A Decembered Grief Journal Set Harold Ivan Smith,2001-08 From an author who understands grief and has the ability to write about it with healing clarity comes a companion journal to Decembered Grief that complements the illustrations and insights found in the book and encourages griever to acknowledge and reflect on the loss while embracing the hope of Christ The Solicitors' Journal ,1885 *The Solicitors' Journal and Reporter* ,1885 *The Law Journal* ,1886 A Collection of Cato's Political Letters in The London Journal, to December 17, Inclusive, 1720 John Trenchard,Thomas Gordon,1721 **Joe Namath, Game by Game** Bryan L. Yeatter,2014-01-10 This is a comprehensive reference work covering Joe Namath's entire professional football career following it season by season and game by game After a lengthy opening chapter discussing Namath's college career and his enormous impact on professional football after turning pro in 1965 the book proceeds to chronicle every game of his pro career Chapter 6 documents Super Bowl III while the concluding chapter sizes up Namath's career and addresses the debate over his Hall of Fame status Roses in December Marilyn Willett Heavilin,2006-04-01 Used for years by individuals grief counselors and support groups *Roses in December* has helped readers understand the grieving process support family members give insight into sibling grief and maintain their marriages during difficult times This newly revised edition offers the same compassion and encouragement plus chapters on losing loved ones under special circumstances such as suicide and AIDS With deep empathy Marilyn helps those who are grieving find God's comfort Having lost three sons she knows the tremendous sorrows and struggles that come with the death of loved ones Yet she shares how even in the winters of our lives God provides roses special occasions special people and special memories to give us strength and draw close to Him Mere Equals Lucia McMahon,2012-08-22 In *Mere Equals* Lucia McMahon narrates a story about how a generation of young women who enjoyed access to new educational opportunities made sense of their individual and social identities in an American nation marked by stark political inequality between the sexes McMahon's archival research into the private documents of middling and well to do Americans in northern states illuminates educated women's experiences with particular life stages and relationship arcs friendship family courtship marriage and motherhood In their personal and social relationships educated women attempted to live as the mere equals of men Their often frustrated efforts reveal how early national Americans grappled with the competing issues of women's intellectual equality and sexual difference In the new nation a pioneering society pushing westward and unmooring itself from established institutions often enlisted women's labor outside the home and in areas that we would deem public Yet as a matter of law women lacked most rights of citizenship and this subordination was authorized by an ideology of sexual difference What women and men said about education how they valued it and how they used it to place themselves and others within social hierarchies is a highly useful way to understand the ongoing negotiation between equality and difference In public documents difference overwhelmed equality because the formal exclusion of women from political activity and from

economic parity required justification McMahon tracks the ways in which this public disparity took hold in private communications By the 1830s separate and gendered spheres were firmly in place This was the social and political heritage with which women s rights activists would contend for the rest of the century
