

Decentralizing Development The Political Economy Of Institutional Change In Columbia And Chile

Paul W. Drake, Eric Hershberg

Decentralizing Development The Political Economy Of Institutional Change In Columbia And Chile:

Decentralizing Development Alan Angell, Pamela Lowden, Rosemary Thorp, 2023 Decentralisation has become a fashionable policy prescription among reformers in Latin America But how does it work in practice This book seeks to answer this question by examining the experience of seven provincial towns in Colombia and Chile *Neo-Liberalism, State Power and Global Governance* Simon Lee, Stephen McBride, 2007-09-09 This book explores the relationship between neo liberalism state power and global governance exploring national differences in the exercise of state power in a variety of industrialized and developing economies Among the strengths of this volume are its detailed global scope its range of case studies in diverse policy areas its analysis and critique of neo liberalism in theory and practice and its impact upon state power and global governance *Decentralizing the State* Kathleen O'Neill, 2005-06-06 This book first published in 2005 explores the location and dynamics of power within the state focusing on a recent wave of decentralizing reforms that have swept across both developed and developing countries in recent years Variation in the timing of reform across countries only vaguely relates to the genesis of an international consensus pushed by big lenders and development banks or the reemergence of democracy in decentralizing countries The book develops a theory linking decentralization s adoption to the electoral concerns of political parties decentralization represents a desirable strategy for parties whose support at subnational levels appears more secure than their prospects in national elections It examines this argument against experiences in Bolivia Colombia Ecuador Peru and Venezuela and speculates on how recent political changes may affect decentralization s shape and extent in coming years **Recentralisation in Colombia** Julián D. López-Murcia, 2021-12-04 This book tackles the question of how to characterise and account for recentralisation in Colombia between central and lower levels of government across a 26 year period Around the world the COVID 19 pandemic has once again put the distribution of responsibilities resources and authority between different levels of government at the heart of political debate This book brings this issue to light as a topic central to the study of public administration Drawing on extensive fieldwork with more than a hundred interviews with former presidents ministers members of congress governors local mayors and subnational public officials as well as documentary sources it begins with a historical account of recentralisation processes in the world It then proposes a theoretical framework to explain these processes before tracing and carefully comparing recentralisation episodes in Colombia using theory guided process tracing OECD Territorial Reviews: Chile 2009 OECD, 2009-07-27 Chile has achieved strong economic growth Yet there are large regional disparities revealing underutilised growth potential This report recommends moving towards a territorial approach to better adapt public management to the different opportunities of the diverse territories of the country **The Political Economy of Macroeconomic Policy Reform in Latin America** Eduardo Wiesner, 2009-01-01 This book is a must read for anyone interested in policy reforms in Latin America The author combines tremendous experience in the field and deep knowledge of economic theory a rare combination Alberto Alesina

Harvard University US One of the key contributions of this book is its insistence on the importance of policy institutional and political accountability for evaluating and enhancing macroeconomic performance and for reducing inequality John B Taylor Stanford University and Hoover Institution US Dr Wiesner combines a command of modern political and economic theories and detailed knowledge of Latin America to clarify why reform of policies and institutions has proved so difficult in that region His general conclusion is that initial conditions of inequality and poverty reduce the demand for reform but he finds that the process manifests itself differently in different countries He identifies several necessary conditions for breaking out of these vicious circles Scholars and practitioners alike can learn from his impressively thorough and detailed analysis

Avinash K Dixit Princeton University US This book argues insightfully that underdevelopment is the result of the political economy difficulties some countries have in the effectiveness of public expenditures in general and of social pro poor expenditures in particular The policy implication is that reform strategies should focus on identifying the wrong political incentives in public expenditures Ricardo Hausmann Harvard University US Eduardo Wiesner s book makes an important contribution to the understanding of development by blending together the interdependent issues of i macroeconomic performance and volatility ii equity and distributive justice iii fiscal deficits and the redistributive effectiveness of social public expenditures and iv the demand for the right institutions and for policy reform in Latin America It does this by examining recent macroeconomic crises from a political economy perspective and finds that information is the critical algorithm that links together the demand for macroeconomic stability macroeconomic performance and ultimately distributive justice This volume is geared toward those interested in the political economy of development and policy reform in general and in Latin America including academics policy makers and the general reader **From Pinochet to the**

'Third Way' Marcus Taylor,2006-06-20 This is a comprehensive analysis of three decades of neoliberal policies in Chile from the Pinochet dictatorship until today Chile is often described as a model of neoliberal development policy Marcus Taylor questions this description Examining the contradictions of neoliberalism he demonstrates how it has created a society that is deeply ridden with inequalities Taylor shows how the tensions that arose from this social inequality led to the emergence of a Third Way neoliberalism in the post dictatorship period Taylor argues that this new development paradigm has failed This is a result of the inability of Third Way neoliberalism to transform social relationships and institutions The nature of this failure affects the direction of popular movements for social change in Latin America during a time of renewed social and political upheaval Handbook on Decentralization, Devolution and the State Lago, Ignacio,2021-10-19 Taking a multidisciplinary

approach to the dynamics of political and economic decentralization in contemporary regimes this comprehensive Handbook offers a critical examination of how the decentralization of governance affects citizen well being *Colombia: A Country Study* Rex A. Hudson,2010-09-08 Treats in concise and objective manner the dominant historical social political economic and national security aspects of contemporary Colombia Chapter bibliographies appear at the end of the book **Handbook**

of Latin American Studies, Vol. 61 Lawrence Boudon, 2006-04-01 The one source that sets reference collections on Latin American studies apart from all other geographic areas of the world The Handbook has provided scholars interested in Latin America with a bibliographical source of a quality unavailable to scholars in most other branches of area studies Latin American Research Review Beginning with volume 41 1979 the University of Texas Press became the publisher of the Handbook of Latin American Studies the most comprehensive annual bibliography in the field Compiled by the Hispanic Division of the Library of Congress and annotated by a corps of more than 140 specialists in various disciplines the Handbook alternates from year to year between social sciences and humanities The Handbook annotates works on Mexico Central America the Caribbean and the Guianas Spanish South America and Brazil as well as materials covering Latin America as a whole Most of the subsections are preceded by introductory essays that serve as biannual evaluations of the literature and research under way in specialized areas The Handbook of Latin American Studies is the oldest continuing reference work in the field Lawrence Boudon of the Library of Congress Hispanic Division has been the editor since 2000 and Katherine D McCann has been assistant editor since 1999 The subject categories for Volume 61 are as follows
Anthropology Economics Geography Government and Politics Political Economy International Relations Sociology

Governance in Post-Conflict Societies Derick W. Brinkerhoff, 2007-01-24 This volume explores questions of rebuilding governance in post conflict societies from an interdisciplinary perspective focusing on three interconnected gaps that arise in fragile states deficits in legitimacy effectiveness and security
The Mapuche in Modern Chile Joanna Crow, 2013-01-20 The Mapuche are the most numerous most vocal and most politically involved indigenous people in modern Chile Their ongoing struggles against oppression have led to increasing national and international visibility but few books provide deep historical perspective on their engagement with contemporary political developments Building on widespread scholarly debates about identity history and memory Joanna Crow traces the complex dynamic relationship between the Mapuche and the Chilean state from the military occupation of Mapuche territory during the second half of the nineteenth century through to the present day She maps out key shifts in this relationship as well as the intriguing continuities Presenting the Mapuche as more than mere victims this book seeks to better understand the lived experiences of Mapuche people in all their diversity Drawing upon a wide range of primary documents including published literary and academic texts Mapuche testimonies art and music newspapers and parliamentary debates Crow gives voice to political activists from both the left and the right She also highlights the growing urban Mapuche population Crow's focus on cultural and intellectual production allows her to lead the reader far beyond the standard narrative of repression and resistance revealing just how contested Mapuche and Chilean histories are This ambitious and revisionist work provides fresh information and perspectives that will change how we view indigenous state relations in Chile
Decentralization for high-quality education F. Henry Healey, Luis Crouch, 2012-08-29 As developing countries seek to improve the quality of their education systems one approach they are considering is

decentralization But transforming a centralized system into one that is decentralized and high quality is a complex undertaking one that requires among other things a coherent design This report details an approach for creating a viable design for a high quality decentralized education system an approach that is premised on sound principles such as economies of scale speed of transaction and customer satisfaction and which has effective schools as the focal point of the method

Revolutionary Social Change in Colombia James J. Brittain,2009-12-09 Although they are one of the most powerful military forces in Latin American history little is known about the Revolutionary Armed Forces of Colombia People s Army FARC EP This book explains why this political military movement came into existence and assesses whether the methods employed by the insurgency have the potential to free those marginalised in Colombia By evaluating the FARC EP s actions ideological construction and their theoretical placement the book gauges how this guerrilla movement relates to revolutionary theory and practice and through what tangible mechanisms if any they are creating a new Colombia

Latin America Transformed Robert N Gwynne,Kay Cristobal,2014-04-23 Restructured to offer a more thematic approach Designed to be more student friendly with new features including chapter summaries a glossary of Spanish phrases and acronyms All the chapters have been substantially revised and a new chapter on livelihoods and place as well as a concluding chapter have been added All the chapters have been substantially revised and a new chapter on livelihoods and place as well as a concluding chapter have been added

State and Society in Conflict Paul W. Drake,Eric Hershberg,2006-06-25 State and Society in Conflict analyzes one of the most volatile regions in Latin America the Andean states of Colombia Venezuela Ecuador Peru and Bolivia For the last twenty five years crises in these five Andean countries have endangered Latin America s democracies and strained their relations with the United States As these nations struggle to cope with demands from Washington on security policies emphasizing drugs and terrorism neoliberal economics and democratic politics their resulting domestic travails can be seen in poor economic growth unequal wealth distribution mounting social unrest and escalating political instability The contributors to this volume examine the histories politics and cultures of the Andean nations and argue that due to their shared history and modern circumstances these countries are suffering a shared crisis of deteriorating relations between state and society that is best understood in regional not purely national terms The results in some cases have been semi authoritarian hybrid regimes that lurch from crisis to crisis often controlled through force though clinging to a notion of democracy The solution to these problems whether through democratic authoritarian peaceful or violent means will have profound implications for the region and its future relations with the world

Presidents, Governors, and the Politics of Distribution in Federal Democracies Lucas I. González,2016-03-10 Tensions between central authorities and subnational units over centralization and fiscal autonomy are on top of the political agenda in many developing federal countries This book examines historical changes in the balance between the resources that presidents and governors control and the policy responsibilities they have to deliver It focuses on Argentina and Brazil the most

decentralized federal countries in Latin America with the most powerful sub national governments in the region Using formal modelling statistical tools and comparative historical analyses it examines substantive shifts in the allocation of resources and the distribution of administrative functions and explains under which conditions these changes occur In doing so it presents theoretical and comparative implications for the study of fiscal federalism and the functioning of developing federal democracies This text will be of key interest to scholars and students of federalism intergovernmental relations decentralization and sub national politics and more broadly to those studying comparative politics democratization political elites public policy and economics South America, Central America and the Caribbean 2002 Jacqueline West, 2001 South America Central America and the Caribbean 2002 has been thoroughly revised and updated by Europa s experienced editorial team The information included is as invaluable to those who know little of the region as it is to the seasoned businessman or academic It should be in the reference collections of public and academic libraries international organizations trade and industrial companies diplomats government and the media Containing a wealth of up to date information on the 48 countries and territories of the region this reference provides a unique perspective on the region with its exhaustive collection of facts up to date statistics extensive directory details and expert comment South America, Central America and the Caribbean 2003 Europa Publications, 2002 Introductory surveys cover topics of regional importance individual country chapters include analysis statistics and directory information plus information on regional organizations **The Emerald Handbook of Public Administration in Latin America** B. Guy Peters, Carlos Alba Tercedor, Conrado Ramos, 2021-01-12 This handbook presents contemporary research on public administration in Latin America The first section explores the range of administrative systems in existence across the region The second portion of the book discusses important topics such as public personnel management accountability and policy coordination in Latin America

Decentralizing Development The Political Economy Of Institutional Change In Columbia And Chile is an essential topic that must be grasped by everyone, ranging from students and scholars to the general public. This book will furnish comprehensive and in-depth insights into Decentralizing Development The Political Economy Of Institutional Change In Columbia And Chile, encompassing both the fundamentals and more intricate discussions.

1. The book is structured into several chapters, namely:
 - Chapter 1: Introduction to Decentralizing Development The Political Economy Of Institutional Change In Columbia And Chile
 - Chapter 2: Essential Elements of Decentralizing Development The Political Economy Of Institutional Change In Columbia And Chile
 - Chapter 3: Decentralizing Development The Political Economy Of Institutional Change In Columbia And Chile in Everyday Life
 - Chapter 4: Decentralizing Development The Political Economy Of Institutional Change In Columbia And Chile in Specific Contexts
 - Chapter 5: Conclusion
2. In chapter 1, the author will provide an overview of Decentralizing Development The Political Economy Of Institutional Change In Columbia And Chile. This chapter will explore what Decentralizing Development The Political Economy Of Institutional Change In Columbia And Chile is, why Decentralizing Development The Political Economy Of Institutional Change In Columbia And Chile is vital, and how to effectively learn about Decentralizing Development The Political Economy Of Institutional Change In Columbia And Chile.
3. In chapter 2, this book will delve into the foundational concepts of Decentralizing Development The Political Economy Of Institutional Change In Columbia And Chile. The second chapter will elucidate the essential principles that need to be understood to grasp Decentralizing Development The Political Economy Of Institutional Change In Columbia And Chile in its entirety.
4. In chapter 3, this book will examine the practical applications of Decentralizing Development The Political Economy Of Institutional Change In Columbia And Chile in daily life. The third chapter will showcase real-world examples of how Decentralizing Development The Political Economy Of Institutional Change In Columbia And Chile can be effectively utilized in everyday scenarios.
5. In chapter 4, the author will scrutinize the relevance of Decentralizing Development The Political Economy Of Institutional

Change In Columbia And Chile in specific contexts. The fourth chapter will explore how Decentralizing Development The Political Economy Of Institutional Change In Columbia And Chile is applied in specialized fields, such as education, business, and technology.

6. In chapter 5, this book will draw a conclusion about Decentralizing Development The Political Economy Of Institutional Change In Columbia And Chile. This chapter will summarize the key points that have been discussed throughout the book. The book is crafted in an easy-to-understand language and is complemented by engaging illustrations. This book is highly recommended for anyone seeking to gain a comprehensive understanding of Decentralizing Development The Political Economy Of Institutional Change In Columbia And Chile.
