Lying and Deception in Everyday Life Michael Lewis,Carolyn Saarni,1993-02-05 I speak the truth not so much as I would but as much as I dare Montaigne All cruel people describe themselves as paragons of frankness Tennessee Williams Truth and deception like good and evil have long been viewed as diametrically opposed and unreconcilable Yet few people can honestly claim they never lie In fact deception is practiced habitually in day to day life from the polite compliment that doesn t accurately relay one s true feelings to self deception about one s own motivations What fuels the need for people to intricately construct lies and illusions about their own lives If deceptions are unconscious does it mean that we are not responsible for their consequences Why does self deception or the need for illusion make us feel uncomfortable Taking into account the sheer ubiquity and ordinariness of deception this interdisciplinary work moves away from the cut and dried notion of duplicity as evil and illuminates the ways in which deception can also be understood as a adaptive response to the demands of living with others The book articulates the boundaries between unethical and adaptive deception demonstrating how some lies serve socially approved goals while others provoke distrust and condemnation Throughout the volume focuses on the range of emotions from feelings of shame fear or envy to those of concern and compassion that motivate our desire to deceive ourselves and others Providing an interdisciplinary exploration of the widespread phenomenon of lying and deception this volume promotes a more fully integrated understanding of how people function in their everyday lives Case illustrations humor and wit concrete examples and even a mock television sitcom script bring the ideas to life for clinical practitioners behavioral scientists and philosophers and for students in these realms

Love and Death Ross Channing Reed PhD,2009-02-10 Philosopher Ross Reed Ph D refers to an eclectic array of thinkers in Love and Death an Existential Theory of Addiction in particular existential philosophers Soren Kierkegaard 1813 1855 and Jean Paul Sartre 1905 1980 According to Dr Reed addiction is usually the result of existential or life conditions rather than underlying physiological problems Therefore it may involve not only drugs or alcohol but also relationships belief systems activities and even emotional states Anything that can serve to deflect ones consciousness from reflectively apprehending the task of becoming oneself can serve as an object of addiction If the object is another person one might ask whether in fact addiction can masquerade as love Is it possible to believe that you are in love with someone when in fact you are merely addicted to him or her In this creative and provocative work Reed argues that Sartres theory of love is in fact a theory of addiction

Love Is

Kim Sorrelle,2021-12-07 Engage with a love that transcends social experiments and leads to a radically transformed life Even non Christians are familiar with the Love Chapter of 1 Corinthians read at weddings painted on decorative signs and preached regularly from the pulpit Love is patient love is kind love is The words are so familiar they almost lack meaning a Christianese version of live laugh love But what happens when these verses are taken seriously What would it take for someone to live out the Love Chapter as literally as possible That was the question Kim Sorrelle set out to answer during her yearlong experiment Using 1 Corinthians 13 as a road map she focused on one phrase at a time seeking to understand its true meaning and how it could motivate every daily action And she didn t just look at the best known parts of the passage but also the parts we don t think too deeply about love does not boast does not dishonor others doesn t keep a record of wrongs and more In her attempts to live the Love Chapter to the letter Kim journeyed all the way to Haiti where she met people who both tested and displayed love to its limits From irritating employees to sexist short term missionaries to curse wielding women to the profoundly kind nuns her encounters are filled with rueful self reflection and comical commentary as well as a new understanding of the nuances and power of true love in action Kim s transformation into someone who truly loves like Jesus will challenge readers to think more deeply about how they can manifest love in their own lives and will reveal the power of Christlike devotion that is unwearied and humble contented and forgiving Above all her exploration is an incredible encounter with the filling strengthening love of God a love that truly never fails *Christian Essentials* Felix

The Troubled Land and the King Christopher Oghogho Egbo,2015-10-09 This is a story that was discovered of a community that was never having the habit of warring However it got to a time that the wealth of the land attracted other neighbouring communities who felt this land must be taken away from these people who originally settled here by the means of continued wars since the people were found to be very feeble to wars This however didnt go down well with one of the young men who from so many stories he heard of his grandfather while the grandfather was still alive as regarding who were the real owners of this land that is now becoming a troubled land decided to take some serious risk and measures This he did by travelling out of his home town in search for power acquisition from various goddesses in other regions Again as times and days grew older then the young man after creating fame for himself decided to be rebellious against those who ennobled him and thereby causing the people more troubles His attitude became so unbearable few years after his coronation as the King He was regarded as the peoples death trap The Kings uncompromising attitude brought fears into the land and its people This led to those who couldnt stand these troubles to run for their dear lives And as a result of these troubles in the land and the Kings aggressive drives many settlements which later in the years grew into villages and towns were founded This thereby led to this community expanding into many parts of the district and beyond Though some of these settlements were founded in virgin land that were never occupied by people which the people still lived in them till date As times kept on drifting the people became restive of the King and this led the warriors and the elders of the community to plan the death of the King However while the people were making every frantic effort to have the King dead the King was facing more troubles with his wives and children
