

The background of the book cover is a close-up, slightly angled view of the American flag. The stars are visible in the upper left, and the red and white stripes are prominent in the lower right. The flag's texture and colors are clearly visible.

# DEBATING DEMOCRACY'S DISCONTENT

ESSAYS ON AMERICAN POLITICS,  
LAW, AND PUBLIC PHILOSOPHY

EDITED BY ANITA L. ALLEN AND MILTON C. REGAN, JR.

# Debating Democracys Discontent

**Paul Ginsborg**

## Debating Democracies Discontent:

**Debating Democracy's Discontent** Anita L. Allen, Milton C. Regan, 1998-10-15 In this timely and provocative volume some of the world's leading political and constitutional theorists come together to debate Michael Sandel's celebrated thesis that the United States is in the grip of a flawed public philosophy procedural liberalism Beginning with an original stage setting introduction by Ronald Beiner and ending with a reply by Michael Sandel Sandel's liberal and feminist critics square off with his communitarian and civic republican sympathizers in a lively and wide ranging discussion spanning constitutional law culture and political economy Practical topical issues of immigration gay marriage federalism adoption abortion corporate speech militias and economic disparity are debated alongside theories of civic virtue citizenship identity and community Not only does this volume provide the most comprehensive and insightful critique of Sandel's Democracy's Discontent to date it also makes a very significant substantive contribution to contemporary political and legal philosophy in its own right It will prove essential reading for all those interested in the future of American politics law and public philosophy

**Theories of Democracy** Frank Cunningham, 2002 This is the first book to be published in this exciting new series on political philosophy Cunningham provides a critical and clear introduction to the main contemporary approaches to democracy participatory democracy classic and radical pluralism deliberative democracy catallaxy and others Also discussed are theorists in the background of current democratic thought such as Tocqueville Mill and Rousseau The book includes applications of democratic theories including an extended discussion of democracy and globalisation

The Cambridge Companion to Ancient Greek Political Thought Stephen G. Salkever, 2009-04-27 A guide to the central texts and problems in ancient Greek political thought from Homer through the Stoics and Epicureans

*Civic Republicanism and the Properties of Democracy* Erik J. Olsen, 2006-01-01 Taking the revival of civic republicanism as his point of departure Erik Olsen examines the relationship between property civic virtue and democracy in post socialist political thought Steering a course between the crass materialism that post socialists criticize and their own post materialist perspective Olsen outlines a theory of democratic stakeholding in which citizens have rights of inhabitation in their commonwealth

Talking Democracy Benedetto Fontana, Cary J. Nederman, 2010-11-01 While emphasising discursive and historical dimensions of democracy the resources available in the history of rhetorical theory and practice tend to be ignored This book aims to resurrect this history and show how attention to rhetoric can help lead to a better understanding of the strengths and limitations of theories of deliberative democracy

**Aristotle's Politics Today** Lenn E. Goodman, Robert B. Talisse, 2012-02-01 According to Aristotle man's essential sociality implies a distinctive conception of politics one in which all political associations exist for the sake of the moral perfection of human beings This stands in sharp contrast with the modern view of politics that man is not by nature political rather man chooses to create political associations for the sake of securing the protection of his life and property Many political theorists have begun to express doubts about this modern view calling for a return to Aristotle's vision of a

politics that is deeply moral In Aristotle s Politics Today distinguished political philosophers representing a diversity of approaches examine the meaning relevance and implications of Aristotle s political thought for contemporary social and political theory The contributors engage a broad range of topics including Aristotle s views on constitutionalism the extension of Aristotelian ideas to issues in international relations the place of Aristotelian virtue in modern democratic politics and Aristotle s conception of justice

**A Pragmatist Philosophy of Democracy** Robert B. Talisse,2013-08-21 In this book Robert B Talisse advances a series of pragmatic arguments against Deweyan democracy Drawing upon the epistemology of the founder of pragmatism Charles S Peirce Talisse develops a conception of democracy that is anti Deweyan but nonetheless pragmatist The result is a new pragmatist option in democratic theory

**Democracy After Liberalism** Robert B.

Talisse,2005 First Published in 2005 Routledge is an imprint of Taylor Francis an informa company

**Democracy in Question** Alan Keenan,2003 This book explores the theoretical paradoxes and practical dilemmas that flow from the still radical idea that in a democracy it is the people who rule and argues that accepting the open and uncertain character of democratic politics can lead to more sustainable and widespread forms of democratic engagement The author engages theorists from a range of democratic thought Rousseau Arendt Benhabib Sandel Laclau and Mouffe to show how each either ignores or downplays the difficulties that democratic principles pose Though there can be no entirely valid solution to the paradoxes that plague democracy the author nonetheless argues that democratic politics particularly under contemporary conditions of social fragmentation and insecurity urgently requires new practical and rhetorical strategies The book concludes by addressing the American context elaborating the need for a language of democratic engagement less ensnared in the anti political logic of moralism and resentment that now characterizes the American political spectrum

**Silvio Berlusconi** Paul Ginsborg,2020-05-05 Silvio Berlusconi a self made man with a taste for luxurious living owner of a huge television empire and the politician who likened a German MEP to a Nazi concentration camp guard small wonder that much of democratic Europe and America has responded with considerable dismay and disdain to his governance of Italy Paul Ginsborg contemporary Italy s foremost historian explains here why we should take Berlusconi seriously His new book combines historical narrative Berlusconi s childhood in the dynamic and paternalist Milanese bourgeoisie his strict religious schooling a working life which has encompassed crooning large construction projects and the creation of a commercial television empire with careful analysis of Berlusconi s political development While highlighting the particular italianita of Berlusconi s trajectory Ginsborg also finds international tendencies such as the distorted relationship between the media system and politics Throughout Ginsborg suggests that Berlusconi has gotten as far as he has thanks to the wide open space left by the strategic weaknesses of modern left wing politics

**Encyclopedia of Modern Political Thought (set)** Gregory Claes,2013-08-20 This groundbreaking new work explores modern and contemporary political thought since 1750 looking at the thinkers concepts debates issues and national traditions that have shaped political thought from the Enlightenment to

post modernism and post structuralism Encyclopedia of Modern Political Thought is two volume A to Z reference that provides historical context to the philosophical issues and debates that have shaped attitudes toward democracy citizenship rights property duties justice equality community law power gender race and legitimacy over the last three centuries It profiles major and minor political thinkers and the national traditions both Western and non Western which continue to shape and divide political thought More than 200 scholars from leading international research institutions and organizations have provided signed entries that offer comprehensive coverage of Thought of regions and countries including African political thought American political thought Australasian political thought Australian and New Zealand Chinese political thought Indian political thought Islamic political Thought Japanese political thought and more Thought regarding contemporary issues such as abortion affirmative action animal rights European integration feminism humanitarian intervention international law race and racism and more The ideological spectrum from Marxism to neoconservatism including anarchism conservatism Darwinism and Social Darwinism Engels fascism the Frankfurt School Lenin and Leninism socialism and more Connections of political thought to key areas of politics and other disciplines such as economics psychology law and religion Notable time periods of political thought since 1750 Concepts including class democratic theory liberalism nationalism natural and human rights and theories of the state Theorists and political intellectuals both Western and non Western including John Adams Edmund Burke Mohandas Gandhi Immanuel Kant Ayatollah Khomeini Ernst Friedrich Schumacher George Washington and Mary Wollstonecraft

**The Perils of Populism** Adebowale Akande, 2023-11-29 In today s evolving democratic landscape The Perils of Populism The End of the American Century offers an extensive investigation into the phenomenon of populism and its potential threats to U S democracy Esteemed contributors and long time populism observers provide historical and analytical insights delving into the personalization of political conflicts the cultivation of populist politics and the propensity for insults and violence within the realm of American politics This thought provoking volume presents a comprehensive analysis of the American system of government and presidency shedding light on the influence of tribalism cronyism nepotism and the utilization of masculinist identity politics Through illuminating examples and incisive narratives the book explores key principles highlights the complexities of the American political landscape and offers constructive recommendations to address the challenges posed by plutocratic or authoritarian populism The book serves as an invaluable resource for researchers scholars and practitioners worldwide transcending geographical boundaries It uncovers the interplay between populist forces and anti democratic tendencies providing a deeper understanding of the current state of democracy and the urgent need for political reforms In an era marked by deep divisions and racial tensions this book provides an essential framework for comprehending the complex dynamics at play within the American political sphere

Richard Rorty, Liberalism and Cosmopolitanism David E McClean, 2015-10-06 Richard Rorty was one of the most controversial and influential philosophers of the late twentieth century McClean re evaluates Rorty s

work in the light of his liberal cosmopolitan outlook showing how it can be applied to a range of social and political issues

**The Ethical Dimensions of School Leadership** P.T. Begley, Olof Johansson, 2006-04-11 Among the many significant features of this volume is the dedication to the late Don Willower Professor of Education at Pennsylvania State University It is significant in light of Willower's long record of major contributions to the empirical literature in Educational Administration and his mentorship of many students steeped in the tradition of the so called science of administration These include scholars like Wayne Hoy and Peter Cistone who readily acknowledge their personal and intellectual debt to Willower How is it then that Willower a colleague of the giants of Educational Administration in the 60s and 70s people such as Dan Griffiths Jack Culbertson and Roald Campbell to name just a few came to associate himself with this relatively upstart group of academics and practitioners interested in values of all things As an inheritor of the mantle thrown down by Getzels and Guba all those years ago it might seem strange to see Willower consorting with people who argue about the distinction between fact and value It is true of course that Willower majored in philosophy at the State University of New York at Buffalo as an undergraduate So the language and the ways of thinking among many of those interested in values and ethics were not all that foreign to him He could certainly hold his own in debate with his friend Chris Hodgkinson the foremost philosopher of Educational Administration in the field today and a contributor to this volume **Cosmopolitanism** Stan van

Hooft, 2014-12-05 Cosmopolitanism is a demanding and contentious moral position It urges us to embrace the whole world into our moral concerns and to apply the standards of impartiality and equity across boundaries of nationality race religion or gender in a way that would have been unheard of even fifty years ago It suggests a range of virtues which the cosmopolitan individual should display virtues such as tolerance justice pity righteous indignation at injustice generosity toward the poor and starving care for the global environment and the willingness to take responsibility for change on a global scale This book explains and espouses the values of cosmopolitanism adjudicates between various forms of cosmopolitanism and defends it against its critics Cosmopolitanism has relevance for international distributive justice peace human rights environmental sustainability protection for minorities refugees and other oppressed groups democratic participation and inter cultural tolerance The book does not aim to impart factual information about global issues or to offer prescriptions for the solution of global problems Rather it highlights the ethical issues inherent in them and identifies the moral obligations that individuals multinational corporations and governments might have in relation to them While espousing a cosmopolitan form of global ethics a liberal form of politics sustainable and just forms of business practice and an internationalist approach to global conflict and governance it seeks to present as many sides of the ethical debates as can be supported by reasonable argument Discussing the work of Kwame Anthony Appiah Seyla Benhabib Martha Nussbaum Thomas Pogge John Rawls Amartya Sen Henry Shue Peter Singer and others this book provides a clear and accessible survey of cosmopolitanism and analyses the reality of the rights and responsibilities that it espouses The Oxford Handbook of Political Philosophy David

Estlund, 2012-07-19 This volume includes 22 new pieces by leading political philosophers on traditional issues such as authority and equality and emerging issues such as race and money in politics The pieces are clear and accessible will interest both students and scholars working in philosophy political science law economics and more A Companion to Greek and Roman Political Thought Ryan K. Balot, 2012-12-26 A COMPANION TO GREEK AND ROMAN POLITICAL THOUGHT Justice virtue and citizenship were at the center of political life in ancient Greece and Rome and were frequently discussed by classical poets historians and philosophers This Companion illuminates Greek and Roman political thought in all its range diversity and depth Thirty four essays from leading scholars in history classics philosophy and political science provide stimulating discussions of classical political thought ranging from the Archaic Greek epics to the final days of the Roman Empire and beyond These essays strike a judicious yet thought provoking balance between theoretical and historical perspectives A Companion to Greek and Roman Political Thought is an authoritative guide to the ancient Greek and Roman political questions that continue to shape and challenge the modern world **Liberalism Versus Conservatism** François B. Gérard, 2000 Everyone eschews labels yet we all seem to possess them in the minds of legions of politicians marketers and even the ever peering government We are being targeted daily by flaming liberals left wing liberals right wing conservatives compassionate conservatives religious conservatives and liberals pinko liberals middle of the road liberals conservatives and liberals pinko liberals middle of the road liberals and conservatives and of course by neoconservatives and neoliberals The search is on for kindred souls the types who will open their wallets to support whatever it is the hucksters are peddling But what do these concepts mean and do their torchbearers grasp the underlying philosophies or do they care This bibliography lists over hundreds of entries under each category which are then indexed by title an author **Encountering China** Michael J. Sandel, Paul J. D'Ambrosio, 2018-01-08 In Michael Sandel the Chinese have found a guide through the ethical dilemmas created by their swift embrace of a market economy one whose communitarian ideas resonate with China's own rich ancient philosophical traditions This volume explores the connections and tensions revealed in this unlikely episode of Chinese engagement with the West *Bargaining with the Machine* Robert M. Pallitto, 2020-08-17 Cell phone apps share location information software companies store user data in the cloud biometric scanners read fingerprints employees of some businesses have microchips implanted in their hands In each of these instances we trade a share of privacy or an aspect of identity for greater convenience or improved security What Robert M Pallitto asks in *Bargaining with the Machine* is whether we are truly making such bargains freely whether in fact such a transaction can be conducted freely or advisedly in our ever more technologically sophisticated world Pallitto uses the social theory of bargaining to look at the daily compromises we make with technology Specifically he explores whether resisting these bargains is still possible when the technologies in question are backed by persuasive even coercive corporate and state power Who he asks is proposing the bargain What is the balance of bargaining power What is surrendered and what is gained And are the perceived and the actual gains and

losses the same that is what is hidden At the center of Pallitto s work is the paradox of bargaining in a world of limited agency Assurances that we are in control are abundant whether we are consumers voters or party to the social contract But when purchasing goods from a technological behemoth like Amazon or when choosing a candidate whose image is crafted and shaped by campaign strategists and media outlets how truly free let alone informed are our choices The tension between claims of agency and awareness of its limits is the site where we experience our social lives and nowhere is this tension more pronounced than in the surveillance society This book offers a cogent analysis of how that complex contested and even paradoxical experience arises as well as an unusually clear and troubling view of the consequential compromises we may be making
