Debating Organization Point Counterpoint In Organization Studies:

Debating Organization Robert Westwood, Stewart Clegg, 2009-02-04 This volume introduces readers to the central debates of organization studies through a series of point and counterpoint debates by major figures in the field Introduces readers to the central tensions and debates of organization studies Celebrates the productive heterogeneity of the field by placing competing perspectives side by side Includes contributions from major figures in the field Structured in an innovative point and counterpoint format

Debating Organization Robert Westwood, Stewart Clegg, 2003-05-07 This volume introduces readers to the central debates of organization studies through a series of point and counterpoint debates by major figures in the field Introduces readers to the central tensions and debates of organization studies Celebrates the productive heterogeneity of the field by placing competing perspectives side by side Includes contributions from major figures in the field Structured in an innovative point and counterpoint format

International Encyclopedia of Organization Studies Stewart Clegg, James R. Bailey, 2008 Describing the field spanning individual organisation societal and cultural perspectives in a cross disciplinary manner this is the premier reference tool for students lecturers academics and practitioners to gather knowledge about a range of important topics from the perspective of organisation studies

The Oxford Handbook of Sociology, Social Theory, and Organization Studies Paul S. Adler, Paul Du Gay, Glenn Morgan, Michael I. Reed, 2014 Sociology and social theory has always been a major source of new perspectives for organization studies Access to a series of authoritative accounts of theorists and research themes in sociology and social theory which have influenced developments in organization studies is essential for those wishing to deepen and extend their knowledge of the intersection of sociology and organization studies This goal is achieved by drawing on a group of internationally renowned scholars committed in their own work to strengthening these links and asking them to provide critical accounts of particular theorists and research themes which have straddled this divide This volume aims to strengthen ties between organization studies and contemporary sociological work at a time when there are increasing institutional barriers to such cooperation potentially generating a myopia that constricts new developments Used in conjunction with its companion volume *The Oxford Handbook of Sociology and Organization Studies Classical Foundations* the reader is provided with a comprehensive account of the productive and critical interaction between sociology and organization studies over many decades Highly international in scope theorists and themes are drawn from both the USA and Europe in equal measure Similarly the authors of the chapters are drawn from both sides of the Atlantic The result is a series of chapters on individuals and key research themes and debates which will provide faculty and post graduate researchers with appreciative authoritative and critical accounts that can be drawn on to design courses or provided guided reading to the field

Making Sense of the Organization, Volume 2 Karl E. Weick, 2012-01-12 *Making Sense of the Organization* elaborates on the influential idea that organizations are interpretation systems that scan interpret and learn These selected essays represent a new approach to the way managers learn and act in

response to their environment and the way organizational change evolves Readers of this volume will find a wealth of examples and insights which go well beyond thinking and cognition to explain action The author s ideas are at the forefront of our thinking on leadership teams and the management of change This book engages the puzzle of impermanence in organizing Through rich examples evocative language artful literature citing and imaginative connecting Weick re introduces core ideas and themes around attending interpreting acting and learning to unlock new insights about impermanent organizing The wisdom in this book is timeless and timely It prods scholars and managers of organizations to complicate their views of organizing in ways that enrich thought and action Jane E Dutton Robert L Kahn Distinguished University Professor University of Michigan The Sage Handbook of Organizational Research Methods Professor David Buchanan, Professor Alan Bryman, 2009-05-01 The SAGE Handbook of Organizational Research Methods provides a rich resource for organizational researchers locating the technical aspects of organizational research in the wider context of the relevant personal epistemological theoretical historical ethical and political issues David Buchanan and Alan Bryman have gathered together many of the world s leading writers on theory method and analysis in organizational research and have made this the most comprehensive and cutting edge volume in this ever growing field **Disorganization Theory** John Hassard, Mihaela Kelemen, Julie Wolfram Cox, 2008 The book presents a series of epistemological conceptual and methodological explorations appropriate to the development of critical organizational analysis **Humour, Work and Organization** Robert Westwood, Carl Rhodes, 2013-02-01 Accessible and amusing in style Humour Work and Organization explores the critical subversive and ambivalent character of humour work and comedy as it relates to organizations and organized work It examines the various individual organizational social and cultural means through which humour is represented deployed developed used and understood Considering the relationship between humour and organization in a nuanced and radical way and this book takes the view that humour and comedy are pervasive and highly meaningful aspects of human experience The richness and complexity of this relationship is examined across three related domains They are how humour is constructed enacted and responded to in organizational settings how organizations and work are represented comedically in various types of popular culture media how humour is used in organizations where there is a more explicit relationship between the comedic and work An exciting and controversial text Humour Work and Organization will appeal to students of all levels as well as anyone interested the full complexities of human interactions in the workplace **The Oxford Handbook of Critical Management Studies** Mats Alvesson, Todd Bridgman, Hugh Willmott, 2009-06-18 Critical Management Studies CMS has emerged as a movement that questions the authority and relevance of mainstream thinking and practice Critical of established social practices and institutional arrangements it challenges prevailing systems of domination and promotes the development of alternatives to them CMS draws upon diverse critical traditions Of particular importance for its initial articulation was the thinking of members of the Frankfurt School of Critical Theory From these

foundations CMS has grown into a pluralistic and inclusive movement incorporating a diverse range of perspectives ranging from labour process theory to radical feminism In recent times a set of ideas broadly labelled poststructuralist have been developed to complement and challenge the insights of Critical Theory giving new impetus for scholars seeking to challenge the status quo and articulate a more inclusive and humane future for management practice The Oxford Handbook of Critical Management Studies provides an overview of theoretical approaches key topics issues and subject specialisms in management studies as well as a set of reflections on the progress and prospects of CMS Contributors are all specialists in the respective fields and share a concern to interrogate and challenge received wisdom about management theory and practice Given the rapid growth of the CMS movement its ever increasing theoretical and geographical diversity and its outreach into the public sphere The Oxford Handbook of Critical Management Studies is a timely publication In addition to UK contributors where CMS has developed most rapidly there is strong representation from North American contributors as well as from areas where CMS has taken hold more recently such as Australasia

The Oxford Handbook of Gender in Organizations Savita Kumra, Ruth Simpson, Ronald J. Burke, 2014 This Handbook focuses on organizations and the way in which their processes and practices systematically work to produce gender inequities

Organization as Time François-Xavier de Vaujany, Robin Holt, Albane Grandazzi, 2023-07-06 The bulk of Management and Organization Studies deals with time as organization Time is performed organized enacted and as such is a locus of power In this edited book we stress the importance of organization as time Time is an organizing force The happening and becoming of collective activity its technologies its images keep empowering dominating or more rarely emancipating the fragile and ephemeral subjectivities of our world The turn to digitality in all aspects of contemporary life has made the organizing power of time more pervasive than ever How to describe organization as time How to explore the relationship between becoming duration images events non events or historicity and their relationships with power and emancipation These are the rich and varied challenges seized by this book by a team of leading scholars interested in time and temporality in the context of management and organization

Managing Uncertainty in Crisis Xiaoli Lu, 2017-11-07 This book studies the variety of organizational strategies selected to cope with critical uncertainties during crises This research formulates and applies an institutional sense making model to explain the selection of strategies for coping with uncertainties during crises to answer the question why some organizations select a rule based strategy to cope with uncertainties whereas others pursue a more ad hoc based strategy It finds that the level of institutionalization does not affect strategy selection in the initial phase of responding to crises that three rigidity effects can be identified in the selection of sense making strategies once organizations have faced the failure of their selected strategies that discontinuities in the feedback loop of sense making do not necessarily move organizations to switch their sense making strategies but interact with institutionalization to contribute to switching sense making strategies This book bridges the gap between institutional thinking and crisis management theorizing A major step

forward in the world of crisis management studies Professor Arjen Boin Leiden University the Netherlands In a world of increasingly complex sociotechnical systems interacting in high risk environments Professor Lu s analysis of how organizations manage uncertainty is both timely and profound Professor Louise K Comfort Director Center for Disaster Management University of Pittsburgh USA Prof Lu greatly enhances our understanding of how organizations cope with uncertainty and make sense of their challenges under the pressures of catastrophe Dr Arnold M Howitt Faculty Co Director Program on Crisis Leadership Harvard Kennedy School USA This book provides not only a theory of crisis management but also a key concept around which research and practice can be conducted Professor Naim Kapucu Director of School of Public Administration University of Central Florida USA A generic institutional model for analyzing and managing hazards disasters and crises worldwide Professor Joop Koppenjan Erasmus University Rotterdam the Netherlands This book has done an excellent job in opening the black box of how organizations make sense of the crisis situations they face and develop strategies to respond It should be read by all of us who wish for a peaceful and safe world Professor Lan Xue Dean of School of Public Policy and Management Tsinghua University China

Tourism and Entrepreneurship Jovo Ateljevic, Stephen J. Page, 2017-12-04 Tourism and Entrepreneurship International Perspectives provides an innovative interdisciplinary approach This book takes as its central theme the role of entrepreneurship in the context of regional local and national tourism development By engaging with top academics in both tourism and entrepreneurship this book delivers a cohesive interdisciplinary examination of the most recent developments in both tourism and entrepreneurship Several key themes are explored and articulated through the following concepts and issues tourism innovation and entrepreneurship the role and nature of individual and collective entrepreneurship in different contexts the role of tourism in responding to development opportunities created by global forces and finally issues associated with tourism strategies and policies Divided into four parts the book reflects on the most relevant areas of tourism entrepreneurship Understanding the conceptual basis of tourism entrepreneurship Creative use of entrepreneurship and processes of social innovation Tourism entrepreneurship mediating the global local divide Sectoral strategies and policy issues of tourism entrepreneurship Tourism and Entrepreneurship International Perspective Explains the impact of tourism entrepreneurship on places and overall regional and destination development Examines the role of the public sector in facilitating the need for sustainable tourism development Examines the effects and implications of funding schemes and support programmes Takes the owner manager and entrepreneur as the starting point of analysis to explore specific issues Allows practitioners and policy makers to explore practical applications and best practice of theory through a diverse range of international case studies Contributed to by an international team of leading scholars in tourism and entrepreneurship This book is a unique combination of theory case studies and discussion highlighting the importance of entrepreneurial tourism activity for economic success It is essential reading for students and researchers in both tourism and entrepreneurship

Media and Change Management Matthias

Karmasin, Sandra Diehl, Isabell Koinig, 2022-02-15 Change management is not just affected globally by environmental and social conditions including political and technological changes but also through convergence which helps conceptualize change over the past decades The media industry in particular is being challenged by the rise of social media the crisis of refinancing especially for quality news media the misinformation epidemic and the changing role of legacy media The evolving nature of media usage and communication the rise of produsage and influencers and intermediaries and their personalized algorithmic content are also factors that impact the industry along with data privacy and privacy management and the new responsibilities of companies such as sustainability agility and resilience etc This book focuses on permanent change management in the media and related industries It provides insights into the most common and crucial phenomena of media and change management in general while also revealing some more specific issues brought about by technical and social innovations The authors expand the meaning of media management beyond the management functions within the industry to include the management of different media The book serves as a useful guide for researchers students and practitioners alike as they are all affected by change processes **JIDR Vol 1 Number 1** IDRC Editors, 2012-06-06 The

International Doctoral Research Centre IDRC www.idrcentre.org was created by like minded researchers who wish to promote excellence in doctoral and post doctoral research The IDRC hosts two annual research seminars the European Research Seminar held in April and the American Research Seminar held in September For details about locations submission guidelines and other information about these annual seminars please visit www.idrcentre.org In addition to the two annual seminars the IDRC publishes an annual journal the Journal of International Doctoral Research JIDR This is the inaugural issue of the JIDR **Concise Introduction to Organization Theory** Michael Lounsbury, Joel

Gehman, 2024-05-02 In this Concise Introduction Michael Lounsbury and Joel Gehman set out an overview of organization theory that clarifies how to cultivate a robust scholarly identity in a field rich with diverse research traditions Providing a summary of rationalist pragmatic and co constitutive theories they highlight how scholars can meaningfully contribute to the academic conversation and maximize the practical relevance of their work **Handbook of Constructionist Research**

James A. Holstein, Jaber F. Gubrium, 2013-10-21 Constructionism has become one of the most popular research approaches in the social sciences But until now little attention has been given to the conceptual and methodological underpinnings of the constructionist stance and the remarkable diversity within the field This cutting edge handbook brings together a dazzling array of scholars to review the foundations of constructionist research how it is put into practice in multiple disciplines and where it may be headed in the future The volume critically examines the analytic frameworks strategies of inquiry and methodological choices that together form the mosaic of contemporary constructionism making it an authoritative reference for anyone interested in conducting research in a constructionist vein **The Oxford Handbook of Inter-organizational Relations** Steve Cropper, 2008 Inter organizational relations IOR the study of Strategic Alliances Joint Ventures Partnerships

Networks and other forms of relationship between organizations is a field of study that has burgeoned over the last four decades but is fragmented drawing contributions from a wide variety of disciplines theoretical bases and sectoral interests The Oxford Handbook of Inter Organizational Relations provides a structured overview of the field With contributions from leading international experts on their particular areas of expertise it is an authoritative introduction to its research findings The material is organized in three main sections The first relates to research that focuses on particular manifestations of IORs such as industry supply policy and project networks public and voluntary sector partnerships strategic alliances and so on The second section relates to research that stems from distinct disciplinary or theoretical bases including institutional theory social networks evolutionary theory transaction cost economics management process psychology critical theory political theory economic geography and the legal perspective The third section focuses on key topics in contemporary IOR topics or those that will become so in the future These include trust power development interventions social capital learning and knowledge dynamics and change and evaluation

Institutions and Ideology Peter Walgenbach, 2009-09-01 Contributes to the literature on the sociology of organizations and management especially to sociological institutionalism This title covers the empirical areas that range from technology and software development the brewing industry custodial facilities to the organization of birthing

Organizational Trust Roderick Moreland Kramer, 2006 Organizational Trust is a subject which has over the past decade become of increasing importance to organizational theory and research The book examines what trust is how it is developed and maintained its underpinnings manifestations and its fragility through a presentation and discussion of key readings
