Deaths In Custody International Perspectives:

Deaths in Custody Alison Liebling, Tony Ward, 1994 The 15 papers in this international collection prepared under the auspices of the Institute for the Study and Treatment of Delinquency is concerned with suicide and death by poor health in prisons rather than with murder or death under torture by authorities It provides a comprehensive overview of the nature and extent of the problem the context of prison suicides approaches to prevention and solutions Private Prisons and Public Accountability Richard Harding, 2018-04-27 Private prisons have become an integral part of the penal system in the United States the United Kingdom and Australia There already are over 100 such prisons in these countries and with the number of prisoners continuing to increase rapidly the trend toward privatization seems irreversible In this context Richard Harding addresses the following issues the contributions positive or negative that private prisons make to providing custody for offenders whether or not private prisons stimulate improvement within the public prison system and the difficulties with the regulation and accountability of private prisons This book sets out to explore the contribution of private prisons to custodial practices standards and objectives Many experts believe that properly regulated and fully accountable private prisons could lead to improvement within the public prison system which has long been degenerate and demoralized Harding sees the total prison system as a single entity with two components public and private He relies upon extensive fieldwork and draws upon published literature as well as in house documentation discussions with public and private authorities and a range of government documents Key issues covered in *Private Prisons and Public Accountability* are overcrowding program delivery prisoners rights quality of staff and financial control This volume will be a significant addition to the criminal justice literature but it will also appeal to sociologists policymakers and scholars interested in the privatization of various institutions in our society **Legal Medicine in History** Michael Clark, Catherine Crawford, 1994-06-09 A collection of essays on the social history of legal medicine including case studies on infanticide abortion coroners inquests and criminal insanity *Handbook of Forensic Mental Health* Keith Soothill, Paul Rogers, Mairead Dolan, 2012-08-21 This is a comprehensive reference book on the subject of forensic mental health looking at what forensic mental health is and its assessment management and treatment It focuses on key topics and the issues underpinning them in contemporary society The book includes an account of the historical development of forensic mental health along with a description of the three mental health systems operating in the UK an in depth analysis of the forensic mental health process and system including an analysis of the different systems applied for juveniles and adults an examination of the main issues in forensic mental health including sex offending personality disorders and addiction a breakdown of the key skills needed for forensic mental health practice This is an authoritative reference book which will be a crucial text for practitioners academics and students in the forensic mental health field The Health of Prisoners , 2020-01-29 In eighteenth century Britain gaols were places of temporary confinement where inmates stayed while awaiting punishment With the rise of the penitentiary from the early

nineteenth century custodial institutions housed prisoners for much longer periods of time Prisoners were supposed to be reformed as well as punished during their incarceration From at least the time of John Howard 1726 1790 the health of prisoners has been part of the concern of philanthropists and others concerned with the wider functions of prisons The Victorians established a Prison Medical Service and members of the medical profession have long been involved in caring for the mental and physical needs of prisoners For two centuries prison overcrowding has been identified as a major cause of mortality and morbidity in prisons Historical debates thus often have a modern ring to them which make the essays in this volume particularly timely

EBOOK: Controversial Issues In Prisons David Scott, Helen Codd, 2010-05-16 Controversial Issues in Prisons is a textbook designed to explore eight of the most controversial aspects of imprisonment in England and Wales today It is primarily a book about the people who are sent to prison and what happens to them when inside Each chapter examines a different dimension of the prison population and draws upon the sociological imagination to make connections between the personal troubles and vulnerabilities of those incarcerated with wider structural divisions which plague the society we live in The book investigates controversies surrounding the incarceration of people with mental health problems women children foreign nationals offenders with suicidal ideation sex offenders drug takers and the collateral consequences of incarceration on prisoners families Each chapter on these eight substantive topics shares a common structure and answers the following key questions How have people conceptualised this penal controversy What does the official data tell us and what are its limitations What is its historical context What are the contemporary policies of the Prison Service Are they legitimate and if not what are the alternatives Ultimately the authors argue that in combination these controversial issues raise fundamental concerns about the legitimacy of the confinement project and the kind of society in which it is deemed essential The book concludes with a discussion of why it remains important to make penal controversies visible challenge penological illiteracy and provide alternative means of responding to human wrongdoing rooted in the principles of human rights and social justice

Negotiating Responsibility in the Criminal Justice System Jack B. Kamerman, 1998 With this collection of essays Jack Kamerman presents the first sustained examination of one of the underpinnings of the operation of the criminal justice system the issue of responsibility for actions and as a consequence the issue of accountability

Criminalizing Women, 2nd Edition Gillian Balfour, Elizabeth Comack, 2021-01-10 T00:00:00Z Criminalizing women has become all too frequent in these neo liberal times Meanwhile poverty racism and misogyny continue to frame criminalized women's lives Criminalizing Women introduces readers to the key issues addressed by feminists engaged in criminology research over the past four decades Chapters explore how narratives that construct women as errant females prostitutes street gang associates and symbols of moral corruption mask the connections between women's restricted choices and the conditions of their lives The book shows how women have been surveilled disciplined managed corrected and punished and it considers the feminist strategies that have been used to address the impact of imprisonment

and to draw attention to the systemic abuses against poor and racialized women In addition to updating material in the introductions and substantive chapters this second edition includes new contributions that consider the media representations of missing and murdered women in Vancouver s Downtown Eastside the gendered impact of video surveillance technologies CCTV the role of therapeutic interventions in the death of Ashley Smith the progressive potential of the Inside Out Prison Exchange Program and the use of music and video as decolonizing strategies
