Debs at War Anne de Courcy, 2012-12-20 An extraordinary account from firsthand sources of upper class women and the active part they took in the War Pre war debutantes were members of the most protected not to say isolated stratum of 20th century society the young 17 20 unmarried daughters of the British upper classes For most of them the war changed all that for ever It meant independence and the shock of the new and daily exposure to customs and attitudes that must have seemed completely alien to them For many the almost military regime of an upper class childhood meant they were well suited for the no nonsense approach needed in wartime This book records the extraordinary diversity of challenges shocks and responsibilities they faced as chauffeurs couriers ambulance drivers nurses pilots spies decoders factory workers farmers land girls as well as in the Women s Services How much did class barriers really come down Did they stick with their own sort And what about fun and love in wartime did love cross the class barriers *Debs at War 1939-1945* Anne De Courcy, Courcy de, Anne, 2007-02 This volume focuses on how wartime changed the lives of the most sheltered section of British society the young unmarried daughters of the upper classes **Debs at War** Anne De Courcy, Anne, 2006 This volume focuses on how wartime changed the lives of the most sheltered section of British society the young unmarried daughters of the upper classes **Debs at War 1939-1945** Anne De Courcy, 2005 Pre war debutantes were members of the most protected not to say isolated stratum of 20th century society the young 17 20 unmarried daughters of the British upper classes For most of them the war changed all that for ever It meant independence and the shock of the new and daily exposure to customs and attitudes that must have seemed completely alien to them This book will record in their own voices where possible the extraordinary diversity of challenges shocks and responsibilities they faced as chauffeurs couriers ambulance drivers nurses pilots spies decoders factory workers farmers land girls as well as in the Women s Services How much did class barriers really come down Did they stick with their own sort And what about fun and love in wartime did love cross the class barriers **Women at Work in World Wars I and II** Paul Chrystal, 2024-04-04 This book is about women in World Wars I II women working in factories and on farms or toiling perilously in field stations just behind the front lines in inhospitable hospitals and convalescent homes It is therefore about the prodigious contribution women made to the war efforts from 1914 1918 and 1939 1945 standing in for the men who had left their places of work for the various theatres of war from Greece and Italy to Belgium from Mesopotamia to France Their tasks were many and various keeping the troops supplied with shells bullets and explosives keeping the nation from starving to death keeping hundreds of thousands of wounded troops alive so that they might fight another day The book is in short the uplifting but sometimes tragic story of the many women who stepped up to work in the factories hospitals field stations in transport and in civil defense on the farms and shipyards or signed up to the various military and civil services during the two world wars of the 20th century wars to end all wars The book is different because it deals with women s labour in both world wars and in all occupations it covers

the discrimination and prejudice they faced from men at every level military and civilian even when they had demonstrated beyond doubt that they were quick learners industrious and proficient and usually as good as any man The book raises the embarrassing question why it has taken so long for the prodigious contribution women made in both wars to be recognized and why some women workers still remain air brushed from our military history after more than a century As it turned out little was beyond their capabilities and it is reasonable to suppose that without their huge efforts and accomplishments both wars might have turned out very differently for us *The Distant Hours* Kate Morton,2011-07-12 A long lost letter arriving at its destination fifty years after it was sent lures Edie Burchill to crumbling Milderhurst Castle home of the three elderly Blythe sisters where Edie s mother was sent to stay as a teenager during World War II **Sisters in Arms** Jeremy A. Crang,2020-09-03 Jeremy Crang provides a compelling new history of women who served with the British armed forces during the Second World War All the Rage Virginia Nicholson,2024-08-06 A panoramic social history that chronicles the quest for beauty in all its contradictions and how it affects the female body Who decides what is fashionable What clothes we wear what hairstyles we create what colour lipstick we adore what body shape is all the rage The story of female adornment from 1860 1960 is intriguingly unbuttoned in this glorious social history Virginia Nicholson has long been fascinated by the way we women present ourselves or are encouraged to present ourselves to the world Women have been fat or slim hyperthyroid or splenetic sallow or pink cheeked slouched or erect according to the prevalent notions of beauty Cecil Beaton *The Glass of Fashion* 1954 In this book we learn about rational dress suffragettes hats the Marcel wave the Gibson Girls corsets and the banana skirt At the centre of this story is the female body in all its diversity fat thin short tall brown white black pink smooth hairy wrinkly youthful crooked or symmetrical and relevant as ever in this context the vexed issues of body image and bodily autonomy We may even find ourselves wondering whose body is it In the hundred years this book charts the western world saw the rapid introduction of new technologies like photography film and eventually TV which for better and worse thrust women and female imagery out of the private and into the public gaze Bletchley Park's Secret Source Peter Hore,2021-03-23 A captivating history of the highly secret group of women who helped win the Second World War The World War II codebreaking station at Bletchley is well known and its activities documented in detail Its decryption capabilities were vital to the war effort significantly aiding Allied victory But where did the messages being deciphered come from in the first place This is the extraordinary untold story of the Y Service a secret even more closely guarded than Bletchley Park The Y Service was the code for the chain of wireless intercept stations around Britain and all over the world Hundreds of wireless operators many of them who were civilians listened to German Italian and Japanese radio networks and meticulously logged everything they heard Some messages were then used tactically but most were sent on to Station X Bletchley Park where they were deciphered translated and consolidated to build a comprehensive overview of the enemy s movements and intentions Peter Hore delves into the fascinating history of the Y service with particular reference to the girls of the Women s

Royal Naval Service Wrens who escaped from Singapore to Colombo as the war raged only to be torpedoed in the Atlantic on their way back to Britain the woman who had a devastatingly true premonition that disaster would strike on her way to Gibraltar the Australian who went from being captain of the English Women's Cricket team to a WWII Wren to the head of Abbotleigh girls school in Sydney how the Y service helped to hunt the German battleship Bismarck in the North Atlantic and how it helped to torpedo a Japanese cruiser in the Indian Ocean Together these incredible stories build a picture of World War II as it has never been viewed before We get to see how the work of individual Wrens helped in such operations as the interception and sinking of the Bismarck the Slapton Sands disaster several naval battles Channel Dash Matapan etc the ongoing small warship clashes in coastal waters convoy defense and more A good read for anyone interested in the naval side of the war in Europe or in the role of women in military service The NYMAS Review Will reward a patient reader with a remarkably intimate view into the lives and times of these hidden heroes Naval Historical Foundation **Rosemary Verey** Barbara Paul Robinson, 2012-08-30 The biography of the inspiring woman who found late in life success as a powerhouse of British garden design Booklist Rosemary Verey was a great English gardening legend Although she embraced gardening late in life she quickly achieved international renown She was the acknowledged apostle of the English style on display at her home at Barnsley House the must have adviser to the rich and famous including Prince Charles and Elton John and a wildly popular lecturer in America Born between the two World Wars she could have easily lived a predictable and comfortable life but a devastating accident changed everything Then with her architect husband she went on to create the gardens at their home that became a mandatory stop on every garden tour in the 1980s and 1990s At sixty two she wrote her first book followed by seventeen more in twenty years By force of character hard work and determination she tirelessly promoted herself and her garden lessons traveling worldwide to lecture sell books and spread her message She was a natural teacher encouraging her American fans to believe that they were fully capable of creating beautiful gardens while validating their quest for a native vernacular She also re introduced the English to their own gardening traditions Drawing from garden history and its literature she developed a language of classical formal design embellished with her exuberant planting style Rosemary Verey in her life as in her work was the very personification of the English garden style This book is for anyone who believes a garden makes one small part of this earth a little more beautiful **Nanny Knows Best** Katherine Holden, 2013-09-01 Not quite part of the family and more than just an employee idealised and demonised the nanny has always had a difficult role in family life Any discussion of nannies arouses strong emotions in those who have employed them and reveals a sometimes shocking range of experiences both for the nannies and for the children they looked after Winston Churchill as a child rarely saw his mother and idolized his nanny paying for fresh flowers to be maintained on her grave and keeping her portrait by his bedside till he died A nanny to the one of the principal landowning families in Dorset nearly starved their treasured heir to death while a Suffolk nanny found parting from one of her charges so traumatic that she

suffered a mental breakdown This book weaves personal stories viewed through the eyes of nannies mothers and children into a fascinating cultural history of the iconic British nanny Katherine Holden goes beyond the myths to discover where our tradition of employing nannies comes from and to explore the ways in which it has and has not changed over the past century From the Norland Nannies method and the magical Mary Poppins to the terrifying breach of trust in films The Nanny and The Hand that Rocks the Cradle to today s child tamer Supernanny our culture has alternately welcomed and rejected this approach to child care The tales told in this history reach to the heart of the nanny dilemma that parents still struggle with today *Guide to the Hoover Institution Archives* Charles G. Morris,2024-08-07 The Vietnam War ended nearly fifty years ago but the central paradox of the struggle endures how did the world s strongest nation fail to secure freedom for the Republic of Vietnam Michael F Morris addresses this vexing question by focusing on the senior Marine headquarters in the conflict s most dangerous region Known as I Corps the northern five provinces of South Vietnam witnessed the bloodiest fighting of the entire war I Corps also contained the Viet Cong s strongest infrastructure key portions of the Ho Chi Minh Trail and the important political and economic prizes of Hue and Da Nang For Americans it was the site of the first major military operation Operation STARLITE the Battles of Hue City and Khe Sanh during the 1968 Tet Offensive and a military innovation known as the Combined Action Platoon CAP a counterinsurgency technique designed to secure the region s villages The Marine zone served as Saigon s canary in the coal mine if the war was to be won allied action must succeed in its most contested region With such deep significance I Corps holds many answers to the lasting questions of the Vietnam War Following the Marine Amphibious Force III MAF the primary US tactical command in I Corps from 1965 to 1970 Corps Competency provides the first composite analysis of the critical role of the senior Marine headquarters and offers a coherence missing in piecemeal accounts Despite the critical importance of I Corps relatively little is known about its overall impact on the war due to disconnected and patchy historical study of the region In this comprehensive and newly insightful study of the Vietnam War Michael Morris tells a story that illustrates what can happen when a corps headquarters is not ready for the conflict it encounters and then fights the war it wants to rather than the one it must The views expressed in this work are those of the author and not the official position of the United States government Department of Defense Department of the Navy United States Marine Corps or Marine Corps University

*Private Members' Bills in the British Parliament* P. A. Bromhead, 2024-11-01 Originally published in 1956 P A Bromhead with this book filled a gap in the literature on the British Parliament by examining the role which Private Members Bills had to play in the modern political system at the time He describes in detail the procedure through which Private Members Bills had to pass and indicates the pitfalls which had to be negotiated He examines the proceedings on such bills during the previous fifty years with particular attention to the period since 1945 and observes the changes which had taken place in the habits of Parliament with regard to the types of bills introduced and the character of the debates on the bills The author pays particular attention to the role of the Government and of the parties in this field and suggests that a significant evolution was taking place so that Parliament was coming to assign a special place of positive value to these measures in a fairly distinct field of legislative activity Today it can be read in its historical context

*Last Curtsey* Fiona MacCarthy, 2011-07-07 Once upon a time the well bred daughters of Britain s aristocracy took part in a female rite of passage curtseying to the Queen But in 1958 this ritual was coming to an end Under pressure to shine not least from their mothers the girls became the focus for newspaper diarists and society photographers in a party season that stretched for months among the great houses of England Ireland and Scotland Fiona MacCarthy traces the stories of the girls who curtseyed that year and shows how their lives were to open out in often very unexpected ways as Britain itself changed irreversibly during the 1960s and the certainties of the old order came to an end

*The Development of British Immigration Law*

Vaughan Bevan, 2022-11-16 The Development of British Immigration Law 1986 examines the policies and laws of immigration law in the UK It demonstrates that many modern issues have historical precedents The justifications for immigration control are examined and linked to a discussion of nationality law and race relations It is argued that the laws and practices of immigration are unnecessarily rigid and racist both in design and in effect that the record of the UK is a sorry chapter in the field of human rights but one which is consistent with international state practice that immigration is an ideal model to illustrate the UK's general treatment of civil liberties Particular aspects of the subject are examined in depth to illustrate the attitudes of government the courts and civil servants
