

The background of the entire cover is a photograph of a rural landscape. A light-colored dirt path starts in the lower right and winds its way towards the center of the frame, disappearing into the distance. The path is flanked by lush green grass and some low-lying shrubs. In the background, rolling hills and distant mountains are visible under a sky filled with heavy, grey clouds. The overall tone is atmospheric and somewhat somber.

Debatable Land:

The Debatable Land Michael Burn,1970 **The Debatable Land** Graham Robb,2018-02-08 A book worth reading
Andrew Marr Sunday Times The Debatable Land was an independent territory which used to exist between Scotland and England At the height of its notoriety it was the bloodiest region in Great Britain fought over by Henry VIII Elizabeth I and James V After the Union of the Crowns most of its population was slaughtered or deported and it became the last part of the country to be brought under the control of the state Today its history has been forgotten or ignored When Graham Robb moved to a lonely house on the very edge of England he discovered that the river which almost surrounded his new home had once marked the Debatable Land s southern boundary Under the powerful spell of curiosity Robb began a journey on foot by bicycle and into the past that would uncover lost towns and roads reveal the truth about this maligned patch of land and result in more than one discovery of major historical significance Rich in detail and epic in scope The Debatable Land takes us from a time when neither England nor Scotland could be imagined to the present day when contemporary nationalism and political turmoil threaten to unsettle the cross border community once more Writing with his customary charm wit and literary grace Graham Robb proves the Debatable Land to be a crucial missing piece in the puzzle of British history Includes a 16 page colour plate section **Debatable Land** Candia McWilliam,2011-08-01 Set on a sailing boat as it travels from Tahiti to New Zealand Debatable Land is a story of memory childhood and longing On board Ardent Spirit are the painter Alec Dundas escaping a destructive failed relationship Logan Urquhart the restless skipper his troubled second wife Elspeth who fears Logan is slipping away from her Nick and Sandro two marine nomads and Gabriel an attractive young woman who captivates the men As the ship sails from island to island the inner dramas of these six disparate individuals spill over into their relationships with one another But when a storm arrives they are wrenched from the personal and forced to face the present danger The Debateable Land Between this World and the Next ... Robert Dale Owen,1871 Romanticism's Debatable Lands C. Lamont,M. Rossington,2007-04-17 This book uses the theme of debatable lands to explore aspects of writing in the Romantic period Walter Scott brought it to a wider public and the phrase came to be applied to debates which were intellectual political or artistic These debates are pursued in a collection of essays grouped under the headings such as Britain and Ireland **The History of Liddesdale, Eskdale, Ewesdale, Wauchopedale and the Debateable Land: "From the Twelfth Century to 1530."** Robert Bruce Armstrong,1883 *DEBATABLE LAND* GRAHAM. ROBB,2018 **I Succeeded Once** Marie Hansen Fels,2011-05-01 In I Succeeded Once The Aboriginal Protectorate on the Mornington Peninsula 1839 1840 Marie Fels makes the work of William Thomas accessible to anthropologists archaeologists historians and the descendants of the Aboriginal people he wrote about More importantly people who live work study holiday or just have a general interest in the area from Melbourne to Point Nepean can learn about the original inhabitants who walked the land before it was cleared for agriculture and urban development Of course development of the Mornington Peninsula is

ongoing and this book will help those involved in development or the management of Aboriginal cultural heritage to identify document and protect Aboriginal places that may not be identifiable through archaeological investigations alone Marie Fels supplements Thomas s writings with other contemporary accounts and her exhaustive historical research sheds new light on critical events and the significant places of the Boon Wurrung people Of particular importance is the critical review of information about the kidnapping of Boon Wurrung people from the Mornington Peninsula **The Review of Reviews**

Papers Relating to Scotland and Mary, Queen of Scots 1547-1603 Preserved in the Public Record Office, the British Museum, and Elsewhere in England ,1890 Scottish Highlanders in Colonial Georgia: The Recruitment, Emigration, and Settlement at Darien, 1735-1748 Anthony W. Parker,2010-07-01 Between 1735 and 1748 hundreds of young men and their families emigrated from the Scottish Highlands to the Georgia coast to settle and protect the new British colony These men were recruited by the trustees of the colony and military governor James Oglethorpe who wanted settlers who were accustomed to hardship militant in nature and willing to become frontier farmer soldiers In this respect the Highlanders fit the bill perfectly through training and tradition Recruiting and settling the Scottish Highlanders as the first

line of defense on the southern frontier in Georgia was an important decision on the part of the trustees and crucial for the survival of the colony but this portion of Georgia's history has been sadly neglected until now By focusing on the Scots themselves Anthony W Parker explains what factors motivated the Highlanders to leave their native glens of Scotland for the pine barrens of Georgia and attempts to account for the reasons their cultural distinctiveness and old world experience aptly prepared them to play a vital role in the survival of Georgia in this early and precarious moment in its history *Spy Artist Prisoner: My Life in Romania Under Fascist and Communist Rule* Tomaziu, George, 2024-09-11 Romanian artist George Tomaziu expected to be imprisoned for monitoring German troop movements during the Second World War He also expected that after the war and his release he might be honoured for fighting Fascism Instead the new Communist government sent him back to prison and stranded him there for 13 years This is his memoir **Selected Works of Arthur Willis Colton** Arthur Willis Colton, 2020-09-28 IN the Fall of the year when Krakatoa blew its head off in the East Indies and sent its dust around the world I fell sick of a fever in the city of Portate which is on the west coast of South America Portate had the latest brand of municipal enterprise and the oldest brand of fever But they call any kind of sickness a fever there to save trouble and bury the alien with as little trouble as possible I started for home and came as far as Nassau which is a town in the Bahamas There a wasted and dismal shape I somehow fell into the hands of one Dr Ulswater who tended and medicined by back into the world of sunlight and other interesting objects Nassau runs up the side of a bluff and overlooks a blue and dimpled harbour Dr Ulswater at last began to take me with him to lie on the rocks and watch him search in the harbour shoals for small cuttlefish He used a three pronged spear to stir them out of their lairs and a long knife to put into their vital points with skilful surgery They waved and slapped their wild blistered arms around his neck and shoulders while he poked placidly into their vitality So being entertained and happy I recovered from yellow fever By that time my handsome name given by parents who recognised my merits Christopher Kirby had come down handily in Dr Ulswater's usage to Kit and we loved each other as two men can who are to each other a perpetual entertainment Dr Ulswater was a large bushy man in the prime of a varied life Born an American he had studied in German universities practised medicine in Italy and afterward in Ceylon One of his hobbies was South American archaeology He owned a silver mine in Nevada and kept a sort of residence in New York at this time and was collecting specimens for a New England museum So that he was what you might call a distributed man for he had been in most countries of the globe yet he was not a globe trotter but rather a floater in a manner resembling sea weed that drifts from place to place but wherever it drifts or clings is tranquil and accommodating He seemed to me suitable to the tropics and their seas large easy and warm of body his learning like the sea mysterious and bottomless his mind luxuriously fertile but somewhat ungoverned His idioms were mixed his conversations opalescent his criticism of himself was that he had not personality enough No my dear he said wrapping a dead cuttlefish up neatly in its own arms I am like a cuttlefish whose vital point is loose You are an ignorant person with prepossessions beyond belief and

absurd deferences for clothing and cleanliness but you have personality and entertaining virtues Therefore I will let you smoke two cigars to night instead of one and to morrow maybe three for your sickness is becoming an hypocrisy Then we went over the rocks to our boat and the sulky sleepy negro boatman the doctor with his flabby bundled cuttlefish and I with a basket full of coral and conch shells The boatman rowed us out over a sea garden with submerged coral grottos pink and white coral branching and the brain coral sea fans and purple sea feathers coral shrubs coral in shelving masses also sponges and green hanging moss and yellow emerald and scarlet fish silver satin ringed fringed spotted all deep beneath in their liquid deluding atmosphere a cold vision outlandish brilliant and grotesque over which we floated and looked down
