**The Living from the Dead** Stuart J. Murray, 2022-09-20 In a society that aims above all to safeguard life how might we reckon with ethical responsibility when we are complicit in sacrificial economies that produce and tolerate death as a necessity of life Arguing that biopower can be fully exposed only through an analysis of those whom society has let die Stuart J Murray employs a series of transdisciplinary case studies to uncover the structural and rhetorical conditions through which biopower works These case studies include the concept of sacrifice in the war against COVID 19 where emergent cultures of pandemic resistance are explored alongside suicide bombings and military suicides the California mass hunger strikes of 2013 legal cases involving preventable and untimely childhood deaths exposing the irreconcilable claims of anti vaxxers and Indigenous peoples and the videorecording of the death of a disabled Black man Murray demonstrates that active resistance to biopower inevitably reproduces tropes of making live and letting die His counter to this fact is a critical stance of disaffirmation one in which death disrupts the politics of life itself A philosophically nuanced critique of biopower *The Living from the Dead* is a meditation on life death power language and control in the twenty first century It will appeal to students and scholars of rhetoric philosophy and critical theory *Death's Other Kingdom* Krista Caselli, 2012-06-26 Based off T S Eliot s poem *The Hollow Men* the story follows the twisted life of James Galiena as he tries to cope with the loss of his brother as well as the corruption in the new life he found at Gemini *A Companion to T. **The Image of Modern Man in T. S. Eliot's Poetry** Mariwan Nasradeen Hasan Barzinji, 2012-11-21 The Image of Modern Man in T S Eliot s Poetry The book presents an original understanding of The Image of Modern Man in T S Eliots complex and difficult poems in an easy and understandable way Eliots vision of the Modern Man and the modern world is depicted throughout Eliots most well known poems Eliot was criticized by some critics for the quality of his work The aim of this book is to show what an excellent and successful writer he is to reveal the value and the contemporaneity of his work His poetry is highly evaluated for its unique way of depicting the Modern humanity by realizing their problems as well as finding solutions for them The book is a great help not only for students but also for researchers as the writer has spent much time in reading Eliots Poems He has also written an ample introduction about modernism modernity modern literature and modern poetry which might be enough to understand the rise of modern poetry All of Eliots poems especially The Waste Land has presented readers with all the aspects of the modern life Life is depicted as a mirror broken and shattered into pieces as it is clear in the different parts of the poem Eliot unlike many poets did not leave the modern man lost in despair but he finds them their peace of mind by having a true and stable faith as well as their turning to God The only solution for the entire problems of modern man is to turn to God and neglect the world that completely occupied them spiritually Modern man has lost his values especially women by only looking after children many of them turned to prostitution because they did not have any source of income therefore they used that as a way to earn money to maintain life These are the characteristics of the modern city which are shared by all the countries especially Europe Eliot insists on the necessity of turning from world to God He believed that God can solve their problems because man or any other earthly power could not change that gloomy and aimless life which modern man complained against

*A Gift of the Spirit* Eugene Victor Wolfenstein, 2019-06-30 In A Gift of the Spirit Eugene Victor Wolfenstein offers a reading of W E B Du Bois s *The Souls of Black Folk* aimed at demonstrating its organic unity and coherence He takes as his interpretive key the experience of the color line with which Du Bois s narrative begins the incident from his youth in which a white girl refused his offer of a visiting card Wolfenstein contends that this instance of misrecognition makes visible an aesthetic and affective configuration involving insult and injury both racial and personal anger as the immediate response to the

humiliating wound and when that anger is suppressed a melancholy retreat from the site of injury As Wolfenstein reconstructs it Souls tells the story of Du Bois s twofold approach to waging the battle for recognition proud and disciplined resistance to the impositions and injustices of white supremacy and the development of an intellectual station above the field of battle where it could be surveyed from on high With its serious and respectful approach to this canonical work in African American social theory A Gift of the Spirit is a fitting tribute to the enduring relevance of Du Bois s singular achievement
