SOLDIERS OF THE GREAT WAR

Deaths Men Soldiers Of The Great War

Peter Simkins

Deaths Men Soldiers Of The Great War:

Death's Men Denis Winter, 1979 **Dramas of the Past on the Twentieth-Century Stage** Alexander Feldman, 2013-01-17 This book defines and exemplifies a major genre of modern dramatic writing termed historiographic metatheatre in which self reflexive engagements with the traditions and forms of dramatic art illuminate historical themes and aid in the representation of historical events and in doing so formulates a genre Historiographic metatheatre has been and remains a seminal mode of political engagement and ideological critique in the contemporary dramatic canon Locating its key texts within the traditions of historical drama self reflexivity in European theatre debates in the politics and aesthetics of postmodernism and currents in contemporary historiography this book provides a new critical idiom for discussing the major works of the genre and others that utilize its techniques Feldman studies landmarks in the theatre history of postwar Britain by Weiss Stoppard Brenton Wertenbaker and others focusing on European revolutionary politics the historiography of the World Wars and the effects of British colonialism The playwrights under consideration all use the device of the play within the play to explore constructions of nationhood and of Britishness in particular Those plays performed within the framing works are produced in places of exile where Feldman argues the marginalized negotiate the terms of national identity through performance **Life, Death, and Growing Up on the Western Front** Anthony Fletcher, 2013-10-28 This book was inspired by the author's discovery of an extraordinary cache of letters from a soldier who was killed on the Western Front during the First World War The soldier was his grandfather and the letters had been tucked away unread and unmentioned for many decades Intrigued by the heartbreak and history of these family letters Fletcher sought out the correspondence of other British soldiers who had volunteered for the fight against Germany This resulting volume offers a vivid account of the physical and emotional experiences of seventeen British soldiers whose letters survive Drawn from different regiments social backgrounds and areas of England and Scotland they include twelve officers and five ordinary Tommies The book explores the training journey to France fear shellshock and life in the trenches as well as the leisure love and home leave the soldiers dreamed of Fletcher discusses the psychological responses of 17 and 18 year old men facing appalling realities and considers the particular pressures on those who survived their fallen comrades While acknowledging the horror and futility the soldiers of the Great War experienced the author shows another side to the story focusing new attention on the loyal comradeship robust humor and strong morale that uplifted the men at the Front and created a powerful bond among them **Mirrors of Mortality (Routledge Revivals)** Joachim Whaley, 2012-08-06 First published in 1981 this reissue examines mankind's preoccupation with death and mortality by isolating various societies in different periods of time The authors examine not only the formal rituals associated with the last rite of passage but also the social attitudes to death and dying which these rituals evidence The essays establish that different periods do seem to be characterized by different images of death and attitudes to it but the authors wisely avoid trying to impose strict chronological pattern A pioneering

work in the historical study of attitudes to death this reissue should reignite discussion on the significance of death in human history Christiane Sourvinou Inwood examines attitudes to death as reflected in myth and religious thought in Ancient Greece and relates them to social and economic change R C Finucane analysis the social significance of the exemplary deaths of kings criminals traitors and saints in medieval Europe Paul Fritz s essay illustrates the importance of royal burials in early modern Britain while Joachim Whaley examines the social and political significance of funerals in Hamburg between 1500 and 1800 John McManners discusses the work of Philippe Aries and other prominent French scholars on the history of attitudes to death David Irwin examines the images of death portrayed in European tombs around 1800 C A Bayly analyzes the relationship between death ritual and society in Hindu Northern India while David Cannadine discusses the impact of war on attitudes to death in modern Britain

Murder in Our Midst Omer Bartov,1996 He shows how the way we understand ourselves reflects the ambivalent effects of the Holocaust on our perceptions of war and violence history and memory progress and barbarism

A Companion to Europe, 1900 - 1945 Gordon Martel,2011-03-21 This volume brings together a distinguished group of international scholars to discuss the major debates in the study of early twentieth century Europe Brings together contributions from a distinguished group of international scholars Provides an overview of current thinking on the period Traces the great political social and economic upheavals of the time Illuminates perennial themes as well as new areas of enquiry Takes a pan European approach highlighting similarities and differences across nations and regions

Exhibiting War Jennifer Wellington,2017-09-21 A comparative study of how museum exhibitions in Britain Canada and Australia were used to depict the First World War

A Handbook of Military Strategy and Tactics Michiko Phifer,2012-07-13 The book discusses the importance of Military Strategy and Tactics during conflicts with some proven examples

The Northumbrians Daniel M. Jackson,2019 A stirring account of the Northumbrians and their astonishing contribution to British and global history

Kitchener's Army Peter Simkins,1988

Political Memoir George W. Egerton,1994 The genre of political memoir has a long history from its origins in classical times through its popularity in the age of courts and cabinets to its ubiquity in modern mass cultures where retired politicians increasingly attract large and eager readerships for their revelations Yet there is virtually no scholarly criticism which treats this complex form of literature as a distinct genre fusing autobiographical historical and political elements The essays in this book draw together the collaborative findings of a team of British European American and Canadian scholars to present a pioneering historical and critical study of the genre of political memoir analysing the development of its distinct functions and assessing leading memoirists in European American Canadian Indian and Japanese societies The editor George Egerton introduces the volume and surveys the principal features of the genre over its long history Otto Pflanze analyses the memoirs of Bismarck Robert Young Milton Israel Joshua Mostow and Robert Bothwell study the memoir literature of France India Japan and Canada respectively Barry Gough and Tim Travers look at naval and military memoirists while Zara Steiner B J C McKercher and

Valerie Cromwell assess the memoirs of diplomats and their families Leonidas Hill examines the memoirs of leading Nazis John Munro Francis Heller and Robert Ferrell convey inside information on the making of memoirs notably by the Canadian Prime Ministers Diefenbaker and Pearson and the American President Truman Stephen Ambrose assays Nixon as memoirist while Janos Bak portrays the status of memoirists under totalitarian regimes Wesley Wark and John Naylor analyse the proliferation of intelligence memoirs and government efforts to protect official secrets from the revelations of the candid memoirist The principal findings reached by the contributors in their study of this problematic but influential genre are set out by the editor in the concluding chapter

Before My Helpless Sight Leo van Bergen, 2016-04-15 Despite the numerous vicious conflicts that scarred the twentieth century the horrors of the Western Front continue to exercise a particularly strong hold on the modern imagination The unprecedented scale and mechanization of the war changed forever the way suffering and dying were perceived and challenged notions of what the nations could reasonably expect of their military Examining experiences of the Western Front this book looks at the life of a soldier from the moment he marched into battle until he was buried In five chapters Battle Body Mind Aid Death it describes and analyzes the physical and mental hardship of the men who fought on a front that stretched from the Belgian coast to the Swiss border Beginning with a broad description of the war it then analyzes the medical aid the Tommies Bonhommes and Frontschweine received or all too often did not receive revealing how this aid was often given for military and political rather than humanitarian reasons getting the men back to the front or munitions factory and trying to spare the state as many war pensions as possible It concludes with a chapter on the many ways death presented itself on or around the battlefield and sets out in detail the problems that arise when more people are killed than can possibly be buried properly In contrast to most books in the field this study does not focus on one single issue such as venereal disease plastic surgery shell shock or the military medical service but takes a broad view on wounds and illnesses across both sides of the conflict Drawing on British French German Belgian and Dutch sources it shows the consequences of modern warfare on the human individuals caught up in it and the way it influences our thinking on humanitarian activities

The British Imperial Army in the Middle East James E. Kitchen, 2014-01-16 The First World War has often been understood in terms of the combat experiences of soldiers on the Western Front those combatants who served in the other theatres of the war have been neglected Using personal testimonies official documentation and detailed research from a diverse range of archives *The British Imperial Army in the Middle East* explores the combat experiences of these soldiers The army that fought the Ottoman Empire was a multinational and multi ethnic force drawing personnel from across Britain's empire including Australia New Zealand and India By taking a transnational and imperial perspective on the First World War this book ensures that the campaigns in Egypt and Palestine are considered in the wider context of an empire mobilised to fight a total and global war

Conchies Andy Ward, 2015-07-28 On the centenary of the Great War we hear and read of valiant and heroic stories There is another story one less spoken of The story

of the people who refused to fight for their country Today the individuals mentioned in this book would be the focus of internet trolls In their own day they elicited an equally vehement reaction from their communities These were the people who refused to fight for their country and they were known as Conscientious Objectors This book provides a remarkable testimony about the experiences of conscientious objectors and their treatment at the hands of the state It contradicts the received view that these objectors were treated universally brutally by the army the prison system and the government and is bound to lead to a modification of the orthodox view Andy Ward was given access to 300 letters that had been discovered in a local family s attic They record a correspondence from 1916 to the end of the war between Leonard and Roland Payne two brothers who chose to become conscientious objectors and their friends and family The letters follow their journey as the authorities attempted to dissuade them from their course of action through punishment until finally they were placed in a situation where they could be useful Conchies is not a work of purely local history Rather it is a case study local history in a national context and national history in a local context It is also a very human story treated with balance and thought It will appeal to those interested in the First World War civilian experiences of the War British social history the evolving nature of public opinion and the ethical and moral issues of conscience

A Place to Remember Bruce Scates,2009-11-04 This book charts the Shrine s history from the first fatalities of the Gallipoli landing to the present day

God and the British Soldier Michael Snape,2007-05-07 Drawing on a wealth of new material from military ecclesiastical and secular civilian archives this book shows that religion had much greater currency and influence in twentieth century British society than has previously been realized

The First World War Stuart Robson,2007 This is a compelling account of the First World War It offers clear analysis of the war on land sea and air and considers the impact of the war on Europe s civilian population Issues addressed include the relationship between war and industrialisation trench warfare the long term effects of the war on changing social structures and economic and demographic consequences The main text is supplemented by a rich selection of primary source material from songs soldiers slang to diary accounts

France and Britain, 1900-1940 P. M. H. Bell,2014-05-12 The first of a two volume study which will analyse the complex relationship between Britain and France in the twentieth century a relationship which has been crucial to European politics and to both World Wars This volume fully self contained runs from the period of intense imperial rivalry at the turn of the century to the Fall of France Philip Bell discusses diplomatic economic and military policy combining absorbing narrative with revealing commentary about the two countries

Smoke Em If You Got Em Joel Bius,2018-11-15 The American military industrial complex and accompanying culture are most often associated with massive weapons procurement programs and advanced technologies However one aspect of the complex is not a weapon or even a machine but one of the world s most highly engineered consumer products the manufactured cigarette Smoke Em If You Got Em describes the origins of the often comfortable yet increasingly controversial relationship among the military the cigarette industry and tobaccoland politicians during the twentieth century

Smoke Em If You Got Em is also a study in modern American political economy Bureaucrats soldiers lobbyists government executives legislators litigators or anti smoking activists all struggled over far reaching policy issues involving the cigarette The soldier cigarette relationship established by the Army in World War I and broken apart in the mid 1980s underpinned one of the most prolific social cultural economic and healthcare related developments in the twentieth century the rise and proliferation of the American manufactured cigarette smoker and the powerful cigarette enterprise supporting them Using the manufactured cigarette as a vehicle to explore political economy and interactions between the military and American society Joel R Bius helps the reader understand this important yet overlooked aspect of twentieth century America

American Gadfly Ronald R. Gray, 2019-09-27 The American cultural historian literary and social critic and college professor Paul Fussell 1924 2012 is primarily noted for his famous work *The Great War and Modern Memory* but he also wrote and edited 21 books on a wide variety of topics ranging from 18th century British literature to works on World War II and sardonic critiques of American society and culture This book offers a thorough introduction to his writings and thought and argues for Fussell s importance and relevancy Covering Fussell s traumatic experience in World War II and the important influence it had on his life and outlook this intellectual biography puts in context Fussell s perspectives on ethics the human experience war and literature as an evaluative and critical endeavor
