Debating Divorce Moral Conflict In Ireland

Mark D. Jacobs, Nancy Weiss Hanrahan

Debating Divorce Moral Conflict In Ireland:

Debating Divorce Michele Dillon, 1993-05-01 **Debating Divorce** Michele Dillon, 2021-03-17 In 1986 a national opinion poll indicated that over half of Irish voters favored an upcoming referendum to remove the constitutional ban on divorce. Yet after nine weeks of vigorous debate during which forces on both sides of the issue presented their cases to the public, the amendment was defeated. In *Debating Divorce*, Michele Dillon uses the divorce referendum debate in Ireland as a base from which to explore the long-standing sociological preoccupation with how societies decide questions of values. Focusing on culture and moral conflict, she examines the stances adopted by the major players in the debate: the government and the political parties, the Catholic Church, women, the print and broadcast media, and activists on both sides. Although the issues of moral conflict that Dillon discusses have special relevance in demarcating Irish cultural values, they also apply to how people in general reason about morals and values. The author highlights the nature of moral discourse, the use of contradictory arguments in moral reasoning, the difficulty of trying to shift moral paradigms during non-revolutionary times, and the impossibility of keeping facts and values distinct as people grapple with conflicting moral claims. Examining the divorce question within historical themes of economic insecurity and Catholic identity, Dillon argues that the discourses articulated during the debate illustrate a universal tension between the forces of tradition and those of modernity. She dissects Irish opposition to divorce in terms of current challenges to rationality and its association with progress and goodness. *Debating Divorce* will appeal to sociologists and scholars of Irish studies, communication, culture, and religion, as well as to general readers with an interest in Ireland or moral discourse.

The Politics of Sexual Morality in Ireland C. Hug, 2016-01-18 The research for this book was prompted by a combination of events, in particular the election of Mary Robinson to the Presidency and the X Case which rocked Irish society. The book is an exploration of the dynamics between the courts, the legislators, and the Irish citizens in relation to certain socio-sexual questions: divorce, contraception, abortion, and homosexuality. Spanning 73 years since the creation of the Irish State, *The Politics of Sexual Morality in Ireland* questions the nature of the moral order regulating Irish society and the concept of democracy underlying it. It examines the fragile balance struck between tradition and modernity.

Abortion and Divorce Law in Ireland Jennifer E. Spreng, 2015-03-12 In 1991 the people of Ireland elected Mary Robinson, a women's rights crusader who supported legalized birth control and divorce, as their president. The country seemed poised for massive social and legal change, but it became apparent that even though Ireland at the dawn of the 21st century would be very different from the Ireland of the past, many fundamentals would remain the same. This book examines Irish abortion and divorce law in their historical, religious, and cultural contexts. Its main focus is on the well-publicized referenda and court cases of the 1980s and 1990s, with special attention given to their roots and potential long-term effects on the communitarian Irish culture and opportunities for Irish women. The author identifies and discusses three forces that have affected Irish law and mores, especially those relating to abortion and divorce: economic insecurity, a sense of group

loyalty and identification particularly within families and churches and Catholic teaching about the common good

Cultural Sociology of Divorce Robert E. Emery, 2013-02-21 While the formal definition of divorce may be concise and straightforward legal termination of a marital union dissolving bonds of matrimony between parties the effects are anything but particularly when children are involved The Americans for Divorce Reform estimates that 40 or possibly even 50 percent of marriages will end in divorce if current trends continue Outside the U S divorce rates have markedly increased across developed countries Divorce and its effects are a significant social factor in our culture and others It might be said that a whole divorce industry has been constructed with divorce lawyers and mediators family counselors support groups etc As King Henry VIII s divorces showed divorce has not always been easy or accepted In some countries divorce is not permitted and even in Europe countries such as Spain Italy Portugal and the Republic of Ireland legalized divorce only in the latter quarter of the 20th century This multi disciplinary encyclopedia covers curricular subjects related to divorce as examined by disciplines ranging from marriage and the family to anthropology social and legal history developmental and clinical psychology and religion all through a lens of cultural sociology Features 550 signed entries A to Z fill 3 volumes 1 500 pages in print and electronic formats offering the most detailed reference work available on issues related to divorce both in the U S and globally Cross References and Further Readings guide readers to additional resources A Chronology provides students with context via a historical perspective of divorce In the electronic version the comprehensive Index combines with Cross References and thematic Reader s Guide themes to provide convenient search and browse capabilities For state and nation entries uniform entry structure combined with an abundance of statistics facilitates comparison between and across states and nations Appendices provide further annotated sources of data and statistics **A Just Society for Ireland? 1964-1987**

C. Meehan, 2013-10-15 Drawing on interviews with key players and previously unused archival sources this book offers a fascinating account of a critical period in Fine Gael s history when the party was challenged to define its place in Irish politics

Commemoration and Bloody Sunday B. Conway, 2010-03-03 In this wide ranging study of the politics of memory in Northern Ireland Brian Conway examines the career of the commemoration of Bloody Sunday and looks at how and why the way this historic event is remembered has undergone change over time Drawing on original empirical data he provides new insights into the debate on collective memory

Faith-Based Organizations and Social Welfare Paul Christopher Manuel, Miguel Glatzer, 2018-05-23 This volume examines the role and function of religious based organizations in strengthening associational life in a representative sample of West European countries newly democratized and long established democracies societies with and without a dominant religious tradition and welfare states with different levels and types of state provided social services It asks how faith based organizations in a time of economic crisis and with declining numbers of adherents might contribute to the deepening of democracy Throughout the volume invites social scientists to consider the on going role of faith based organizations in Western European civil society and investigates whether the

concept of muted vibrancy aids our theoretical understanding The Celtic Tiger Kieran Allen,2000 The only comparative analysis of the foreign policies of European Union member states Examines those policies which are Europeanised through the EU s processes and those policies which are retained or excluded from these processes Analyses the dual impact of the Maastricht Treaty on the European Union and the post Cold War environment on the foreign policy processes of the EU s member states Argues for a distinctive approach to the foreign policy analysis of EU states which recognises the fundamental changes that membership brings after the Cold War but also acknowledges the diverse role of policies which states seek to retain or advance as being special All the empirical chapters are structured by six sets of explanatory questions *The Scientific Study of Personal Wisdom* Michel Ferrari,Nic M. Weststrate,2014-01-08 The rich and diverse contributions to this volume span a wide variety of disciplines from psychology and philosophy to neuroscience by some of the most influential scholars in the emerging science of personal wisdom As such it is a collection of essential readings and the first publication to integrate both the spiritual and pragmatic dimensions of personal wisdom The content of the book goes beyond speculative theory to present a wealth of scientific research currently under way in this expanding field It also describes numerous promising methods now being deployed in the quest for scientific knowledge of the elusive yet critical phenomenon of personal wisdom The book is an excellent introduction to the field for novice researchers as well as a stimulating and enlightening resource for established experts Its broad appeal makes it a vital addition to the libraries of academics and practitioners in many disciplines from developmental psychology to gerontology and from philosophy to contemplative religious traditions such as Buddhism The Church Confronts Modernity Church Confronts Modernity Leslie Woodcock Tentler,2007-10 The Church Confronts Modernity assesses the history of Roman Catholicism since 1950 in the United States the Republic of Ireland and the Canadian province of Quebec **Irish Divorce** Diane Urquhart,2020-02-06 Spanning the island of Ireland over three centuries this first history of Irish divorce places the human experience of marriage breakdown centre stage to explore the impact of a highly restrictive and gendered law and its reform on Irish society **Nations under God** Anna M. Grzymala-Busse,2015-04-27 Why churches in some democratic nations wield enormous political power while churches in other democracies don t In some religious countries churches have drafted constitutions restricted abortion and controlled education In others church influence on public policy is far weaker Why Nations under God argues that where religious and national identities have historically fused churches gain enormous moral authority and covert institutional access These powerful churches then shape policy in backrooms and secret meetings instead of through open democratic channels such as political parties or the ballot box Through an in depth historical analysis of six Christian democracies that share similar religious profiles yet differ in their policy outcomes Ireland and Italy Poland and Croatia and the United States and Canada Anna Grzymala Busse examines how churches influenced education abortion divorce stem cell research and same sex marriage She argues that churches gain the greatest political advantage

when they appear to be above politics Because institutional access is covert they retain their moral authority and their reputation as defenders of the national interest and the common good Nations under God shows how powerful church officials in Ireland Canada and Poland have directly written legislation vetoed policies and vetted high ranking officials It demonstrates that religiosity itself is not enough for churches to influence politics churches in Italy and Croatia for example are not as influential as we might think and that churches allied to political parties such as in the United States have less influence than their notoriety suggests *The Anthropology of Ireland* Hastings Donnan, Thomas M. Wilson, 2020-08-04 Where and what is Ireland What are the identities of the people of Ireland How has European Union membership shaped Irish people's lives and interests How global is local Ireland This book argues that such questions can be answered only by understanding everyday aspects of Irish culture and identity Such understanding is achieved by paying close attention to what people in Ireland themselves say about the radical changes in their lives in the context of wider global transformation As notions of sex religion and politics are radically reworked in an Ireland being re imagined in ways inconceivable just a generation ago anthropologists have been at the forefront of recording the results The first comprehensive book length introduction to anthropological research on the island as a whole The Anthropology of Ireland considers the changing place in a changing Ireland of religion sex sport race dance young people the Travellers St Patrick's Day and much more

Foundations of Futures Studies, Volume 1 Wendell Bell, Futures studies is a new field of inquiry involving systematic and explicit thinking about alternative futures It aims to demystify the future make possibilities for the future more known to us and increase human control over the future Author Wendell Bell brings together futurist intellectual tools describing and explaining not only the methods but also the nature concepts theories and exemplars of the field Now available in paperback with a new preface from the author Foundations of Future Studies is the fundamental work on the subject Bell illustrates how this sphere of intellectual activity offers hope for the future of humanity and concrete ways of realizing that hope in the real world of everyday life His book will appeal to all interested in futures studies sociology economics political science and history *The Catholic Church and the Nation-State* Paul Christopher Manuel, Lawrence C. Reardon, Clyde Wilcox, 2006-08-16 Presenting case studies from sixteen countries on five continents The Catholic Church and the Nation State paints a rich portrait of a complex and paradoxical institution whose political role has varied historically and geographically In this integrated and synthetic collection of essays outstanding scholars from the United States and abroad examine religious diplomatic and political actions both admirable and regrettable that shape our world Kenneth R Himes sets the context of the book by brilliantly describing the political influence of the church in the post Vatican II era There are many recent instances the contributors assert where the Church has acted as both a moral authority and a self interested institution in the United States it maintained unpopular moral positions on issues such as contraception and sexuality yet at the same time it sought to cover up its own abuses it was complicit in genocide in Rwanda but played an important role in

ending the horrific civil war in Angola and it has alternately embraced and suppressed nationalism by acting as the voice of resistance against communism in Poland whereas in Chile it once supported opposition to Pinochet but now aligns with rightist parties With an in depth exploration of the five primary challenges facing the Church theology and politics secularization the transition from serving as a nationalist voice of opposition questions of justice and accommodation to sometimes hostile civil authorities this book will be of interest to scholars and students in religion and politics as well as Catholic Church clergy and laity By demonstrating how national churches vary considerably in the emphasis of their teachings and in the scope and nature of their political involvement the analyses presented in this volume engender a deeper understanding of the role of the Roman Catholic Church in the world

The Blackwell Companion to the Sociology of Culture Mark D. Jacobs, Nancy Weiss Hanrahan, 2008-04-15 This collection of original state of the art essays by prominent international scholars covers the most important issues comprising the sociology of culture Provides an invaluable reference resource to all interested in the cultural structures and processes that animate contemporary life Contains 27 essays on the most important issues comprising the sociology of culture including art science religions race class gender collective memory institutions and citizenship Reflects and analyzes the cultural turn that has transformed scholarship in the social sciences and humanities

New York University Journal of International Law & Politics New York University. International Law Society, 1993

At the Limits of the Secular William A. Barbieri Jr., 2014-07-12 This volume presents an integrated collection of constructive essays by eminent Catholic scholars addressing the new challenges and opportunities facing religious believers under shifting conditions of secularity and post secularity Using an innovative keywords approach *At the Limits of the Secular* is an interdisciplinary effort to think through the implications of secular consciousness for the role of religion in public affairs The book responds in some ways to Charles Taylor's magnum opus *A Secular Age* although it also stands on its own It features an original essay by David Tracy the most prominent American Catholic theologian writing today and groundbreaking contributions by influential younger theologians such as Peter Casarella William Cavanaugh and Vincent Miller
