scenes look at the sizzle and substance and he pulls no punches describing the personalities who really run the city Bratton grew up in a working class Boston neighborhood always dreaming of being a cop As a young officer under Robert di Grazia Boston s progressive police commissioner he got a ground level view of real police reform and also saw what happens when an outspoken dynamic

reform minded police commissioner starts to outshine an ambitious mayor He was soon in the forefront of the community policing movement and a rising star in the profession Bratton had turned around four major police departments when he accepted the number one police job in America When Bratton arrived at the NYPD New York's Finest were almost hiding they had given up on preventing crime and were trying only to respond to it Narcotics Vice Auto Theft and the Gun Squads all worked banker's hours while the competition the bad guys worked around the clock Bratton changed that He brought talent to the top and instilled pride in the force he listened to the people in the neighborhoods and to the cops on the street Bratton and his dream team created Compstat a combination of computer statistics analysis and an unwavering demand for accountability Cops were called on the carpet and crime began to drop With Bratton on the job New York City was turned around Today New York's plummeting crime rate and improved quality of life remain a national success story Bratton is directly responsible and his strategies are being studied and implemented by police forces across the country and around the world In Turnaround Bratton shows how the war on crime can be won once and for all

W. Brands,1997 One episode dominates the memory of Lyndon Johnson s presidency the Vietnam War The war has so darkened Johnson s reputation that it is difficult for many to recall his policies in a positive light especially his foreign policy Now historian H W Brands offers a fresh look at Johnson s handling of international relations putting Vietnam in the context of the many crises he confronted and the outdated policies of global containment he was expected to uphold The result is a fascinating portrait of a master politician at work maneuvering through a series of successes that made his ultimate failure in

Vietnam all the more tragic In *The Wages of Globalism* Brands conducts a witty and insightful tour through LBJ's foreign policy a tour that begins in Washington runs through Santa Domingo Nicosia and Jakarta and ends in Saigon He opens with a thoughtful portrayal of the tense often fruitful relationship between the domineering Johnson and his advisers Dean Rusk Robert McNamara George Ball Clark Clifford Walt Rostow as he picked up Kennedy's legacy and sought to make it his own Leaving Vietnam for the end Brands presents the various crises with all the force the White House felt at the time the Dominican intervention India impending famine and war with Pakistan the coup against Sukarno in Indonesia France's departure from NATO's unified command the threat of fighting between Greece and Turkey over Cyprus the Six Day War and the worry that Germany might acquire nuclear weapons In each Brands captures the uncertainty in Washington and the conflicting advice that Johnson received The picture that emerges is remarkably positive revealing the president's ability to pick his way through fierce complexities He forcefully stopped a war over Cyprus handled de Gaulle with equanimity and skill and over the objections of all his advisers intentionally delayed shipping grain to famine threatened India creating a real momentum for agricultural reform in that country that ultimately led to self sufficiency Only in Vietnam did Johnson's sure balance of determination and judgment break down worried about his domestic program and the need to stand firm against aggression he let his determination run away with him In 1947 H W Brands writes Truman made a bad bargain with history By the time Johnson inherited the White House it had become painfully clear that America was no longer supreme in the world able to prop up the status quo worldwide In this fascinating behind the scenes account Brands shows how skillfully Johnson steered the nation into the new era until in Southeast Asia politics and his own personality led him into the ultimate trap of the Truman Doctrine
