Decades Of Discord 1922 1939:

More than Just Games Richard Menkis, Harold Troper, 2015-01-01 Held in Germany the 1936 Olympic Games sparked international controversy Should athletes and nations boycott the games to protest the Nazi regime More Than Just Games is the history of Canada's involvement in the 1936 Olympics It is the story of the Canadian Olympic officials and promoters who were convinced that national unity and pride demanded that Canadian athletes compete in the Olympics without regard for politics It is the story of those Canadian athletes mostly young and far more focused on sport than politics who were eager to make family friends and country proud of their efforts on Canada's behalf And finally it is the story of those Canadians who led an unsuccessful campaign to boycott the Olympics and deny Nazi Germany the propaganda coup of serving as an Olympic host Written by two noted historians of Canadian Jewish history Richard Menkis and Harold Troper More than Just Games brings to life the collision of politics patriotism and the passion of sport on the eve of the Second World War **Padres in No Man's Land, Second Edition** Duff Crerar, 2014-08-01 Padres in No Man's Land is the compelling story of brave and deeply committed army chaplains who brought faith and courage to Canada's troops during one of history's most devastating wars Tracing the growth of the Canadian Chaplain Service from its chaotic and controversy ridden early days to its maturation as an efficient field force Duff Crerar highlights both the role of the Service on the battlefield and the personal experiences of the chaplains Refuting the widely held view that chaplains serving overseas were cloistered from front line realities Crerar describes the padres' experiences in camps hospitals and on the battlefield He examines how they maintained their faith in the face of death and destruction and explores the bonds forged between chaplains and troops Padres in No Man's Land concludes in the postwar era with the decline of the chaplains' hopes for spiritual renewal upon their return to Canada their dreams dashed not by the war but by the subsequent peace John Buchan J. William Galbraith, 2013-08-10 Soldier spy politician bestselling thriller writer and governor general of Canada John Buchan was a man of many seasons and talents An accomplished Scottish journalist soldier head of intelligence and Member of Parliament John Buchan 1875-1940 is best known for penning thrillers such as The Thirty Nine Steps However as Canada's 15th governor general 1935-40 Buchan 1st Baron Tweedsmuir played a significant leadership role as a statesman and diplomat Buchan was the first governor general appointed after the 1931 Statute of Westminster which gave Canada constitutional equality with Britain He worked tirelessly for Canadian unity and promoted the sovereignty and loyalty to the sovereign of Canada In 1937 he founded the Governor General's Awards still Canada's premier prizes for literary achievement Lord Tweedsmuir helped draw Canada Britain and the United States closer together to strengthen the democracies threatened by Nazism and Fascism He was an inspiration to several of his successors and still inspires us today Making Do Denyse Baillargeon, Yvonne Klein, 2014-05-27 Annotation Interviews Montreal francophone women who were already married at the beginning of the 1930s to reveal their strategies for coping with poverty Their recollections shed light on the impact of the economic crisis on women's household

duties during the Depression and give insight on their lives and the living conditions of the working class

The Dominion of Youth Cynthia Comacchio, 2008-10-08 Adolescence like childhood is more than a biologically defined life stage it is also a sociohistorical construction The meaning and experience of adolescence are reformulated according to societal needs evolving scientific precepts and national aspirations relative to historic conditions Although adolescence was by no means a discovery of the early twentieth century it did assume an identifiably modern form during the years between the Great War and 1950 The Dominion of Youth Adolescence and the Making of Modern Canada 1920 to 1950 captures what it meant for young Canadians to inhabit this liminal stage of life within the context of a young nation caught up in the self formation and historic transformation that would make modern Canada Because the young at this time were seen paradoxically as both the hope of the nation and the source of its possible degeneration new policies and institutions were developed to deal with the problem of youth This history considers how young Canadians made the transition to adulthood during a period that was developmental both for youth and for a nation also working toward individuation During the years considered here those who occupied this dominion of youth would see their experiences more clearly demarcated by generation and culture than ever before With this book Cynthia Comacchio offers the first detailed study of adolescence in early twentieth century Canada and demonstrates how young Canadians of the period became the nation's first modern teenagers

Consuming Modernity Cheryl Krasnick Warsh, Dan Malleck, 2013-08-23 Positioning consumer culture in Canada within a wider international context Consuming Modernity explores the roots of modern Western mass culture between 1919 and 1945 when the female worker student and homemaker relied on new products to raise their standards of living and separate themselves from oppressive traditional attitudes Mass produced consumer products promised to free up women to pursue other interests shaped by marketing campaigns advertisements films and radio shows Concerns over fashion personal hygiene body image and health reflected these new expectations This volume is a fascinating look at how the forces of consumerism defined and redefined a generation

A Propensity to Protect W.H. Heick, 2006-01-01 For Canada the last century was one of great social and economic change an increasingly urban population witnessed shifts from an agricultural to a mixed economy and from moderate to greater wealth Heick chronicles how changing attitudes toward butter and margarine reflected the nature of that society He demonstrates how the ban on the manufacture importation and sale of margarine was instigated in 1986 at the behest of the nascent yet influential dairy industry particularly in Ontario This ban was based on the premise that margarine was not a pure food Despite the lifting of the ban in 1918 23 margarine would only appear as a permanent fixture of the Canadian food spectrum after World War II The author contends that post World War II urbanization and a desire to enjoy a more prosperous life after wartime stringencies were instrumental in this change It was increasingly difficult for the Canadian dairy industry to meet the nation's growing dairy requirements Margarine was no longer viewed as impure in fact it was now recognized as being a wholesome food and substitute for butter Heick's important study of the Canadian butter

margarine competition brings to light how the lengthy debate manifested itself in political economic and social milieux
