The Tenth Planet Edmund Cooper,2013-07-25 The Dag Hammarskjold takes off from Woomera Australia for the new human settlement on Mars Planet Earth is being eaten away by uncontrollable pollution starvation and disease Its life expectancy is nil This is the last spaceship its passengers the last people on earth with any hope But it is never to reach its objective Five thousand years later its captain wakes up to a new world undiscovered in his time and to a bitter experience he must fight alone **Seahorse in the Sky** Edmund Cooper,2011-09-29 At first he though it was all part of some crazy nightmare But it wasn t Russell Grahame M P was one of a handful of passengers flying from Stockholm to London One moment flying peacefully in the sky the next lying in an un Earthly green coffin Grahame was the first to emerge from this strange resting place But for him as well as for the others it had been only the ecliptical experience Soon all were to find themselves lost in a bizarre world of Mediaeval knights Stone Age warriors and gremlins caught unalterably in the weirdest cocoon of Time *The Overman Culture* Edmund Cooper,2011-09-29 A boy s struggle to grasp the forbidden truth about his world Michael was quite young when he discovered that some of his playmates bled if they cut themselves and some didn t

For a long time he didn't think about it Nor did it seem strange to see Zeppelins being attacked by jet fighters above London's force field or glimpse Queen Victoria walking with Winston Churchill in the Mall Not at first But later he thought about these things he couldn't help it The world was real and yet unreal It was all desperately worrying So Michael and his friends formed a society to investigate the world around them Despite the terrible things they discovered things that made some of them insane they never actually guessed the truth about the Overman culture Until Mr Shakespeare told them Kronk

Edmund Cooper,2012-12-14 The Day Gabriel Chrome a failed book sculptor contemplating suicide on the Thames Embankment stumbled on the suicide bid of the naked Camilla Greylaw was a day of hopeful redemption for a corrupt and violent world For the lovely form that he chanced to preserve was the sole carrier of a contagious venereal disease A bug which could inhibit the aggressive instinct rendering total placidity in all humans At once Gabriel's life has new meaning and purpose To save mankind becomes his hardened ambition But mankind seems far from hope **The Expendables: The Wargames of Zelos** Edmund Cooper,2012-12-14 Zelos seemed an ideal planet for colonization Possessing one large continent and numerous archipelagos it had a climate and vegetation comfortably like that of Earth Captain James Conrad and his crew of Expendables started on their initial reconnaissance of the planet For the first time they found human beings already in residence But this was a society remote from anything they had ever before experienced For the Emperor of this strange world controlled his domain through the great annual War Games Only the fittest could survive and only they were allowed to procreate Through this death control the population was limited to twenty thousand There was only one way the Expendables could get permission to establish a colony on Zelos Risking their own lives they must compete in the dreaded War Games And somehow they must win *The Expendables: The Venom of Argus* Edmund Cooper,2011-09-29 The Expendables had struck it lucky at last After grappling with the revolting Death Worms of Kratos the deadly Rings of Tantalus and the weirdly anachronistic military society of Zelos their fourth mission looked an easy one Argus was an earth type planet with one major continent comfortably covered with vegetation But that was before The Expendables encountered the deadly harpoon tree or the low lying plant which grasped greedily at anyone who dared to set foot on it or the hornets that paralyzed their victims so as to enjoy their food in peace Worst of all the lurking horrors of Argus was the deadly hallucinogenic pollen which turned quiet Santa Maria crew members into vicious maniacs The Uncertain Midnight

Edmund Cooper,2011-09-29 They called him the Survivor a 20th Century man reborn in 2113 After a devastating atomic holocaust mankind had now turned to the machine to solve his problems Which led to the androids descended from the robot they were hardly distinguishable from real humans By the year 2113 they ran society leaving man to a life of leisure It was into this world that John Markham emerged after spending 146 years of suspended animation in an underground deep freeze unit But his new lease of life was likely to be a short one A man with his outdated ideas could be very dangerous a fact the androids realized only too well **A Far Sunset** Edmund Cooper,2011-09-29 The year is 2032 A D The Gloria Mundi a star

ship built and manned by the new United States of Europe touches down on the planet Alatair Five Disaster strikes leaving only one apparent survivor an Englishman named Paul Marlow whose adventures in the lair of the strange primeval race known as the Bayani leads him firstly to their God the omnipotent and omniscient Oruri and eventually to an unlimited power that is so great it must include an in built death sentence The forces that have remained static for centuries overcome both the forces of the future and the quest for unlimited knowledge *Who Needs Men?* Edmund Cooper,2013-05-20 IT WAS EXTERMINATION DAY THE REMAINING MEN WERE TO BE HUNTED DOWN Rura Alexandra Madam Exterminator had recently graduated into a 25th century world where men had become biologically less important where women could reproduce as they wished by cloning and parthenogenesis Her task was simple in theory if not in practice to wipe out the last few thousand men who had taken refuge in the Highlands of Scotland But an ambush near Lock Lomond led to rape and the killing of her fellow exterminators And Diarmid MacDiarmid the last remaining rebel chieftain proved too much of a fascination *Transit* Edmund Cooper,2011-09-29 It lay in the grass tiny and white and burning He stooped put out his fingers And then there was nothing Nothing but darkness and oblivion A split second demolition of the world of Richard Avery From a damp February afternoon in Kensington Gardens Avery is precipitated into a world of apparent unreason A world in which his intelligence is tested by computers and which he is finally left on a strange tropical island with three companions and a strong human desire to survive But then the mystery deepens for there are two moons in the sky and the rabbits have six legs and there is a physically satisfying reason for the entire situation **The Expendables: The Rings of Tantalus** Edmund Cooper,2011-09-29 First they went to Kratos and faced the Deathworms Then they went on to Tantalus and tried to fathom the Rings which could only have been fabricated with the help of highly sophisticated machinery And then they discover an alien spaceship orbiting the planet in strict silence and incommunicability When they finally boarded the vessel it was obvious that it had been derelict for centuries as a result of some dreadful battle Meanwhile down below the enigmatic Rings lay waiting to deal with intruders as they did the deadly vampire tree Once again Commander James Conrad and his team of Expendables faced their mission to find planets suitable for colonization The second of a new series of books The Rings of Tantalus seems guaranteed to further launch Richard Avery as a very special writer of modern science fiction novels And there are more to come **Edmund Cooper SF Gateway Omnibus** Edmund Cooper,2014-02-06 From the SF Gateway the most comprehensive digital library of classic SFF titles ever assembled comes an ideal sample introduction to the fantastic work of Edmund Cooper A respected critic and writer whose work spanned four decades Cooper began publishing SF in the 1950s and often portrayed a bleaker view of the future than many of his contemporaries Cooper's works tended to depict unconventional heroes facing unfamiliar and remote environments often in post apocalyptic settings This omnibus contains three titles that have been out of print for many years THE CLOUD WALKER ALL FOOLS DAY and A FAR SUNSET
